

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

Visiting Day.
Mrs. A. was more shocked that amused when, in reply to her question, "Who was at Sunday school this morning?" her 4-year-old daughter said, "Everybody but Jesus."
"Why, my dear," said Mrs. A., "wherever did you get such an idea?"
"He was out visiting this morning," the little lady confidently said.
"Daughter," said Mrs. A., "who told you such a story?"
"Nobody didn't tell me, mother, but they just kept singing it over and over again: 'Jesus is calling. He's calling to-day.'"

Waste of Material.
In process of time it was observed that the multimillionaire philanthropist had ceased giving costly library buildings to towns and cities.
"Why is this, Mr. Canaggy?" the reporters asked him.
"Young men," he said, "what is the use of building great houses for libraries when all a man needs for an education is five feet of books?"
Whereat they marveled, but they could not answer him.—Chicago Tribune.

Restorative Treatment for Nervous Men

Coming from a source of unquestioned authority on the ailments of men, it is presumed to be infallible, while the profession generally endorse the ingredients and prescribe them in many different forms of various diseases. The following formula is highly efficient in quickly restoring in nervous exhaustion, melancholia, anxiety, timidity in venturing, dizziness, heart palpitation, trembling limbs, insomnia, thinness, cold extremities, tired all-in feeling and general inability to do those natural and rational acts upon which depends a man's success and happiness in social and every-day life.
The instructions for mixing at home are as follows: First get three ounces of syrup sarsaparilla compound and one ounce compound fluid balsam; mix and let stand two hours. Then add one ounce compound essence carbol and one ounce tincture cadomene compound (not cadomene), and mix all together. The directions are to take one teaspoonful after each meal and one when retiring, until bounding health and full strength are restored. Even a few weeks will witness most wonderful results.
Astonishing nervous force and equilibrium follow the treatment, no matter how serious the case.
This contains no opiates whatever and may also be used by women who suffer with their nerves with absolute certainty of prompt and lasting benefits.

Latest Consumption Cure.
British and American physicians and students of tuberculosis are much interested in the claim authoritatively made in London concerning the success of a new treatment for tuberculosis discovered by William Doig, a layman. The nature of the treatment is a poultice containing acetic acid and chloride to be placed on the body near the affected membrane or bone. In about a week an ulcer is formed, connected by what is called a ray of inflammation with the diseased organ. This forms a duct through which the pus is drawn out. The ulcer needs to be carefully dressed twice a day with a certain salve. The cure of the diseased lungs is said to be effected in from four to six months.

Old Favorites

Katie Lee and Willie Gray.
Two brown heads with tossing curls, Red lips shutting over pearls, Bare feet white and wet with dew, Two eyes black and two eyes blue; Little boy and girl were they, Katie Lee and Willie Gray.

They were standing where a brook, Bending like a shepherd's crook, Flashed its silver, and thick ranks Of green willow fringed the banks; Half in thought and half in play, Katie Lee and Willie Gray.

They had cheeks like cherries red; He was taller—most a head; She, with arms like wreaths of snow, Swung a basket to and fro; As she loitered, half in play, Chattering to Willie Gray.

"Pretty Katie," Willie said— And there came a dash of red Through the brownness of his cheek— "Boys are strong and girls are weak, And I'll carry, so I will, Katie's basket up the hill."

Katie answered, with a laugh, "You shall carry only half." And then, tossing back her curls, "Boys are weak as well as girls." Do you think that Katie guesses Half the wisdom she expressed?

Men are only boys grown tall, Hearts don't change much, after all; And when, long years from that day, Katie Lee and Willie Gray Stood again beside the brook, Bending like a shepherd's crook,

Is it strange that Willie said, While again a dash of red Crossed the brownness of his cheek, "I am strong and you are weak; Life is but a slippery steep, Hung with shadows cold and deep."

"Will you trust me, Katie dear? Walk beside me without fear, May I carry, if I will, All your burdens up the hill?" And she answered with a laugh, "No, but you may carry half."

Close beside the little brook, Bending like a shepherd's crook, Washing with its silver hands, Late and early at the sands, Is a cottage, where, to-day, Katie lives with Willie Gray.

In a porch she sits, and lo! Swings a basket to and fro, Vastly different from the one That she swung in years ago; This is long, and deep, and wide, And has—rockers at the side!

SERMONS AND SLEEP.
A Comforting Theory in Regard to Dosing in Church.
The French scientists are the most consoling people in the world. They are always working out some explanation that affords consolation. Here comes one with a theory about sleeping in churches that will be a relief to both pastor and sleeper.
According to this French psychologist's theory, persons are inclined to "doze" in church because of the devout attention they pay to the services. "In endeavoring to fix every word in their minds they put themselves into a sort of trance. It is about the same as what is called self-hypnotism, and the more closely one follows the minister the more likely he is to find himself unable to remain awake.
For a good many years the pert paragraphers have had a great deal to say about church sleepers, and usually the preacher has gotten the worst of the argument. All manner of devices have been suggested by the humorists as aids to lengthy sermons, even to the placing of electric needles in the cushions to awaken the sleepers at the pressure of a button by the minister. But now that the inclination to slumber in church has been accounted for upon purely scientific grounds, the remedy for the evil will probably be abated in a practical way—perhaps by encouraging the employment of pastors who are incapable of holding one's attention at all.—Dayton News.

The New Milkman.
"Good-morning, madam," said the slender, solemn-faced man with the peculiarly unnatural looking hair. "I am introducing my new butter, which I sell at a much lower price than that charged by other refiners—I mean creameries."
"It has a strange smell," says the housewife, sniffing at the package. "It smells as if it had been close to coal oil."
"Petroleum, madam, is one of our greatest health-giving agents," explained the stranger. "Besides, when the butter gets old you can melt it and burn it in your lamp. Two pounds? Thank you, madam. We should all rejoice in doing good. Here are \$10,000,000 for your husband to build a college with."
And the new milkman stepped blithely out of the yard.—Life.

Lesson from the Past.
Horatius was holding the bridge. "The boss of the ward," he gasped, "told me this was an easy job, and I wouldn't have anything to do!"

FAMILY COUGH SYRUP

Cures Any Cough in Five Hours. NEW PRESCRIPTION HERE.
Here is given the most effective cough prescription known to the medical world. It is a mild laxative, too, and this is what a body needs when suffering with cough and cold on the lungs. A cough or cold indicates poisons in the system, causing inflammation and congestion. Nearly all cough syrups relieve, but make the trouble worse by their constipating effects. This prescription not only relieves quickly, but it cures any cough that is curable. Get one-half ounce fluid wild cherry bark, one ounce compound essence carbol and three ounces syrup white pine compound. Mix in a bottle. Take for acute cough or bronchitis twenty drops every half hour for four hours. Then one-half to one teaspoonful three or four times daily. Give children less according to age. A few hours' treatment will cure and heal the throat and lungs of all but consumptives. Cut this out and give it to some friend who may need it to be saved from an early death by consumption.

Merely Postponed.
Mrs. Hewligus (having freed her mind)—Why don't you answer me, if you can?
Mr. Hewligus (helping himself to more meat)—It's unwholesome to quarrel while eating dinner, madam. I'll have good and plenty to say to you after a while.
