Unique Undertaking.
 Running a store on the "honesty system" is to be undertaken by the farmers of Stony Ford Grange Middleton, N. Y. A stock will be supplied and when a member wishes to obtain anything therefrom he will be entrusted with the key of the storeroom and whatever he takes he will make a note of and leave the price. If he takes more than he leaves the money for he will not be trusted.

It is a curious fact that the man with the strongest will is the man who yields the most quickly to opposition. He saves all his strength to throw it into the line of least resistance. He is a good general and does not waste himself battering away at an impregnable position, but makes a flank movement at once.

WOMAN'S ILLS
 Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. She becomes broken-down, sleepless, nervous, irritable and feels tired from morning to night. When pains and aches rack the womanly system at frequent intervals, ask your neighbor about

Exclusive.
 "Don't you desire to be famous?"
 "No," replied Mr. Groucher. "I don't care to have my name in the encyclopedia along with those of whom I do not approve in the slightest."

Knees Became Stiff
Five Years of Severe Rheumatism
 The cure of Henry J. Goldstein, 14 Barton Street, Boston, Mass., is another victory by Hood's Sarsaparilla. This great medicine has succeeded in many cases where others have utterly failed. Mr. Goldstein says: "I suffered from rheumatism five years, it kept me from business and caused excruciating pain. My knees would become as stiff as steel. I tried many medicines without relief, then took Hood's Sarsaparilla, soon felt much better, and now consider myself entirely cured. I recommend Hood's." Get it today in usual liquid form or chocolate tablets called Sarsatabs.

THE SECRET OF SUCCESS
Genuine Merit Required to Win the People's Confidence
 Have you ever stopped to reason why it is that so many products that are extensively advertised, all at once drop out of sight and are soon forgotten? The reason is plain—the article did not fulfill the promises of the manufacturer. This applies more particularly to a medicine. A medicinal preparation that has real curative value almost sells itself, as like an endless chain system the remedy is recommended by those who have been cured, to those who are in need of it.
 In an interview on the subject a prominent local druggist says, "Take for example Dr. Kilmor's Swamp-Root, a preparation I have sold for many years and never hesitate to recommend for in almost every case it shows immediate results, as many of my customers testify. No other kidney remedy that I know of has so large a sale."
 The success of Dr. Kilmor's Swamp-Root is due to the fact that it fulfills every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.
 A free trial bottle will be sent by mail, absolutely free. Address Dr. Kilmor & Co., Binghamton, N. Y., and mention this paper. Sold at druggists in bottles of two sizes—50c and \$1.00.

Bad Price, Bad Work.
 Craftsmanship used to be the keynote of labor. The aim was to produce an excellent thing, to sell at a good price. The modern business man tries to produce quickly a rotten and fantastic article, so as to be able to sell at a bad price in enormous quantities. So far is this paradox true that a real economist nearly always buys the most expensive things, and the cheapjack is as often as not a millionaire.—R. R. Buckley, in London T. P.'s Weekly.
 Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.
 After Emerson.
 "That wealthy young broker has given his motor to a well-known actress." "Yes. He says his father taught him to hitch his wagon to a star."—Life.
 Overheating Avoided.
 The danger of overheating which attends incandescent lamp sockets containing a resistance unit to lessen the brilliancy of the light is avoided by distributing the resistance through a cord, provided with a regulating switch at the end.
 Old Grouch's Idea.
 "Marriage," said the serious man, "is an education in itself." "Yes," commented old Grouch, "it teaches you what not to do after you've done it."
 Under Colored Glasses.
 A Swiss professor of agriculture has been experimenting with cultivation under colored glass, and finds, according to the Review Scientifique, that ordinary transparent glass gives the best results. Orange glass forces the plants, but hurts the fruit; violet glass increases the quantity of fruit, but lowers the quality; red, blue and green glass are positively injurious.

PIMPLES
 "I tried all kinds of blood remedies which failed to do me any good, but I have found the right thing at last. My face was full of pimples and black-heads. After taking Cascarets they all left. I am continuing the use of them and recommending them to my friends. I feel fine when I rise in the morning. Hope to have a chance to recommend Cascarets."
 Fred C. Witten, 76 Elm St., Newark, N. J.

 Good Things Are Eternal.
 Bring your children up to be happy. Don't let them be any more superstitious than you can help. But, at any rate, avoid one horrible, haunting belief that good things can't last. The good things are the only eternal things of the world.

 Which Spells Success.
 Study the world and its forces. Your strength lies in co-operation with them. Study men; leadership consists in knowing how to run with them. Public opinion is like an ocean liner; you cannot back it in a minute; you cannot guide it when it is going slow, and it can only be controlled by one who is sitting on it.
 Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules. Easy to take as candy.
 Deserved it.
 A friend of mine had a lot of hens and wanted to raise some chickens, but his hens wouldn't sit on the eggs. So one night he went into the coop, grabbed one of them and put it on a nest and held it there all night. In the morning, when the light broke into the place, he found that he had grabbed up the rooster by mistake. He was arrested by the federal authorities for illegal use of the male.
 Plow Ahead.
 Pay as little attention to discouragements as possible. Plow ahead as a steamer does, rough or smooth, rain or shine. To carry your cargo and make your port is the point.—Maltbie D. Babcock.

 Human Nature.
 Pat was being shown an incubator by one of his friends who had recently removed to the suburbs. He took great interest in all the details and examined everything with great care. Then, as he looked at about a hundred young chickens that had just been hatched, with an awed expression he said: "Human nature is a funny thing after all.—Everybody's."

 Heroic Treatment.

 Literary Bug Chases Cupid.
 A Kansas City (Kan.) man was given a divorce recently because his wife is so busy writing love stories for the magazines that he had to prepare his own meals and do most of the housework. When the literary bug enters the parlor Cupid slips out of the kitchen door and climbs over the fence.

TURPENTINE MOST USEFUL
 All Sorts of Ways in Which It Can Be Used About the House.
 Turpentine can be used in all sorts of ways. Here are some:
 Spirits of turpentine will restore the brilliancy to patent leather. Bags and boots rubbed with a rag moistened with it look almost like new.
 A few drops in boxes and cupboard doors will keep moths away.
 If a few drops are added to starch, it will prevent the iron from sticking.
 A flannel dipped in hot water sprinkled with turpentine and laid on the part affected will often relieve lumbago and rheumatism.
 Turpentine mixed with beeswax makes a good floor polish.
 A little added to the steeping water (a tablespoonful to a gallon) makes clothes beautifully white.

HANDY KITCHEN CABINET
 A Straining Bag.
 A flannel straining bag is a necessity in any kitchen where jellies are prepared. Instead of investing in an expensive strainer, an excellent substitute may be made of ordinary flannel, which should first of all be hemmed neatly and then soaked and wrung out in boiling water. When it is used, it should be laid inside a large bowl and the fruit or liquid jelly poured into it. The four ends of the flannel should then be tied together and a stick passed through the knots. The bag can then be suspended over a bowl by means of a couple of chains and left to drain slowly until all the liquid has passed through. A blanket should be thrown over the top in cold weather, so as to prevent the jelly from setting too soon.
 Cream Carrot Soup.
 Wash, scrape and cut in slices enough carrots to fill a pint bowl. Boil these in a quart of water, slightly salted, till soft enough to rub through a sieve with the potato masher. Mix together in a thick saucepan two tablespoons of flour and one tablespoon of butter, stirring with a wooden spoon till they begin to bubble. Gradually stir into this a pint of milk and the carrot pulp. Add hot water to make one quart of soup. Put the yolk of one egg and a tablespoon of chopped parsley together in the tureen, turn in the hot soup, stir gently, and serve at once.
 Orange Marmalade.
 One each orange, lemon and grape fruit. Shave very thin, rejecting seeds and cores. Use all peel and pulp. Measure, add three times the amount of water and let stand in an earthen dish over night. Next morning boil ten minutes, let stand another night, in morning add an equal amount sugar and boil until it jellies. The jelly should be amber colored and strips well defined. This makes twelve glasses.
 Cream Sponge.
 Dissolve 1 1/2 teaspoons of granulated gelatine into 2 tablespoons of cold water. Beat 1 pint of cream until stiff, fold in 1/4 cup powdered sugar. Add the gelatine and beat a few minutes until well mixed. Flavor with a teaspoon of vanilla. Turn into a mold and let it get very cold.
 Baked Apples With Nuts.
 Core the apples and fill the cavities with one-fourth cup walnut meats cut in small pieces, with a little sugar, and bake in the oven.

AN OLD COLONIAL CAKE
 Recipe for Yellow Loaf Said to Have Come From Family of Washington.
 An old colonial recipe for yellow loaf cake, said to come originally from the family of George Washington, calls for one cupful of butter, two and a half cupfuls of granulated sugar, six eggs, a cupful of cream or rich milk, one even teaspoonful of soda, two of cream of tartar, four cupfuls of pastry flour and one cupful of seeded raisins. Cream the butter and sugar, then stir in the yolks of the eggs. Add the cream of tartar to the flour and sift them together several times. Add the soda to the milk and stir the mixture into the butter, sugar and yolks. Then beat the whole into the flour and cream of tartar. When smooth add the raisins and finally fold the whites of the eggs, whipped to a very stiff froth, through the batter. Do not stir the cake after the whites are added. But set a large tube pan and fill it half full. After it has baked and become cold, ice it with a heavy snow white icing that will contrast prettily with the yellow of the cake. Clitron sliced in thin strips may be used instead of raisins or in combinations with them.
 This confection may be used as a birthday cake and is very attractive for the purpose.

To Relieve a Burn.
 A free application of soft soap to a fresh burn almost instantly removes the fire from the flesh. If the injury is severe, as soon as the pain ceases apply linseed oil and then dust over with fine flour. When this covering dries hard repeat the oil and flour dressing until a good coating is obtained. When the latter dries allow it to stand until it cracks and falls off, as it will in a day or two, and a new skin will be found to have formed where the skin was burned.
 The Cattle Were Saved.
 While a ferryboat was taking cattle across the Trent two animals jumped on board, in addition to three that were being carried. When in midstream all the animals crowded on one side of the boat, which capsized and the ferryman was drowned. The cattle got safely ashore.
 All Her Own.
 "Did the audience wear white I was singing?" asked the temperamental soprano. "No," replied the music director, "you were making that noise all by yourself."
 A Modern Question.
 A mother in Hackensack engaged a young woman as nurse for her baby. After she had wheeled the youngster about the yard for a half-hour, she came into the house and asked: "Do you mind, ma'am, if I smoke cigarettes?" There is a vacancy in Hackensack.
 Knew What It Was.
 A Wyoming cowboy called to see Owen Wister in Philadelphia, and was permitted to inspect the author's city outfit. As he casually examined an opera hat it sprang open. "A self-cooking hat!" said the cowpuncher, admiringly. "Now don't that beat hell!"—Everybody's.
 The Little Corporal.
 Napoleon complained of being hampered. "Rope," he exclaimed, "all I want is rope!" "Yes, sire, Europe," responded his generals.
