Kind Word Never Misplaced.
Always say a kind word if you can, if only that it may come in, perhaps with singular opportuneness, entering some mournful man's darkened room like a beautiful firefly, whose happy convolutions he cannot but watch, for getting his many troubles.—Arthur Brooks.

Utterly Wretched

Nervous Prostration Long Endured Before Remedy was Found.
Miss Minerva Reminger, Upper Bern, Pa., writes: "For several years I had nervous prostration, and was utterly wretched. I lived on bread and beef tea because my stomach would not retain anything else. I took many remedies, but obtained no relief until I took Hood's Sarsaparilla, when I began to gain at once. Am now cured."
Pure, rich blood makes good, strong nerves, and this is why Hood's Sarsaparilla, which purifies and enriches the blood, cures so many nervous diseases. Get it today in usual liquid form or chocolate tablets called **Sarsatabs**.

Children's Dresses.
A good idea for mothers who like to have souvenirs of their little one's childhood is to paste in a book samples from every new dress or suit, with a picture of the pattern if possible. Not only is this interesting for both mothers and children in time to come, but it forms a valuable history of costumes for the period, and is of practical service as well as insuring variety in dress from year to year.

DEVELOPING LOVE OF ART

Have Children During Their School-days Acquire the Habit of Visiting Picture Galleries.

A small lassie was conducted by her mother on a tour of the Layton gallery and the established etiquette for art galleries in general was being included as a part of her instruction for the day. Standing before a particularly prosaic-looking canvas, she found it convenient to divert her mind by utilizing the brass railing as a trapeze—thereby developing the muscles of her back and arms.
"What are you doing?" the fond mother inquired. "Do you think this is a gymnasium? You don't come to an art gallery to swing on a railing. You come to look at the pictures. Stand up there, if you want to come again." The implied threat as a finality was effective so far that there was no question in the onlooker's mind as to the treat the little lady evidently regarded a visit to the gallery. That is the great point—to have children during their school-days acquire the habit of visiting picture galleries. Then it will be but a matter of time for the development of discriminative appreciation. That and real affection for the truly beautiful will follow logically.

FASHION HINTS

It is the easiest thing in the world to make this negligee, and it is a most becoming one.
Make it of warm, cozy flannel, or crepe de chine, challis or lawn; it is equally suitable for any of these materials.
The trimming may be plain or a bit fancy, if desired.

SHOWS SAGACITY OF SHEEP

Ewe's Care of Blind Lamb Proof They Are Not Devoid of Intelligence.

Sheep are not usually considered sagacious, but the following incident will show that they are not devoid of intelligence. A ewe gave birth to a lamb which was totally blind. The ewe soon realized that something was wrong in her off-spring, and bestowed special care on it, so that it grew up a fine, healthy animal. One day the farmer was driving the ewes and lambs to a field of fresh pasture. On the way they had to cross a small river by a rude bridge that had no railing or defence of any kind at the side. The farmer forgot all about the blind lamb, but the mother ewe did not. On reaching the bridge she turned quickly round and, seizing her off-spring by the ear, walked slowly backward over the bridge, drawing the lamb after her and making a murmuring noise all the while. Nor did she quit her hold till safe on the other side, while the farmer looked on in amazement.

GENERAL FARM NOTES.

Daisies are a nuisance in a pasture. Be careful not to churn the butter into a lump.
There is no pleasure or money in keeping unprofitable sheep.
Corn should contain sufficient moisture to pack well into the silo.
Something should be done to have the young pigs get plenty of exercise.
Always strain the cream into the churn to remove any particles of curd or dried cream.
Fall plowing for alfalfa is recommended by the best authorities where the seed is to be sown early in the spring.
A wire stretched across the barn behind the cows for a lantern is usually in evidence on well-managed farms.
Dandelions are not a weed when found in the pasture, because their medicinal qualities are very beneficial to live stock.
Bee-keeping, for those inclined that way, is certainly a well paying business, as there is less competition in raising bees and producing honey than in any other side line of farming.
New York Journalist.
"See this society belle about her rumored engagement." "Yes, sir." "If she admits it, get ten lines. If she denies it, get half a column and her photograph."
Hotel Room Card.
One Ring—Ten cents to the bell boy.
Two Rings—Fifteen cents to the chambermaid.
Three Rings—A quarter to the porter.

Alma Mater.

It may not be generally known that the term "alma mater," which is universally applied to colleges and universities where men receive their scholastic training, is of purely Catholic origin. It had its source at the University of Bonn, and drew its inspiration from the beautifully chiseled statue of the mother of Christ—known as the Alma Mater—placed over the principal portal of that celebrated seat of learning.—Rosary Magazine.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Internals of Ocean Greyhound.

In a big Atlantic liner there are over one thousand tons of piping of various kinds. The boiler tubes if placed end to end would stretch about ten miles, the condenser-tubes over twenty-five miles. The condensers pump up more than fifty thousand tons of water a day, and the furnaces consume about eight million cubic feet of air per hour. No fewer than 50,000 separate pieces of steel are used in the main structure of the ship.

The Charm of Woman.

The society of women is usually sought by men during hours of mental relaxation, and we naturally find such a charm in their mere presence, especially when they are graceful or beautiful, that we are not very severe or even accurate judges of the abstract intellectual quality of their talk.—Philip Gilbert Hamerton.

Record Stage Kiss.

In a musical comedy called "The Waltz Dream," there was introduced in New York some years ago the longest stage kiss ever kissed behind the footlights. The kiss lasted 45 seconds. It lasted to music. A full 15 bars of music.

CONSTIPATION

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods, they do not scour; they do not gripe; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation.
Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weakening; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it.
These pills contain no calomel, no dope, they are soothing, healing and stimulating. They school the bowels to act without physic. Price 25 cents.

KIDNEY TROUBLE CAUSES LUMBAGO

Remarkable Story About Great Remedy

I cannot refrain from writing to say that your Swamp-Root has benefited me greatly. Last year I had a severe attack of lumbago. Was bad for a long time, and on seeing your advertisement, I determined to give it a trial. I did so and in two weeks was cured. I gave a bottle to a poor woman who could scarcely walk. She came to me in four days to tell me she was all right and most thankful. I had another attack last November and was so bad that I could not rise from my chair without assistance, and could hardly lace up my boots. I at once sent for more Swamp-Root and after taking two bottles, I am more than glad that I am well again. My age being seventy-three, I am the more convinced of the excellence of Dr. Kilmer's Swamp-Root. Yours very truly,
HENRY SEARLE,

Elizabeth was sewing. She saw me making a buttonhole and wanted to make one, but I thought it little too hard for her; she said: "Why, mamma, that isn't hard; you just make eye-winkers all around that hole."—Exchange.

The Famous Rayo

Does Not Strain the Eyes

Don't use a small, concentrated light over one shoulder. It puts an unequal strain on your eyes. Use a diffused, soft, mellow light that cannot flicker, that equalizes the work of the eyes, such as the Rayo Lamp gives, and avoid eye strain.
The Rayo is designed to give the best light, and it does.
It has a strong, durable shade-holder that is held firm and true. A new burner gives added strength. Made of solid brass and finished in nickel. Easy to keep polished. The Rayo is low priced, but no other lamp gives a better light at any price.

Sympathy for Moose.

Tired by a cow moose, a Massachusetts man started to play a phonograph and the moose thing was just six seconds jumping over two barns and four haystacks and losing itself in the woods. We know exactly how the moose felt about it, and nothing but the speed laws prevented us from taking a similar hike on no less than two thousand different occasions.
