

School Notes.

The following new students entered school this week: High school, Miss Zelma DePeatt, Miss Areta Rothrock, Hugh C. Lienallen; sixth and seventh grades, Charles Russell, Tom Caton, Neil Lienallen, Raymond Wilks; third and fourth grades, Mary Wilks, Donnie Wilks.

Mrs. Madames Plamondon and H. I. Watts visited school Wednesday morning and helped lead the High school choruses.

Arrangements are being made for a school orchestra to be conducted by Professor Henry.

A set of new maps of the celebrated "W. and A. K. Johnson Grand Series," has been received, to the great satisfaction of teachers and pupils.

Last Saturday was a very busy day at school. Professors Case and Mulkey assisted by a large number of boys, erected basket ball goals, trimmed the trees, cleaned the school yard and improved the premises generally.

Some one said: "You will find these people of Athena very close." We needed a little money for a school gymnasium. A students' committee was appointed, consisting of Messrs. Clarence Brotherton and Floyd Pinkerton. In less than two hours the committee had secured subscriptions for nearly \$100 every dollar of which is good. This certainly speaks well for Athena generosity and progress. There are cities where this could not have been done, and yet it was done in Athena. Nothing like smashing an old "saying" once in a while, eh?

There will be several athletic teams. A students' athletic association was formed Thursday morning and the following officers were elected: Student manager, Hugh Lienallen; treasurer, Clarence Brotherton; secretary, Harry Coomans. Executive Com., Floyd Pinkerton, Herbert Parker, Charles Russell, Mr. Mulkey and Principal H. G. Case. Captains will be elected later and men for various teams will be chosen after tryouts.

The High school chorus meets after school Thursday evenings in the High school room. Those who sing are invited to join us.

We are planning a Patrons' day as soon as Laboratory apparatus and Athletic equipments are received.

Students in all the grades are settling down to work beautifully. Let us encourage a little home study.

Work is one of the best educators of practical character. It evokes and disciplines obedience, self-control, attention, application and perseverance; giving a man deftness and skill in his special calling, and aptitude and dexterity in dealing with the affairs of ordinary life.

Inquiring for Flour.

Because of the duty imposed upon foreign flours entering the Philippine islands, the trade there has turned to the Pacific coast for supplies and recently made inquiries have been received from the trade regarding prices and quality. While Pacific northwest millers have always done some business with the islands, the bulk of the trade has generally been diverted Australia way, because of the generally lower price asked. The new duty is now in effect and therefore millers feel that some export business will materialize in the near future.

Want Local Service.

All commercial organizations along the line of the O. R. & N. from and including Pendleton to Portland are to co-operate in a movement having for its purpose the re-establishment of the Pendleton-Portland local train service. The Hood River commercial club has taken the initiative in the matter and the other organizations along the line are joining in with a willingness that indicates there will be no division of sentiment.

Fights Lion With Matches.

For nearly half an hour, James Simonds, a North Yakima expressman held an infuriated lion at bay by throwing lighted matches in its face. Two lions escaped from a cage which Simonds' wagon was carrying. One attacked a horse so it will die and then at two trained goats. The other attacked Simonds. Finally the beast was captured.

A Good Position.

can be had by ambitious young men and women in the field of "Wireless" and Railroad telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement. The National Telegraph Institute of Portland, Ore., operates six official institutes in America, under supervision of R. R. and Wireless officials and places all graduates into positions. It will pay you to write them for full details.
