

VOTE FOR SLATER

He Believes In and Supports Statement No. 1 and Favors Prohibition and Local Option.

Pendleton, May 25th.—To the Voters of Umatilla and Morrow Counties.—Having, at a late day, been nominated by individual electors of the sixth Judicial District, for the office of District Attorney, my name will appear upon the official ballot as an independent candidate.

For various reasons I have found it impossible to make any kind of a canvass and I desire to state to the public, through the press, the particular principles upon which I stand.

I believe in law and order and that all laws should be observed by all persons, and whenever any penal law is violated it should be enforced by the proper officers, courts and juries.

That all statutes enacted for the protection of persons, property and good morals should be kept alive and effective.

It is necessary for all executive officers, and especially the District Attorney, to act with great caution and discretion so as to prevent unnecessary expenses to the county and state. The office of District Attorney is necessarily an expensive one and for that reason the incumbent should protect the tax payers in every way. Taxes are much too high; there should be retrenchment in every department. It is the duty of the District Attorney to advise all executive officers as to what is legal, and to prevent them from doing that which is unlawful. In that capacity it is his duty to advise and guide the County Court in the expenditures, which the law imposes upon it. The Taxes of Umatilla county have been increased of late years by the unlawful expenditures of very large sums of money, for which reason the tax-payers might, if they saw fit to resort to the courts, repudiate a large portion of the existing debt of Umatilla county.

By this I refer to the voluntary creation of county indebtedness over the amount of five-thousand dollars limited by the constitution; all of such indebtedness having been declared by the Supreme Court of this state to be absolutely void, even if in the hands of innocent purchasers.

Every possible reduction should be made.

I have always stood for prohibition and local option and I favor Statement No. 1.

If I should be elected as District Attorney of the Sixth Judicial District I will endeavor to do my duty fairly and impartially.

As to my qualifications I will only say that I have practiced in this state for over twenty-eight years.

I am under no obligations to any party, class or individual for I have made no promises or commitments.

R. J. Slater.

CAKE FOR U. S. SENATOR

Those of us who are republicans, are republicans because of principle, and those of us who believe in the popular election of United States Senators as embodied in Statement No. 1 believe so from principle. We registered and voted for Mr. Cake in the primaries for the same reason. We propose to do the same thing at the final election on Monday.

This is a presidential year and a vote for a Democrat nominee at this

Hon. H. M. Cake.

time means that we wish to repudiate the entire administration of President Roosevelt, and to turn this state over to the Democrats.

Why should we do such a thing? There is only one reason and that is simply to gratify the personal ambition of one man. The principle involved in this election is too big for any one man to be considered, and every republican, and all who believe in Statement No. 1 will not only vote for Mr. Cake, but will use every effort to see that he is elected.

Dr. King's New Discovery not only reaches the cough spot; it heals the sore and the weak spots in throat, lungs and chest. Sold under guarantee at Palace Drug Company's store. 50c. and \$1.00. Do You Clean Your Mouth

If you are tired and gulp down whatever food or medicine may be offered you? Do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to insist upon such knowledge. So he publishes, broadcast and on each bottle-wraps, what his medicines are made of and explains why he says this. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, oftentimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nerve and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say for yourself by sending a postal card request for a free booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1906. Messrs. E. C. DeWitt & Co., Chicago, Ills.

Gentlemen:— In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia weak will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use it occasionally as I find it a fine blood purifier and a good tonic. May you live long and prosper. Yours very truly, G. N. CORNELL.

During a great portion of this time he has spent in teaching the science of optics, being the founder and late Professor of the Clise Optical Institute of San Francisco, California.

Three years ago he, with his two sons, formed the Clise Optical Company of Walla Walla, Wash. They have installed a complete outfit for grinding their own lenses, have a complete dark room and the latest instruments for thoroughly examining the human eye.

Parties desiring to have their eyes examined while the Professor is in Athena, can rest assured that they can find out the exact condition of their eyes, without even being asked to buy glasses.

We can duplicate any broken lens, no matter where it was made, on short notice. You take no chances if you get your glasses from us, as we guarantee every pair of glasses we make.
