Our Unloading Sale Continues Over Saturday

The Place to Save Money
Jarman's Big Fair Store.

Only Three Weeks More of Our

11th Annual January Clearance Sale

So far our sale has certainly been gratifying. It has been more of a success than we had ever hoped for, but it only goes to show that our many friends have learned that Davis-Kaser's sales are bonafide, money-saving sales. We want to especially thank our out-of-town customers who responded so quickly to our call, for hundreds of our neighboring town friends have taken advantage of our extraordinary offerings.

Everything except a few contract goods, has been included in this Sale, so no matter what you need, you will save money by buying this month.

Richer than ever before is the bargain picking, for the full of stock in every department is well-nigh complete. Every department is full of bright new goods, which have only been received lately, but no matter how desirable these goods are or how hard it will be to replace them, our set policy demands that our stock must be reduced before stock-taking time, and this year we have made greater reductions than ever because our assortments were never before so large. If you are unable to visit Walla Walla, write us for prices and descriptions.
