The Oldest and Largest Manufacturers of Shoe Polishes in the World.

INTEREST IN NEW METHODS GROWING

Remarkable Success Here Attracting Attention.

Prof. James Munyon, the health expert, had a strenuous time yesterday. People seemed to flock to him on account of his remarkable success, and it was a difficult matter to get within speaking distance of him. Several persons expressed themselves forcibly in explaining the reasons for their belief of the man. One young woman, who is very prominent in the city, said:

"I have been suffering for years with a combination of stomach troubles, catarrh and other troubles, with general debility. I could hardly do anything at times on account of the pain in my stomach, side and chest. I had a dull gnawing pain in the pit of my stomach, palpitation of the heart, and a feeling of weakness that I could not understand. Headaches most of the time, with extreme nervousness, made it so that I could not eat, and what little food that I did eat I did not seem to get any strength from. Very often I would have to get up at night for something to eat in order to stop the hungry feeling that would come over me.

"Munyon's treatments had been suggested to me, but I laughed at the idea that they could do me any good, as I had tried so many doctors and remedies without relief. I was tired, nervous and worn out all the time. Nothing I could do made me feel any better.

"I had little hopes that his new treatment could help me, but when I heard what wonderful work he was doing here I decided to consult him. Now I feel like a woman made over; am regaining my weight, feel well and cheerful all the time. I was surprised at the quick results, for my improvement was almost immediate; my soreness vanished and I could eat anything I wanted to. I look and feel 10 years younger, and it is all due to Prof. Munyon's new treatment."

"This statement is one of many," said the health expert today. "I have not had one single case of dissatisfaction or poor results from my treatment in this city since opening here.

"I believe that I can do as much for others as I have done for her. My methods are simple, founded on Nature, and I have made stomach trouble a deep study for years. That explains my universal success.

"I want every man or woman suffering from rheumatism, bladder-kidney troubles or indigestion to go to the nearest drug store and get my remedies. These little pellets remove the cause of your trouble once for all. If you are not sure just what your trouble is, write a personal letter to Prof. J. M. Munyon, 53d and Jefferson Sts., and he and his expert corps of physicians will give you medical advice absolutely free. They will send you an examination blank and ask questions and give you the most painstaking examination and there is not a penny to pay nor are you under any obligation to follow their advice.

Methods of Sabbath Counting.

While the Egyptians named the days of their week, the Jews numbered them only, the first day of the week being always the day after the weekly Sabbath. Fifteen different methods of Sabbath counting are known to have existed during the last four thousand years, including every day of the week, weeks of different and varying length, from six to ten days, and months of various and varying length.

You may have a Headache, Toothache, Stomachache, Earache, not serious enough for the doctor, so you suffer. Hamlins Wizard Oil stops these pains quickly.

Earth's Core.

At a meeting of a scientific society at The Hague Professor Weichert asserted that his studies of the varying velocity of earthquake tremors, passing through the interior of the globe, lead to the conclusion that the earth consists of a central core of iron or steel, about 5,580 miles in diameter.

His Right to Title.

A French paper says that a New Zealand chief had just taken up his residence upon a piece of land, his right to which was contested: "I have got an undoubted title to the property," he observed, "as I ate the preceding owner."

Something New.

An Irishman just from the sod was eating some old cheese, when he found, to his dismay, that it contained living inhabitants. "Be jabers," said he, "does your cheese in this country have children?"

DR. WM. PFUNDER'S CELEBRATED OREGON BLOOD PURIFIER
A Tonic, Alterative and Resolvent. The best remedy for Kidneys, Liver and Bowels. Eradicates Pimples, Eruptions and Disorders of the Skin. Purifies the Blood and gives Tone, Strength and Vigor to the entire system.

EXERCISE CARE IN SELECTING PARENT STOCK FOR BREEDING

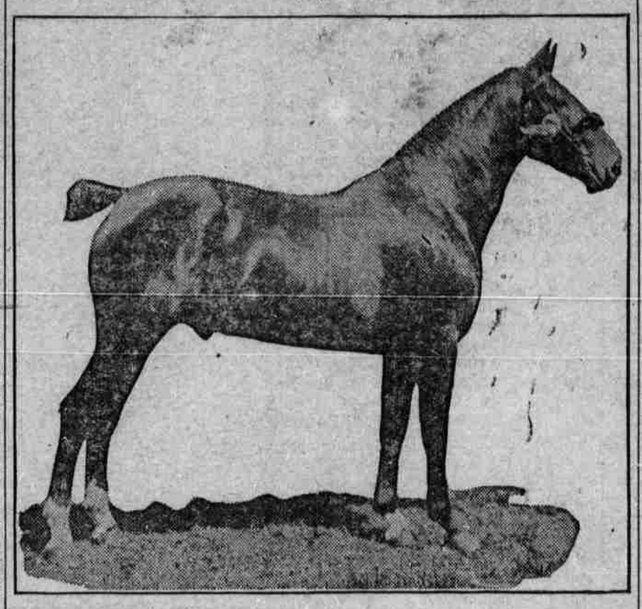
Breeders Do Not Give Sufficient Thought to Individuality, Size, Bone, Substance and Soundness—Temper or Temperament Not Considered, Speed Being One Object Sought for.

(By CAPT. A. H. WADDELL.)

If we are good judges of human nature, or able to judge others by their biographers, we should feel very much inclined to lay a $10 bill to a 10c piece that the wily "Richard" who once made himself hoarse shouting "A Horse, a Horse, my Kingdom for a Horse," wanted a good one.

Richard had just killed five Richmonds, or thought he had, and was looking for another when his horse was killed under him, and when he uttered his memorable words. Yes, he wanted a horse and he wanted one badly enough, but, he wanted a good one.

A good horse was what he wanted, good horses are what we all want, and it is only the large breeder who can really tell us, how many bad horses he breeds, for one good one that he sells. This is in large measure due to haphazard methods in breeding; breeders are not careful enough in the selection of their parent stock, nor do they take pains enough to ascertain the peculiarities and characteristics of the families from which the parent stock comes.



A Good Horse of His Breed—A Hackney.

In the trotting horse everything has been neglected for speed, and in the thoroughbred in this country, nothing but this element has been considered; the result is too well known to be recapitulated. Notwithstanding this nobody seems to try to remedy the defects that this near sightedness has produced. There is not one trotting horse in a thousand whose anatomical formation, physical and constitutional soundness, will permit him to become a 2:10 trotter, nor is there one race horse in the same number that can gallop a mile in first class company with any chance of winning, for the same reason.

Breeders no not give sufficient care to individuality, size, bone, substance, and soundness; they never think of temper or temperament and only consider speed, which, although inherited on both sides is useless in a weakling.

Stamps and types of horses and ponies have been bred which are well exemplified in the Shire, Clydesdale, Suffolk, Percheron, Belgium and Hackney. Why cannot this obtain in some measure at least in the trotter and thoroughbred in America? It does in other countries and why should it not here, in the greatest and most lavishly, bestowed by nature for the purpose?

The American is the best business man in the world, as good a horseman as can be produced anywhere, and is always looking for the straightest way of getting to a certain point, and has certainly succeeded in surprising the world in this direction. He has produced the most extraordinary light harness horse that has ever been heard of, when speed alone is considered, and also some of the fastest thoroughbreds, and it seems that the time has not arrived when more care should be shown in the selection of horses for breeding purposes, so as to be able to produce sounder, bigger, and better individuals.

Place for Separator.

If your separator is set up in the stable, move it to a better place as soon as you can. The stable, with its dust and odors, is no place in which to handle milk, with its readiness for absorbing odors and bacteria.

ASPARAGUS PLANT IS HARDY

Asparagus may be started from seed and come into size for table use at the third year. Seed may be planted as late as mid-summer.

It requires about six weeks for the seed to germinate and come up. The young plants may be cultivated in rows as other garden vegetables and set in permanent rows or beds this fall or next spring.

The asparagus plant is doubly useful. The young shoots can be used for food and the foliage branches for decoration. Sprays of asparagus are equaled by few other plants for their pleasing effect in decoration.

The plants are very hardy, will stand all kinds of treatment, but will respond liberally to good treatment and will thrive in one place for ten to twenty years. The illustration shows a method of planting asparagus in a French nursery house.

Green Food for Ducks.

Green oats, sweet corn fodder and rye are excellent green food for both old and young ducks.

SUMMER WORK FOR CHICKENS

Where There Is Not Perfectly Comfortable Poultry House on Farm One Should be Provided This Summer.

(By MILLER PUVIS.)

If there is not a perfectly comfortable poultry house on the farm, one should be planned and provided this summer, at least before cold weather sets in, for it is poor planning to put off providing a warm poultry house until the time arrives for its use. A comfortable poultry house need not be a costly one nor a particularly warm one. Every poultry house should have two rooms with a tight partition between them. If it is build in this way, the flock may be crowded into one room when very cold weather comes, and the heat of their bodies will keep the room warm. A hen does not feel the cold as quickly as a man does, for her blood is five per cent. warmer naturally, and if she can sleep where there is no draft blowing on her she will be very comfortable in a room in which the temperature runs as low as 10 to 12 degrees below the freezing point.

The poultry house should be located on a dry spot, where water will not stand at any time during the year. It should provide at least three square feet for every fowl kept in it, and should be lighted with good, big windows in the south side. It should be made so that all the inside fixtures may be taken out and cleaned without trouble and the perches should be on a support that does not touch the walls at any point. The perches should be of the same height from the floor, not to exceed thirty inches, and under them should be a tight platform to catch the droppings. This platform should be eight inches below the perches, thus giving the fowls the entire floor space during the day.

Sheep Will Eat Roots.

If too many sheep are confined on a pasture they will eat the grass roots right out of the ground.

English Girl's Tragic Fate.

The startling case of a North London (Eng.) girl who has contracted leprosy contains elements of tragic interest. The dreadful disease was contracted by the victim wearing, as part of a fancy dress costume, a wig of eastern origin. Some time ago she went to a fancy dress ball. The costume, that of a Chinese lady—was pronounced perfect in every detail. Unfortunately the wig she wore was only too real. It came from the east. About a week after a strange mark appeared on her forehead and she consulted a specialist, who found that she was suffering from leprosy. She has now been removed to a leper colony. Diligent inquiries were made to discover the antecedents of the wig, and it now has been found that it had at one time been worn by a leper.

RED CROSS BALL BLUE.

The blue that is all blue. Best for washing because it makes the clothes clear and white, lasts longer than liquid blue and produces better results.

Avoid liquid bluing because it is only a weak solution of blue in an expensive package. RED CROSS BALL BLUE is sold everywhere. Price, 10c. ASK YOUR GROCER.

Cat Never in Danger.

Her love for robins nearly got Mrs. Antoinette Perkins of Hackensack, N. J., into grave trouble the other day, for the three bullets she fired from a revolver at a cat that was killing a robin on her lawn came near killing three persons. One bullet went through the wall of a neighboring house and passed close to the head of a person sitting at the dining room table. The two other bullets whistled past the heads of two boys who were passing the Perkins home. The offending cat escaped unhurt.

Essence of Fine Breeding.

In families well ordered there is always one firm and sweet temper, which controls without seeming to dictate. The essence of all fine breeding is in the gift of oscillation. A man who possesses every other title to our respect besides that of courtesy, is in danger of forfeiting them all. A rude manner renders its owner always liable to affront. He is never without dignity who avoids wounding the dignity of others.

Lost and Found—a Heart.

Nothing seems so hopelessly lost, when it is lost, as a heart; yet nothing, when it is lost, is by the experience of the centuries so absolutely certain of recovery.—Puck.

OWES HER HEALTH

To Lydia E. Pinkham's Vegetable Compound

Scottville, Mich.—"I want to tell you how much good Lydia E. Pinkham's Vegetable Compound and Sanative Wash have done me. I live on a farm and have worked very hard. I am forty-five years old, and am the mother of thirteen children. Many people think it strange that I am not broken down with hard work and the care of my family, but I tell them of my good friend, your Vegetable Compound, and that there will be no backache and bearing down pains for them if they will take it as I have. I am scarcely ever without it in the house.

"I will say also that I think there is no better medicine to be found for young girls to build them up and make them strong and well. My eldest daughter has taken Lydia E. Pinkham's Vegetable Compound for painful periods and irregularity, and it has always helped her.

"I am always ready and willing to speak a good word for the Lydia E. Pinkham's Remedies. I tell every one I meet that I owe my health and happiness to these wonderful medicines." —Mrs. J. G. JOHNSON, Scottville, Mich., R.F.D. 3.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases.

Big Combination.

A story is told of an American who, visiting in Dublin, was conducted to the cathedral which had been restored by the Guinness family of brewers, then to the schools which they had built, and lastly to the great brewery. "This is really wonderful," said the Yankee. "You seem to run education, salvation and damnation all in one show."

The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about your taking Ayer's Cherry Pectoral. It controls the tickling, quiets the cough.

Ayer's We publish our formulas. We banish alcohol from our medicines. We urge you to consult your doctor

One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime.
—Made by the J. C. Ayer Co., Lowell, Mass.

COME TO PORTLAND AND BE CURED IN FIVE DAYS
VARICOSE VEINS, HERNIA, BLOOD POISON

A. G. Smith M. D.
I am the only specialist in Portland who does not advertise a fictitious name or photograph.
I publish my true photograph, correct name and personally conduct my office.

No severe operations, many cases permanently cured in one treatment. Most time-saving, most natural, most safe. A radical and permanent cure. I give my word and will cite you to other medical authorities that this is a fact. I am certainly prepared to cure by experience and equipment, which are the keystones to success. I have the best equipped medical office on the Coast. I will give $500 to any charity as guarantee that every statement in this announcement is true.

I invite you to come to my office. I will explain to you my treatment for Varicose Veins, Hernia, Nervous Debility, Blood Poison, Piles, Fistula, Bladder, Kidney, Prostatic and all Men's Ailments and give you FREE a physical examination; if necessary a microscopical and chemical analysis of secretions, to determine pathological and bacteriological conditions. Every man should take advantage of this opportunity to learn their true condition. *A permanent Cure is what you want. A permanent Cure is what I give.*

WRITTEN GUARANTEE—My written guarantee means a cure or no pay. I guarantee to cure certain ailments or refund every dollar you have paid. My services cost you nothing unless I cure your Varicose Veins, Hernia, Piles, Fistula, Blood Poison, or any ailment I guarantee to cure. Terms are reasonable and no more than you are able and willing to pay for benefits.
Office hours—9 A. M. to 8 P. M. Sundays, 10 A. M. to 1 P. M.

"606" FOR BLOOD POISON I use Professor Ehrlich's wonderful new discovery, "606" in cases of Specific Blood Poison. It cures in one treatment and is the greatest marvel of medical science. This new remedy has been successful in used in thousands of cases. Let me explain it to you.

DR. A. G. SMITH 334 MORRISON ST., COR. SECOND PORTLAND, OREGON

Discouraged

The expression occurs so many times in letters from sick women, "I was completely discouraged." And there is always good reason for the discouragement. Years of pain and suffering. Doctor after doctor tried in vain. Medicines doing no lasting good. It is no wonder that the woman feels discouraged.

Thousands of these weak and sick women have found health and courage regained as the result of the use of

Dr. Pierce's Favorite Prescription.

It establishes regularity, heals inflammation and ulceration, and cures weakness.

IT MAKES WEAK WOMEN STRONG AND SICK WOMEN WELL.

Refuse substitutes offered by unscrupulous druggists for this reliable remedy.

Sick women are invited to consult by letter, *free*. All correspondence strictly private and sacredly confidential. Write without fear and without fee to World's Dispensary, R. V. Pierce, M. D., Pres't, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Nothing for Nothing.

It was said by all the neighbors of Mr. Quinchley that he had never been known to give away anything in his life. He either sold it, or demanded something in exchange. On one occasion he was making a long journey. The seat directly in front of him was occupied by a man who had been coughing and sneezing at frequent intervals for more than an hour. At last Mr. Squinchley leaned forward and spoke to him.

"That's a pretty bad cold you seem to have," he said.

"Worst one I ever had in my life," wheezed the other.

"Well, I know of a simple and harmless remedy, absolutely sure, that will cure it inside of two days.

"Some patent nostrum?"

"No; you can make it up at home."

"I shall be very grateful if you will tell me what it is."

"I'll do it, sir," said Mr. Squinchley, narrowing his eyelids, "if you'll tell me what'll drive away these warts I've got on my left hand."—Youth's Companion.

To Break in New Shoes.

Always shake in Allen's Foot-Ease, a powder. It cures hot, sweating, aching, swollen feet. Cures corns, ingrowing nails and bunions. At all druggists and shoe stores, 25c. Dont accept any substitute. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

A Silly Season Gift.

"Take your wife a silly season gift of a half dozen assorted sealing wax candles," the salesman said.

"But I don't know what sealing wax candles are," the patron objected.

"This is what they are." The salesman produced a neat box. "They are sticks of sealing wax, each containing a wick. You light the wick when you want to seal a letter; the wax melts and drops off, and when you have got enough for your seal you blow out the flame. A sealing wax candle saves the expense and bother of a second candle. Won't you take your wife a silly season gift of a box?"

"But," objected the patron, "I don't think that it is either customary or desirable to give wives presents in the silly season."

Constipation causes many serious diseases. It is thoroughly cured by Doctor Pierce's Pleasant Pellets. One a laxative, three for cathartic.

In the Sheepfold.

Regularity in feeding is of much importance. If it can be so arranged as to feed at 8 o'clock in the morning and 4 o'clock in the afternoon, it is about the best that can be done. No live stock will make better use of a few turnips or other roots, in winter, than will breeding ewes. It is advisable, too, to give them a little grain. It helps them wonderfully. If the flockmaster knows just when to expect lambs he can often save the life of a nice lamb by watchfulness and a little care at the right time in seeing that the mother takes due care of it. Possibly he may lose a few hours' sleep during the season, but when he comes to sell the lambs and put the price in his pocket, he can reflect that this lost sleep is paid for.

Pettit's Eye Salve SMARTING SORE LIDS ACTS AT ONCE

Real Epochs of Life.

Real action is in silent moments. The epochs of our life are not in the visible facts of our choice of a calling, our marriage, our acquisition of an office, and the like, but in a silent thought by the wayside as we walk; in a thought which revises our entire manner of life and says: "Thus hast thou done, but it were better thus."—Emerson.

"Old Nick" Busy.

A reverend Scotchman was going to hold forth to an open-air meeting. He sat down on a bank in which there was an ant's nest; the insects soon found their way into his "Oh, no, we never mention 'em's," and he said: "Brethren, though I hope I have the word of God in my mouth, I think the deel has got into my breeks."—Exchange.

Work and Prayer.

Work with all your might; but trust not in the least in your work. Pray with all your might for the blessing of God; but work, at the same time, with all diligence, with all patience, with all perseverance. Pray, then, and work. Work and pray. And still again pray and work, and this all the days of your life.—George Muller.

Color in Precious Stones.

The color of gem stones, although of greatest importance commercially, is of little or no value in determining their particular identity. Certain stones show their characteristic shades of color, it is true, but it is only after various tests have been applied that color can be considered at all as evidence of value. All minerals in their pure state are pure white, and the color shown is due to mineral pigment in many cases.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

May Be Overdone.

Bishop Willard F. Mallalieu, at a dinner, defended the laws against Sunday breaking, indecent literature, etc. "But these laws," objected a sociologist, "undermine our freedom." "Freedom," said Bishop Mallalieu, "is a good thing, but let us not make too much of it. In Pennsylvania, for instance, a man is free to marry his mother-in-law, but no man ever does."

When You Feel
BILIOUS
you can always blame it on a lazy liver and clogged bowels. This disagreeable sick feeling can be quickly corrected by taking
