OUR BOYS SHOW WELL AT MEET

GAME WITHIN THREE POINTS OF TIEING PENDLETON.

Baker High School Captures Victory In Contest With a Total of 66 Points.

In a bowling dust storm, Baker High won the Eastern Oregon interscholastic championship in the annual track and athletic meet at Pendleton Saturday. The Baker boys scored a total of 66 points while the aggregate score of Wallowa, Pendleton, La Grande, Athena, Ontario and Union was but 66.

Wallowa high school took second honors in the meet with 18 points, Pendleton was third with 12 points and La Grande each won 9, Ontario took 7 and Union 1 point.

Pendleton made a poor showing, the result being a demonstration of what would have happened had her men participated in the county meet at Athena the week previous. Athena's three men, entered in the Pendleton meet came within three points of tying the score made by the Pendleton high. In part, the East Oregonian says:

The showing of the Pendleton boys was a disappointment to themselves as much as to their supporters. Though the team was composed entirely of new men with but one or two exceptions, they expected to place in more events. McDonald, who was supposed to win the quarter and to place in the half mile, had a bad leg and was further handicapped by the cold weather. He is a hot weather athlete and could not strike his stride Saturday. Jordan was also out of form. Though he made seven of the points scored by his team by taking two seconds and a third in the weight events, Brock showed up well. He won his heat in the 100 and took third in this event in the finals. In addition he ran a splendid 220 in the relay race.

It was a Umatilla county boy that showed the crowd how a mile should be run. Floyd Payne of Athena, who is perhaps the best interscholastic miler in the northwest won his event with surprising ease. Taking the lead in the first lap, he gradually increased it until he was more than a hundred yards in the lead at the finish.

The only other two first places not won by Baker were taken by Wallowa athletes, Lorenz winning the half mile and Rich the discus throw.

The summary:
50 yard dash—Herbert, Baker; Worthington, Athena; Conkey, La Grande. Time 3 4-5.
80 yard run—Lorenz, Wallowa; Hyde, Baker; Lefel, La Grande. Time 2:11 3-5.

100 yard dash—Herbert, Baker; Conkey, La Grande; Brook, Pendleton. Time 10 4-5.

Hammer throw—Weeks, Baker; Jordan, Pendleton; Maddox, Ontario. Distance 127 feet ten inches.

High jump—Shockey, Baker; Straughn, Pendleton; Heathington, Baker. Height 5 feet four inches.

220 yard dash—Herbert, Baker; Conkey, La Grande; Seibert, Pendleton. Time 24 4-5.

Shot put—McCallum, Baker; Jordan, Pendleton; Ralston, La Grande. Distance 38 feet 10 inches.

Pole vault—Weeks, Baker; Lookey, Ontario; Hayes, Wallowa. Height 10 feet.

Discus throw—Rich, Wallowa; Bloom, Baker; Powers, Wallowa. Distance 96 feet 11 inches.

Javelin throw—Finley, Baker; Hayes, Wallowa; Jordan, Pendleton. Distance 134 feet 10 inches.

440 yard dash—Landroth, Baker; Ruth, Ontario; Ingham, Athena. Time 57 seconds.

Broad jump—Francis, Baker; Banobmas, Baker; E. Weaver, Union. Distance 17 feet 11 inches.

1 mile run—Payne, Athena; Lorenz, Wallowa; Cox, Baker. Time 4:48 3-5.

Relay race—Won by Baker, Pendleton second.

Mrs. Emily E. King Dead.
The death of Mrs. Emily E. King occurred at the home of Mr. and Mrs. Cass Cannon, Tuesday, May 6, 1913, after a lingering illness, and the funeral occurred from the home Wednesday afternoon, with Rev. D. M. Helmick of the M. E. church officiating.

Emily E. Holmes was born August 18th, 1858, at New Athens, Ohio, and was 55 years of age at the time of her death. She was married to Joseph E. Cannon Sept. 28, 1875. Three children were born, Henry, George and Mary Agnes Cannon, the latter dying in infancy. Later in life, her second marriage took place.

Good Two-fold Plan.
To stimulate public sentiment against forest destruction and at the same time promote sanitation, the state authorities of Idaho, Washington and Oregon have endorsed a unique project of the Western Forestry and Conservation Association to supply 500,000 public school children with a folding map puzzle which shows a way to avoid public drinking

cup and also teaches many lessons about the forest fire evil. A square piece of paper, printed on both sides with a jumble of broken text and portions of pictures in bright colors, when folded on dotted lines presents, in a series of four consecutive completed pictures, the growth of a forest fire from carelessness with a match to a final scene of destruction. At the same time are developed a series of rules and precautions, while one side of the completed cup suggests learning to fold it out of any paper anywhere. These will soon be distributed in immense quantities through the public schools.

Mother's Club Meeting.

The following communication, signed "One who was there," is handed the Press this week: "Last Friday afternoon about 3 o'clock, the Mother's Club met at the home of Mrs. Geo. Banister and went from there in a body to the home of the former president, Mrs. Mary Deeper, where they gave that lady a 'complete surprise.' About 33 ladies were present. After an hour or so spent in lively social conversation, we were called to order and the president in a few well chosen words, presented to Mrs. Deeper a book in which all members of the club had written a favorite quotation; and many were the expressions of love and gratitude for her good work among us. Dainty refreshments were served consisting of sandwiches, cake and tea to which all did full justice. While our hearts are full of sorrow at having Mrs. Deeper leave us to go to California, we know that wherever her lot may be cast she will be a blessing to other as she has been to us."

Results of United Effort.

Pilot Rock is said to be greatly benefited by its live commercial association, the members of which are unitedly pulling for the best interests of the little town. As a result Pilot Rock displays civic pride that could be emulated with advantage by any town in the county. Recently a new two story brick building, a hotel and a church have been built. A commonly interest prevails in the exemplification of progress. A system of water works has been installed and a beautiful little park is kept attractive. A dealer in paints and oils out there, published the announcement in the Record, the local paper, that during the month of April he would sell paint at wholesale prices to all who would paint their homes. The result was that his stock was soon depleted, willing citizens taking advantage of the offer to beautify their residences.

A Scary Runaway.

"Bad" White got tangled up in a serious runaway Monday afternoon. He came to town from the Bergvein ranch with four-in-hand, a span of mules on the wheel and horses in the lead. At the O. W. R. & N. station the team became frightened and unmanageable. Ralph DePaatt endeavored to hold the leaders by the bit, when one of the brides came off. The team came whizzing up Main street and White being powerless to do anything with it displayed good judgment in jumping. The team brought up near the Taylor place south of town. Only slight damage resulted.

Officers Elected.

At a recent meeting of the local W. C. T. U. the following officers were elected for the ensuing year: President, Mrs. A. M. Meldrum; 1st vice president, Mrs. H. N. Deeper; 2nd vice president, Mrs. David Taylor; 3rd vice president, Mrs. J. Phil Lips; secretary, Mrs. Chas. Betts; treasurer, Mrs. William Schrimpf; Supt. scientific temperance instruction, Mrs. H. E. Hill; Supt. Mothers' department, Mrs. Charles Coomans; Supt. Parity department, Mrs. S. S. Hutt. The next meeting of the Union will be held at the home of Mrs. W. K. Wall on Friday afternoon, May 16. All are cordially invited.

Lost Buggy In Flood.

It is reported that Will Duffy and Percy Wilson lost a buggy while crossing the Umatilla at Thoro Hollow Wednesday. The rig capsized in midstream, team and man reaching the shore safely, the buggy floating off down stream. Snow is fast melting in the mountains and the river rises to a high stage during the day, while at night it recedes.

Fighting the Undertow.

Those deadly undertows which so often prove fatal to swimmers are produced by tides and coast currents. The former only carry out at ebbs tide; the latter usually zigzag along the shore.

"If you are a robust swimmer," said a professor of the art, "you can generally overcome them by quick, alert strokes. If, however, you do not at once succeed don't persevere, for this is one of the exceptions to the rule about perseverance. Stop fighting before exhaustion comes and go with the tide or current. By resting a short time, floating or swimming leisurely, you will have time to take your bearings and either make another attempt or call for assistance. Sometimes you will find the undertow runs parallel to the shore. You may then let yourself be carried along with the certainty that before long it will twist inshore, when a short spurt will bring you to safety."

Capital Punishment.

"Mamma, did you love to flirt when you were young?"
"I am afraid I did, dear."
"And were you ever punished for it, mamma?"
"Cruelly, dear. I married your father."—Paris Item.

CALEDONIANS ARE PREPARED FOR IT

COMMITTEES HAVE EXCELLENT PROGRAM FORMULATED.

Fourteenth Annual Picnic at City Park, Friday and Saturday, May 23 and 24.

The committees having in charge the preparations for the 14th annual Caledonian Picnic, which will be held in this city Friday and Saturday, May 23 and 24, have the work well in hand. The major part of the program of amusements and entertainment have been arranged, and only minor details have to be adjusted. The program complete will be published in next week's Press.

Special attention has been given this year to games and sports. This department of amusement will include Scottish games and tests of skill and strength, to which will be added modern sports, including pony races.

Prominent speakers will address the gatherings. A Meskanie Meldrum will deliver the annual address, and G. H. Bishop of this city, is on the program for an address.

A number of singers and dancers from Portland will be present to assist in entertaining. The Athena band has been engaged to furnish music for the occasion and the naval concert will be given at the opera house. Musicians and singers from the neighboring towns will also participate in the program.

CAMP SCHOOL FOR BOYS

Will Be Held at Agricultural College June 7 and 8.

A two weeks' course in practical agriculture for boys from the age of 13 to 16 years inclusive, will be held on the college farm at Corvallis in connection with the regular summer school.

The boys will live in tents provided by the college and have their own mess which will be prepared by competent cooks in a hygienic and attractive way and served outdoors. They will be assigned to certain camp duties in order that they may profit by their experience in camp life. School instruction will occupy five to six hours each day including Saturday, with two entire afternoons free for recreation.

ATHENA MEN IN A BIG ENTERPRISE

COMPANY INCORPORATED WITH CAPITAL STOCK \$250,000.

A. L. Swaggart Made President of New Manufacturing Concern at Pendleton.

Articles of incorporation for the Pendleton Manufacturing company with a capital stock of \$250,000 have been filed with the secretary of state.

In the organization of this company are several men well known to the people of Athena and vicinity. At a meeting held Monday, A. L. Swaggart was elected president, Mr. Swaggart is a well known farmer and is recognized as a successful man. Will M. Peterson, well known attorney who formerly practiced law in this city, was elected vice president. M. L. Akers, for several years a druggist in Athena is secretary and assistant manager. The company takes over the Pendleton Iron Works for \$40,000. This figure also includes the rights to Akers' patents, all of which will be used by the purchasing company.

W. F. Matlock is the treasurer of the company and the board of directors comprises the above named men and Leroy Spencer of La Grande.

The stock represents a par value of \$10 per share, one-half of which will be preferred and one-half common stock. The company has taken an option on three acres of land in West Pendleton for a building site.

Headed, drapers, barrows, drills, hoes, combine hitches, weeders and other farm implements will be manufactured under the Akers patents.

Call for Warrants.
Notice is hereby given that the following City of Athena Warrants will be redeemed by the city treasurer: City Warrants Nos. 570 to 625 and Water Warrants Nos. 615 to 681. Interest on these warrants will cease on date of publication of this notice, which is April 9, 1913.

Victor C. Burke,
City Treasurer.

Extraordinary Sale Womens Spring Suits

\$25.00 Suits now \$18.75
