Froome has had the looniest shade trees at the St. Nichols hotel dissected by saw and ax this week. The Beggar Prince company, which was billed for Athena in January, and failed to show here on account of the snow blockade, will appear at the opera house on a date to be selected, between April first and seventh. This is an exceptionally clever company, and the vehicle of production is one popular in the larger towns and cities. A base ball game was played on the local grounds Saturday afternoon, when the Athena Grasshoppers went up against the formidable Bulldogs of Weston. Improbable as it may sound, the Grasshoppers trounced the Bulldogs to the tune of 13 to 10. Duncan and Banister composed the Weston battery, with Tharp and King for Athena. Byron Hawks has on display the beautiful cup he won at the Pendleton poultry show for exhibiting the best pen of White Orpingtons. The cup must be won three times to become the personal property of the exhibitor. However, this provision does not bother Mr. Hawks in the least, for he knows he has the stock to bring the cup home next year and the next. Mr. A. M. Meldrum and Miss Zelma DePeat, who have held a series of meetings for the past two weeks at Holdman, closed the meetings last evening and will arrive home today. Miss DePeat has lent material assistance with the sweetness of her singing. Weston Leader: Mrs. J. D. Plamondon and Mrs. Homer I. Watts of Athena were visiting Tuesday at Weston. Mrs. Plamondon was at Salem with her father, Senator Barrett, during the entire session of the legislature, and exerted feminine diplomacy in behalf of the Eastern Oregon State Normal School. She is a graduate of the school and one of its former teachers of music, and is deeply interested in its re-establishment. Henry Barrett has given a dozen China pheasants a home on his Pine Creek ranch. The birds came Saturday, being expressed to Mr. Barrett by State game warden Finley, from the state preserve at Salem. To secure the birds, Henry entered agreement with the State official not to allow shooting on his place for a period of five years. The birds are beautiful and put as crickets, and if not molested should multiply rapidly on the Barrett ranch. The two last meetings of the Sunshine club have been specially interesting to the members. On Thursday, March 6, the meeting was held at the home of Mrs. Claude Wallan. The day being the birthday anniversary of Mrs. Henry Schmitt, she was deluged with a post card shower. Yesterday the session was held at the home of Mrs. Arthur Douglas, when, in spite of the untimely wintry weather, the day was made "glorious summer" by the sunshine spirit. A Turkish section hand was robbed of \$400, his life's savings, at Blue Mountain station Wednesday night. The robbers were Italians, who had also been working on the section for a few months. The victim was held up in the trunk house. He was intimidated by having a revolver thrust in to his face until his hands were tied behind his back. A roommate was forced to sit by and see his companion robbed. The robbers were trailed toward Walla Walla by Athena officers yesterday. A copy of the Cambridge, Idaho, News brings us intelligence of the death of George Tittsworth, a former resident of this city. Mr. Tittsworth died at his home near Cambridge, Saturday, March 8, of stomach trouble. He had been in poor health for some time, due it is thought from a wound received in the breast during the Willow Springs Indian fight, in 1878. Mr. Tittsworth is survived by his wife and five children, Neil, Meda and Helen Tittsworth, Mrs. H. P. Curtis and Mrs. V. V. Kerley. Ferguson. The knights with their ladies will be met at the depot and taken in automobiles to view the new Eastern Oregon hospital, and will be entertained throughout the day by the Pendleton lodge. The Easter exercises will be held in the High School auditorium. Leader: Certain Weston youths have lately pleased their palates and gratified their rather distorted sense of humor by "lifting" estates whenever the occasion seemed favorable. Not long ago some of them robbed or tried to rob the larder of the Odd Fellows while a lodge supper was in progress, and came to grief. Last Friday night a private kitchen was raided during a social party, and some ham and other provisions taken. For this latter offense four young men were put "on the carpet" by the city council and compelled to confess. They were fined \$20 each by the recorder, but the fines were suspended during good behavior.

THE days of "letting Bill wear your shoes for a week" to break them in, is past—that is, if you buy the right kind of a shoe, and the dealer knows how to fit your feet. The shoe of today is made along scientific lines—each size is fashioned and formed over lasts of composite measurements and unless the foot to be fitted is exceptionally odd, it's an easy matter to fit it snugly

with an easy, non-pinching shoe, that will be as comfortable the day it's first worn, as the old ones you are about to discard.

If you have had trouble in this regard, suppose you let us sell you your next pair of shoes. You will not have to sacrifice style for comfort or fit—they go hand in hand.
