For months we have been planning the coming spring campaign. New goods are already arriving at frequent intervals while many more are on the way.

In order that no new or otherwise desirable items might be overlooked, our buyers are now scouring the eastern markets, and seeing to it that we own our merchandise at the lowest possible landed costs. In spite of advancing markets we will be able to offer our customers most items for as little and in some cases less than heretofore.

More stress than ever before will be laid on quality, ever keeping in mind the fact that "The sweetness of low prices never equals the bitterness of poor quality." The best is being culled from all lines for all tastes and all purses.

All over this great store, even in our exchange department on the third floor, our customers are protected against possible costly errors by our "Satisfaction or your money back" guarantee. With us this means refund promptly and cheerfully without quibbling or protest. Unless our friends are pleased we are not.

Wherever possible our service is to be improved to the end that we may merit in still greater volume the favors of our old friends and secure the confidence and patronage of the ever increasing number of new citizens in our midst.

No effort is to be spared to make shopping here convenient, pleasant and profitable whether in person, by proxy or by mail.
