Milton Strawberry Day.

Plans which were started for the celebration of Milton's annual strawberry day, at a meeting of the Progressive association held in Alliance hall on Monday night, are progressing, and it is thought by the next meeting all of the preliminary work will have been completed. It is proposed this year to celebrate on a more extensive scale than ever before. Besides an excellent literary and musical program, a big horse show will form a part of the festivities. This was last year an important part of the program, but arrangements are being made to make it much better than on last season, horses being entered from all the townships in Umatilla county and many across the line in Washington.

Ignore Sales Days.

According to reports coming from Echo, it seems that Umatilla sheepmen will not generally observe the selling days fixed by the State Wool Growers' association. It is reported that R. N. Stanfield has sold his entire clip of wool to Burke & Green. The price can not be learned, though it is known that large sales have already been made from this section at 170 for the poorer grades of sand wool. This sale is rather significant, for Mr. Stanfield is one of the largest sheepmen in the county, reported to be running over 20,000 head. The Stanfield sheep are now being sheared, and the wool will be delivered as fast as it is clipped.

Size Switzer Island.

The well known Switzer island on the Columbia river, along the southeast boundary line of Klickitat county has recently been taken possession of by two squatters, who have discovered that the island was unsurveyed government land. J. R. Switzer was supposed to be the owner of the island, which has been held and farmed for 25 years. It contains 200 acres of rich orchard and garden land, and has a house, barn, orchard, large alfalfa acreage, and other improvements. Switzer will make a fight to regain possession. The property is valued at \$6000.

Baptist Church Notes.

Services on Sunday as usual. Last Sunday's attendance at Bible school was the best of the year. At 11 o'clock a sermon on the topic, "I Am Ready." At 6:45 the young peoples' society will meet. The topic is "The Pilgrim's Progress," the leader, Mrs. H. E. Ryder. All young people are invited. New members are being continually added. At 7:45 the pastor will preach on the subject, "Amanorosis," or the Miracle of a New Optic Nerve. Every young man in town should hear this sermon.

Big Real Estate Deal.

✕ One of the largest single sales of real estate in Umatilla county for some time was the purchase by Frank M. Hoskins from J. K. Wilson and wife of 1280 acres of land near Milton for \$85,000. The land is in a fine fruitgrowing section. The sale represents the movement that is general over the county, of the division of the larger farms into smaller ranches to meet the demands for homes from the larger number of settlers that are coming into this section.

Christian Church Announcements.

Rousing services at both Sunday school and church next Sunday. You should not miss either service. At night the pastor will continue his series on "Influence." Come and hear him. Evening services will commence at 7:45. Beginning May 2, we commence at 8:00.
