A Storekeeper Says:

"A lady came into my store lately and said: 'I have been using a New Perfection Oil Cook-Stove all winter in my apartment. I want one now for my summer home. I think these oil stoves are wonderful. If only women knew what a comfort they are, they would all have one. I spoke about my stove to a lot of my friends, and they were astonished. They thought that there was small and smoke from an oil stove, and that it heated a room just like any other stove. I told them of my experience, and one after another they got one, and now, not one of them would give hers up for five times its cost!'"

The lady who said this had thought an oil stove was all right for quickly heating milk for a baby, or boiling a kettle of water, or to make coffee quickly in the morning, but she never dreamed of using it for difficult or heavy cooking. Now—she knows.

Do you really appreciate what a New Perfection Oil Cook-Stove means to you? No more coal to carry, no more coming to the dinner table so tired out that you can't eat. Just light a Perfection Stove and immediately the heat from an intense blue flame shoots up to the bottom of pot, kettle or oven. But the room isn't heated. There is no smoke, no smell, no outside heat, no drudgery in the kitchen where one of these stoves is used.

One Quiet Spot.
"This," said the chauffeur, pointing to a large and imposing mansion, surrounded by beautiful and well kept grounds, some distance back from the roadway, "is the only place around here where they have an absolutely safe and sane Fourth of July."
"What place is it?" asked one of the passengers.
"It's the county insane asylum," answered the chauffeur.
Utterly Wasted.
"What are you glum about now?"
"I was just reviewing my past life."
"Well?"
"And thinking of all the useless worrying I have done."

Household Remedy

Taken in the Spring for Years.
Ralph Rust, Willis, Mich., writes: "Hood's Sarsaparilla has been a household remedy in our home as long as I can remember. I have taken it in the spring for several years. It has no equal for cleansing the blood and expelling the humors that accumulate during the winter. Being a farmer and exposed to bad weather, my system is often affected, and I often take Hood's Sarsaparilla with good results." Hood's Sarsaparilla is Peculiar to itself. There is no "just as good." Get it today in usual liquid form or tablets called Sarsatabs.

A Grave Threat.
A woman in widow's weeds was standing at one of the entrances to Wadsworth cemetery, accompanied by her small son, who was weeping bitterly. Coaxing having failed to pacify the lad, the mother indulged in this threat: "If you don't stop crying this minute I'll not take you in to see your father's grave."

Record Sale of Paintings.
The public auction of the Yerkes collection of paintings at New York has broken all American records for high prices, the Turner "Rockets and Blue Lights" bringing \$129,000 and the Frans Hals "Portrait of a Lady" going for \$137,000. In two days the sale totaled over a million and a half.

Italy levies a graduated income tax as well as a direct tax on land and houses. Smaller incomes are exempt from taxation. The minister of finance estimates that the income tax for this year will amount to about \$49,600,000, while the land tax will bring in \$36,000,000.

By falling from a cart a Chinaman who carried a large insurance, says Tit-Bits, was quite seriously injured. There was some doubt even of his ever getting better.

I therefore let you know that I shall recommend them to any one suffering from such troubles."—Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

FASHION HINTS

Navy blue marquisette trimmed in white foulard, thickly dotted with navy blue—it was a little dress that made one marvel at its simplicity and style. In one word it was "satisfying."

IN OLD VIRGINIA.

Blue Laws of Cavaliers Much More Strict Than Those of Puritans.
The blue laws of the Puritans weren't in it with the blue laws of old Virginia, though it has always been supposed that the cavaliers of the southland cared more for high living and frivolity than for good behavior and order. In 1683 the following laws were enacted in that State:
Every person who refuses to have his child baptized by a lawful minister (Church of England) shall be amerced (Church of England) shall be amerced 2,000 pounds of tobacco, half to the parish, half to the informer.
To steal or unlawfully kill any hog that is not his own the offender shall pay to the owner 1,000 pounds of tobacco and as much to the informer, and in case of inability to pay shall serve as a slave two years, one to the owner, one to the informer.
No marriage shall be reputed valid in law but such as is made by a minister according to the laws of England. The minister who doth marry contrary to this act shall be fined 10,000 pounds of tobacco.
If a married woman shall slander a person the woman shall be punished by ducking, and if the damages shall be adjudged more than 500 pounds of tobacco her husband shall pay, or the woman receive a ducking for every 500 pounds so adjudged against her husband if he refuse to pay the tobacco.
Enacted that the Lord's Day be kept holy and no journeys or work done thereon, and all persons inhabiting in this country shall resort every Sunday to church and abide there quietly and orderly during the common prayers and preaching, upon the penalty of being fined 50 pounds of tobacco.
Any person inhabiting this country and entertaining a Quaker in or near his house shall, for every time of such entertainment, be fined 5,000 pounds of tobacco, half to the county, half to the informer.
Every master of a vessel that shall bring any Quakers to reside here after July 1 of this year shall be fined 5,000 pounds of tobacco, to be levied by distress and sale of his goods, and he then shall be made to carry him, her or them out of the country again.
The court in every county shall set up near the Court House, in a public and convenient place, a pillory, a pair of stocks, a whipping post and a ducking stool. Otherwise the court shall be fined 5,000 pounds of tobacco.

Fact Versus Theory.
"The teacher of one of the rooms in a school in the suburbs of Cleveland had been training her pupils in anticipation of a visit from the school commissioner," said George S. Wells of Pittsburg at the Shoreham. "At last he came and the classes were called out to show their attainments.
"The arithmetic class was the first called, and in order to make a good impression the teacher put the first question to Johnny Smith, the star pupil.
"Johnny, if coal is selling at \$6 a ton and you pay the coal dealer \$24, how many tons of coal will he bring you?"
"Three," was the prompt reply from Johnny.
"The teacher, much embarrassed, said, 'Why, Johnny, that isn't right.'
"Oh, I know it ain't, but they do it anyhow."
Hazardous Business.
The maiden dropped her lovely eyes. Later she cast her eyes far down the rocky slopes of the mountain side. After she had rested them upon the topmost branches of a nearby tree, she let them fall upon the waters of a placid lake. Then a visit to an oculist was imperative.—Judge.

How Is Your Appetite Today?
Is it keen and normal, or do you have that "don't care" sort of feeling? Loss of appetite is one of the surest signs of inward weakness, and if you are wise you will heed the warning promptly and take a few doses of Hostetter's Stomach Bitters. The system requires a certain amount of nourishment every day in order to keep up health and strength and to replace the waste portions. This can only be accomplished with a keen appetite and perfect digestion and assimilation of the food. Then again Hostetter's Stomach Bitters should be taken. It will stimulate the flow of gastric juices, so essential to perfect digestion, and aid in every way possible. For over 56 years it has been used with wonderful success in cases of Poor Appetite, Heartburn, Flatulency, Indigestion, Dyspepsia, Costiveness, Biliousness and Malaria.
