INLAND EMPIRES **BIG PRODUCTION**

\$250,000.000 IS CONSERVATIVE FOR THE FOUR STATES

The Northwestern Sisterhood Oregon, Washington, Idaho and Montana for 1911.

Spokane dispatches say that indieative of the prospects for increased business activity throughout the northwestern states this fall and winter is the report by the statistical department of the Spokane chamber of commerce, which places the farm value of agriculture, including livestock, poultry, fruit and vegetables in Washington, Oregon, Idaho and Moutana this season at \$250,000,000. or more than \$91 per capita of a total population of 2,666,000.

The wheat yield of the four states is estimated at 76,500,000 bushels, as against 65,180.000 in 1910, while the hay crop is placed at 4,150,000 tons as compared with 4,050,000 tons a year ago. Oats, tarley, 1ye, potatoes and hops show average increases ranging from 10 to 20 per cent over 1910. The apple crop is not as large as last year, but higher prices and increases in the yields of other fruits will, it is estimated fully make up the differ-

The farm value of agriculture in the Ioland Empire is estimated at from \$150,000,000 to \$175.000,000 to which is added \$53,000,000 as the value of the mineral products and \$22,000,000 as representing the yard value of timber and lumber cut in the district during the year. The last named industry gave employment to more than 100,000 men. The lumber business has been unusually quiet the last six mouths, though there are beavy increases in export trade. The present population of the Inland Empire is estimated at 700.000.

out the district say the outlook is bright for business increases in the northwestern states adding there is every indication there will be expansion in all lines of manufacturing and jobbing, also that there will te more than the usual influx of eastern capital and settlers into the country.

"PICKLING" RAILROAD TIES

Timbers Given a Bath in Salt Lake Show no Deretioration.

Ten thousand railroad ties that have been "pickling" in Great Salt Lake, Utab, for the last three years have just been removed from that body of highly mineralized water and now are being transported to Hazen, Nevada, there to be given a trial on the new Hazen cutoff of the Southern Pacific company. "Pickling" railroad ties in the Great Salt Lake is by no means an experiment on the part of the railroad company.

There are ties in the old Promontory line of the Central Pacific Railway, which were there forty years ago and have not decayed, proving the preservative qualities of the salt formation in which they "pickled" for years before being laid on the roadbed. Piling is also being preserved in the lake as excellent results have been obtained by the piling in the great trestle across the lake, which, since the day it was first placed in the first part of the construction of the Lucin out off, bas shown no deterioriation.

The ties that have just been removed from the Great Salt Lake will be subjected to a hard test in the alkali soil of Nevada. The pickling process has caused them to become beavily impregnated with salt and they act as a "ground" to the electric current in the block signal service. This fact makes them unfit for use on the main line of the company over which, the block signals play a most important part.

The preserving of ties and piling in

Great Salt Lake may become an important industry, if the experiments now being worked out prove as successful as former tests. Great Salt Lake may become an imcessful as former tests. RETAIN HER SITE The J. G. Stutts Company. The J. G. Stutts company, one of the best known troupes on the coast,

He stat-

ed to a Press reporter that present conditions in Morrow county would force many ranchers there to give up their boldings to seek locations elsewhere.

Contractors at Work,

A Pendleton paper says: Messre. Oleson & Johnson, contractors who are to build the new branch asylum for the state at Pendleton are on the job and construction operations have started. Excavators have been at work for some time and Colonel H. G. Newport of Hermiston is making good progress with the construction of the levee. Mr. Johnson promises that the work will be pushed to the speediest possible conclusion and later expects to employ about 200 men.

SECTION BRINGS \$50,000

Hill Place and Sanders Land Change Ownership this Week.

Iwo sales of land in this vicinity this week aggregating a section choice wheat producing soil, sold for \$50,000. The Hill place north of Athena, comprising a half section was sold to Mrs. Dora Lockwood by the Hill estate, and D. H. Sanders sold a half section to Alex. McIntyre. Each half section trought \$25,000.

Both farms are in a high state of cultivation, and produce large yields of wheat annually. The Hill farm was purchased from the widow and heirs, and the purchase of the land fills out a section ranch for Mr. and Mrs. Lockwood.

Alex. McIntyre, who purchased the Sanders place is a young farmer who has made flattering progress in his calling. Only a couple of years ago he purchased a ranch, and paying for it, he has now added 320 acres to his

Mr. and Mrs. Sanders who have i nine home in Athena, will visit relatives and friends in Spokane and Portland for some time. Mr. Sanders has not yet made up his mind what he will turn his attention to, in a business way, but his Athena friends hope he will decide to remain in the city and continue to make their home here.

Hotter Than He Thought. The boy whose business it was to

answer the telephone rushed into the room of the senior partner. "Just got a message saying that your house was on fire," he said.

"Dear me!" returned the senior partner in a bewildered sort of way. "I knew my wife was pretty hot about something when I left home this morning, but I didn't think it was so bad as to set the house on fire!"

A WATER TROUGH

CASOLINE BADLY BURNS TWO MEN OUT AT MYRICK.

When Engine Explodes Fire Totally Destroys Chop Mill and All the Contents.

Harry Myrick and Joe Fields, two young men of Myrick station, were severely burned and the Myrick chopmill was destroyed by fire Wednesday forenoon when the gasoline engine in the mill exploded The two men, with their clothing in a seething mass of flames, ran to a water trough near the mill and jumped in, thereby quenching the flames and saving their lives.

Both men are badly burned, though not thought by attending physicians to be critically injured.

At the time of the accident young Myrick and Fields, who is an employe on the Myrick ranch, were working in the chopmill, which was run by a gasoline engine. The engine blew up, and within an instant both men were enveloped in flames and the mill was a blazing mass.

The chopmill contained much grain belonging to Mr. Myrick and to neightors and the mill and contents were completely destroyed. The loss is estimated at \$4000 and none of the property was insured.

School Patrons and Citizens Invited to Lodge Hall Fiday Evening Oct. 6.

A public reception will be tendered the faculty of the Athena public schools on Friday evening. October 6. The function will be held in the I. O. O. F.-K. of P. hall, and the school patrons and citizens interested in the welfare of the institution are cordially

The purpose of the reception is to bring the patrons of the school and the faculty together in an informal way, with the view that acquaintances may be formed and to discuss matters of interest and pertaining to the

21,500 A short program suitable to the occasion will be provided and addresses by Professor Wiley and members of the school board will te given.

The reception will begin at eight o'clock and the school board desires that all who are interested in the school and who believe in progressive education shall be present.

Church Social Tonight,

This evening at the Christian church, a public social will be given to which all are invited. A short program will be given in the auditorum, and the evening passed in sociability. Light refreshments will later be served in the Sunday school room. The program follows: Song, by the choir; address by the chairman; song, Lucille Taylor; pianoforte solo, Zola Keene; song, Mrs. Meldrum; recita. tion, Hope McPherrin; instrumental

From now until October first, with evrey order of one dozen cabinet photos, we will give a large 8-in.x10in. picture atsolutely free of charge. Those taking advantage of this offer will never regret the move as we guarantee the finest and most up-todate photographic work.
