TAKES STATEMENT NO. 1

J. N. Burgess, Unanimous Republican Nominee for State Senator.

With the emphatic declaration that he has accepted and will support to the end Statement Number 1 and the Direct Primary Laws, J. N. Burgess, unanimous Republican nominee for the office of state senator of Umatilla County, has thrown a bombshell into the camp of his Democratic opponent. There is no hedging and no evasion about Mr. Burgess' statement.

"I pledge my unqualified support to the Direct Primary Laws and to Statement Number 1, as declared by the statute of the state, which imposes an obligation of conscience and of honor upon every candidate," said Mr. Burgess in a recent interview.

"I do this, however, not alone because I am a candidate. As a citizen I have long believed in the election of United States senators by direct vote of the people and I am impressed with the fact that under existing conditions the observance of the letter and spirit of such statement is the nearest possible approach to that ideal.

"The election of two years ago and the recent primary election have convinced me that such is the sentiment of the people of the state and, in my judgment, electors have a right to demand that not only all candidates but all parties, shall respect the public will as expressed at the polls. Ours

will be a government of all the people.

J. N. Burgess

must be a government of all the people.

"When the Mays law, so-called, was enacted, which for the first time gave the people of Oregon the right to designate by their ballots their choice of candidates for United States senator, Ex-Governor T. T. Geer received such endorsement, and, as a member of the legislature, I honored the wish of the people thus expressed and voted for him throughout the session until the last ballot, when, his election being hopeless, I voted for Harvey W. Scott.

"If I am elected to the senate I shall endeavor to reflect the sentiment of the people as enunciated by the ballot, not only in the election of senators, but in legislation and upon public policies."

Mr. Burgess and other republican nominees expect shortly to make a tour of the county. (Paid Advertisement.)
