Inland Empire league ball is not to be compared with even the grade that is being delivered by the amateur teams of this vicinity. The Walla Walla-Pendleton game Wednesday resulted in a score (?) of 17 to 15 in favor of Pendleton, and errors were so frequent that the score keeper actually lost track of them.

Milt Swaggart has purchased from the McMurry Sulky Co., of Morrison, Ohio, one of the No. 30 Bucokeye jogging carts. This cart is high class, and it is Milt's intention to develop his Coivento gelding into a fine roadster. Judging from appearances, his efforts will not be in vain, as the "hitch-up" is second to none in this part of the country.

WATTS HONORED BY SCHOOL

Teachers and Pupils Pass Resolutions Commending Principal.

The following resolutions have been passed by the teachers of the Athena public school:

To whom it may concern: Know they that Homer I. Watts has been principal of the Athena School for the past year, which year's work ends this 21st day of May, 1908.

Wherefore, we, the undersigned are the undergrade teachers, pass these resolutions commending Mr. Watts for his year's work.

For qualifications and professional work Mr. Watts has shown rare ability, his government the best, his consideration for the school and teachers are unquestionable; perfect harmony and satisfaction have marked the year's work for teachers and students.

All teachers feel that it has been due to Mr. Watts' careful consideration that the school has been built up and is now left in a progressive condition.

We therefore consider that the teachers owe many thanks to Mr. Watts for his qualities and work as a teacher.

Carrie Sharp, Mabel Gibbons, Juanita Engdahl, Jennie Watts, teachers.

In connection with Mr. Watts' standing as an educator in this community, pupils of the Athena High School have engrossed resolutions, setting forth their appreciation of the splendid services he has given them the past year. These resolutions coming unsolicited from teachers and pupils are indeed gratifying to Mr. Watts.

proved by the granting of the ballot to women? Will the better element of women come to the front as political workers and fill our offices, or will the worse? Which is the better element of women? The quiet and unassuming queens of our homes, our mothers, sisters, wives and sweethearts, or will politics be controlled by the club-women? This is not an untried experiment. Four states have given the ballot to women unconditionally, and after 30 years of women's voting, politics has not arrived at the moral standard of our own state, in Wyoming, Colorado, Idaho, or Utah. But you say "There are not as many women as men in Wyoming." Yes, but in Utah women are so plentiful that seven or eight of them club together and keep one husband between them, and with this numerous company they have not closed the saloons, or closed the brothels, or gambling dens, or purified politics. Indeed, there are not four states in our Union where politics is so corrupt as in the four states where women vote.

If you wish to prevent such conditions in Oregon, vote "No" on the woman suffrage amendment on June 1st.
