

PNEUMONIA

follows a cold, but never follows the use of

FOLEY'S HONEY AND TAR

It stops the cough and heals the lungs and prevents a cold from settling on your lungs and resulting in Pneumonia, Pleurisy, or Consumption.

You are in no danger of serious results if FOLEY'S HONEY AND TAR is taken, as it soothes and heals the inflamed air passages and the cough disappears.

Be sure and get FOLEY'S HONEY AND TAR, as preparations containing opiates stop the cough temporarily by paralyzing the nerves in the throat and leave the germs of serious lung trouble and you get one cold on another because the first one was not cured perfectly.

Saved Her Life From Pneumonia.

"My wife had a severe attack of Pneumonia which followed a severe attack of La Grippe and I believe that FOLEY'S HONEY AND TAR saved her life," writes James Coffee, of Raymond, Missouri.

Dr. C. J. Bishop, Agnew, Mich., writes: "I have used FOLEY'S HONEY AND TAR in three very severe cases of Pneumonia with good results in every case."

Cured When Very Low With Pneumonia.

J. W. Bryan, of Lowder, Ill., writes: "My little boy was very low with Pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY AND TAR. The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered."

HERMISTON CONTEST IS ENDED

Swayze Is Victor Over J. R. Means in Election Case.

After two days of wrangling over the law points involved, the flooding of the records with technical objections interposed and the befuddling of the five weary jurors with learned disquisitions with and recitations of the authorities, says Wednesdays' Tribune, the Hermiston election case was decided in the circuit court Tuesday afternoon by Judge Bean instructing the jury to return a verdict for the defendant, F. B. Swayze and against the plaintiff, J. R. Means.

Notice of appeal was immediately given by the attorneys for Means.

During the trial of the case both sides practically admitted that the election was illegally held, but as this was not the point at issue the court did not pass upon it.

The court sustained the returns of the canvassing board which held one ballot, that would have elected Means, to be defective. This left 47 votes to each candidate for councilman.

The county board in canvassing the returns considered the tie and, with the power vested under the law, chose Swayze, as councilman. This choice was upheld by the instructions to the jury which returned a verdict without leaving the jury box.

Another councilman's election is to be held in Hermiston in December and there are deep mutterings as to what either side is going to do to the other at that time.

His Dear Old Mother.

"My dear old mother, who is now eighty three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles. by Wm. McBride, Druggist, 50c.

CLAIMS HE IS NOT GUILTY

Young Man Under Arrest Blames His Employer.

Willard Brown, under arrest at Pendleton, charged with embezzlement from the Garden City Packing Company, accuses Reinhold Harras, proprietor of the plant, and formerly of Walla Walla, as being the crooked one. According to Brown's story, he was employed as a bookkeeper for Harras, who was in the habit of issu-

ing checks against his account even after he had overdrawn.

Finally, Brown says, Harras persuaded him to loan him \$180 and later this was increased to \$265. Harras was to have given him a note for this amount, but did not do so, saying, according to Brown, that as he (Brown) had the company's money in charge, he could pay himself at any time. This, Brown says, he finally did and he was later arrested for embezzlement.

Brown says he only took the money when he learned that Harras' numerous creditors were to come down on the plant and attach everything.

Going in for Poultry.

Milt Swaggart, who finds much profit in hog-raising at his place on Lamar Gulch, and realizes 15 pounds of good pork from one bushel of wheat, has gone into poultry as a side issue. He makes a specialty of Barred Plymouth Rocks, and will raise the most aristocratic stock of this particular breed of fowl that he can get. He has just completed a chicken house that is a model in its way. It is a veritable little mansion, consisting of three rooms 12x14 feet in size, arranged as resting, roosting and feeding rooms. Except the feeding room they have been neatly papered, and Milt would not have hesitated at laying brussels carpet or installing a grand piano had the Plymouth Rocks expressed any desire in this direction. Those who have seen this establishment class it as the most complete, recherche and convenient poultry palace in the East End. G. W. Baker was superintendent of construction.—Leader.

Barley Brings High Price.

S. A. Barnes of Weston has again made an important deal with farmers, in the interest of the Pacific Coast Elevator company. This time it is barley at \$25 a ton, the highest price reached for that cereal for many years at least, in this vicinity. 1201 sacks were bought of W. A. Barnes, 713 sacks of Lewis McMorris, 370 sacks of Smock, a Briggson farmer. So profitable has been this cereal of late years that farmers are annually increasing the average of its production.

Much Wheat at Eltopia.

An even 100 cars of wheat have been shipped from Eltopia, Wash., already against 105 as a total for last year. Two warehouses are completely filled with grain, and the Interior people have 5000 sacks piled on the ground. It is safe to say that only about one-half of the grain has been shipped. This compares very favorably with 1905, when but five cars of wheat were shipped from this point.

Disposes of Holdings at Adams.

H. A. Richardson of Adams, who for three years past has been manager of the Inland Mercantile company at Adams, has sold his interest in the

business to Bert Kirby and J. E. Owens, of Adams, who now have charge of the business. Mr. Richardson has not decided upon any plans for the future, but talks of going into business again elsewhere.
