## School Notes.

The Athena school will close May 20. The graduating exercises will be held on Thursday evening May 19. An eminent speaker will be selected to make an educational address. The exercises will probably be held at the Opera House.  
One of the best programs of the year was Arbor day program, given in the High School room. All the grades participated and did nicely.  
The attendance of some of the grades has been very irregular. Students can not sustain interest in their work and be indifferent in attendance. No one of intelligence ever asserted that good school work could be done without some daily preparation. Parents should know this and see that their children bring books home, especially in the advanced grades. School is a farce and a mockery where pupils expect to get through without an effort upon their part. Some patrons may not be aware of the absence of their children. Closer cooperation will solve this matter. The teachers have written personal letters to many patrons concerning absence, hence the school should not be held responsible for any failure due to irregular attendance.  
The track team of the Athena school is making great improvement under the efficient coaching of Maurice Hill. Quite a number of the younger girls are athletically inclined, taking daily runs the same as the boys.  
Encouraging reports come relative to the county track and oratorical meet to be held here May 14.

RESOLUTIONS.  
Whereas, It has pleased the Great Master of the Universe to take from our midst Brother Alexander McKenzie, and  
Whereas Umatilla County has lost an estimable resident and the State of Oregon one of her representative citizens, and

## Now for Spring

For months we have been planning the coming spring campaign. New goods are already arriving at frequent intervals while many more are on the way.  
In order that no new or otherwise desirable items might be overlooked, our buyers are now scouring the eastern markets, and seeing to it that we own our merchandise at the lowest possible landed costs. In spite of advancing markets we will be able to offer our customers most items for as little and in some cases less than heretofore.  
More stress than ever before will be laid on quality, ever keeping in mind the fact that "The sweetness of low prices never equals the bitterness of poor quality." The best is being culled from all lines for all tastes and all purses.  
All over this great store, even in our exchange department on the third floor, our customers are protected against possible costly errors by our "Satisfaction or your money back" guarantee. With us this means refund promptly and cheerfully without quibbling or protest. Unless our friends are pleased we are not.  
Wherever possible our service is to be improved to the end that we may merit in still greater volume the favors of our old friends and secure the confidence and patronage of the ever increasing number of new citizens in our midst.  
No effort is to be spared to make shopping here convenient, pleasant whether in person, by proxy or by mail.
