

WANT NO PLACARDS

Republicans Would Place Taft and Sherman Announcements Over Closed Factory Doors.

There was made public Tuesday a correspondence wherein John W. Kern, democratic nominee for vice president sought and obtained from D. M. Perry, ex-president of the national association of manufacturers and a prominent republican, the expression of an opinion hostile to posting "prosperity placards" in factories, to the effect that "on the day after the election of Taft and Sherman this factory will start up in full force."

Kern asked Perry "in the light of the fact that the present high tariff has not maintained prosperity, I would like to ask you whether posting these placards does not savor of trying to obtain money under false pretenses?"

Perry replied that he was not in sympathy with such abuse of power of an employer; that it was poor business policy to promise to run a factory on full time in the event of any election, that business reaction was quite beyond the power of political parties to control; that he could not bring himself to post such placards despite his republicanism, and he declares: "I have no sympathy with the statement that Bryan is an enemy of industry than I do with the statement that Taft is a creature of trusts" and he said that at a recent poll the manufacturers' associations of the country had shown a majority of members in favor of a revision of the tariff.

Enroute to Milton: Killed.

Milton Eagle: J. J. Hines, who lives near Nichols' Park, was called to Spokane Wednesday of last week by the accidental death of his son at that place. John M. Hines, the victim of the accident, with his family, was on his way to Milton to make his home there, and was driving overland. He leaves a widow and five children, the youngest but six weeks old.

Vermont Goes Republican.

The republicans won the election in Vermont Tuesday carrying the state for lieutenant governor, George H. Prouty of New Port for governor by about 28,000 votes over Jas. E. Burke of Burlington, democratic opponent. This plurality is the smallest in a presidential year since 1892 when it was only 18,950 and was followed by a democratic national victory but it was larger than in 1888 and only slightly less than 1900. As Vermont was the

first state to vote during the presidential campaign there was much interest throughout the country as to the size of the republican plurality. The republicans retained complete control of the legislature and executive branches of the government of Vermont.

Wheat, \$40 per Acre.

The Vanderhaye brothers, who have a big wheat ranch about six miles above Milton, have harvested a fine crop. From one field, says a Milton item, of 300 acres the yield averaged better than 50 bushels to the acre. Wheat is selling at over 80 cents a bushel, and owing to the difference in cost of harvesting, the net proceeds will be larger than those of last year. The gross income from the wheat land farmed by the Vanderhayes is over \$40 an acre.

IOWA MAY GO DRY FOR SURE

Anomaly of the Present "Prohibition" Law Is Reviewed.

"Iowa cauted, decanted and recanted" is the way the working of prohibition in that state is summed up in Appleton's magazine for September by Trumbull White, who has observed the working of the Iowa anti-liquor law for the past 20 years.

According to his conclusions the situation in regard to liquor selling in Iowa is much like that in reference to race-track gambling in New York before Governor Hughes forced the anti-gambling act through the legislature. That is forbidden by the law of the state, but is permitted by another law through the device of imposing a fine which amounts to no more than a license.

This measure, which is known in Iowa as the mulct law, provides for the virtual suspension of the prohibitory statutes if the written consent of a majority of the legal voters in a city or 65 per cent of the voters of a county is obtained. When this is done licenses may be issued by the local authorities, the state license fee being \$600, while the cities may charge additionally whatever they choose.

Under this system about one-fourth of the counties along the Mississippi and Missouri rivers in which the majority of the cities of the state are located, have legalized liquor selling. It is, therefore, erroneous to speak of Iowa as a prohibition state for a large proportion of the population live in communities where saloons are allowed to run openly and legally, although the prohibition laws passed 25 years ago never have been repealed, and in some of the rural counties are still enforced.

The American National Bank of Pendleton, formerly the Pendleton Savings Bank, is doing business under its new charter. Jim Maloney, formerly an Athena boy, cashier of the bank is mailing the following circular letters to his friends and patrons of the bank throughout the county:

Pendleton, August 28, 1908
"To Our Friends and Patrons:
"We take pleasure in announcing that The Pendleton Savings Bank has been converted into a National bank with the name "The American National Bank of Pendleton," and will hereafter conduct its business under the supervision of the United States Government. The change has been deemed advisable on account of the growth of the bank, and to better enable it to care for the many interests of its constantly increasing line of customers.

"During the nineteen years of its existence the Pendleton Savings Bank has attained an enviable reputation as the staunch friend of the farmer, the stock grower and the business man.

"That its friendship has been appreciated by the people of this community is best evidenced by the splendid growth of the bank from a very small beginning to one of the largest and strongest financial institutions in Eastern Oregon. To merit, by courteous, conservative and progressive banking methods, a continuation and an increase of that friendship and loyalty, will be the constant aim of the management.

"The Departments of The Savings Bank will be continued with largely increased facilities, and with National Bank security. The Commercial Department, with accounts subject to check, the Savings Department, with interest at a per cent per annum, compounded semi-annually, the Safe Deposit Department, with private safes for rent at \$3.00 per year and upwards are all at your service.

"Thanking you for your valued patronage in the past, and with a cordial invitation to call frequently and become better acquainted with our facilities for modern banking, we are,
"Very truly yours,
"J. W. MALONEY, Cashier."

How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago, tells of a way to become strong: He says: "My mother, who is old and was very feeble, is deriving so much benefit from Electric Bitters, that I feel it's my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh has resulted, insomnia has been overcome, and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints. A Paying Investment.

Mr. John White, of 38 Highland Ave., Houlton, Maine, says: "Have been troubled with a cough every winter and spring. Last winter I tried many advertised remedies but the cough continued until I bought a 50c bottle of Dr. King's New Discovery; before that was half gone, the cough was all gone. This winter the same happy result has followed; a few doses once more banished the annual cough. I am now convinced that Dr. King's New Discovery is the best of all cough and lung remedies."
