**LADIES' AND CHILDREN'S STOCKINGS**

We have built up a reputation for quality in our Hosiery department through our invariable insistence upon having only the best grades. First of all, we demand new goods—and never permit them to be carried over from one season to another. Hosiery three or four seasons old has had the life of the yarn "burnt" out by the dyes used; that's why freshness of stock is necessary.

Our stocks include the best makes in black, white and colored stockings, in all sizes, and fashioned in the making to insure a perfect fit.

**Prices Correspond.**

Childrens Hose, 10 cents and up. Child's half Hose 25 cents and 35 cents. Ladies' Hose, 10 cents and up.

**WOMEN OF DENMARK.**

**As a Rule, They Are Wage Earners Even Though Married.**

There is an outstanding point of difference between the activities of women in Denmark and in other countries. In Denmark the sole aim is economic independence for women throughout their lives.

Thus in Copenhagen more than 1,000 married women work as clerks in offices. By far the majority of actresses are married. In order to enter the school of the corps de ballet it is necessary to be of good family. The greater part of the husbands of ballet dancers are in high positions.

Three hundred and fifty to four hundred of the teachers in the free schools in Copenhagen are married. They receive exactly the same salary as the men teachers—that is, 604 yearly. A head teacher, man or woman, commences with 1100 and rises to 1208 in the gymnasium and secondary schools many of the professors are married women, who also form a considerable proportion of the private-teacher in the universities. The municipal council of Copenhagen has several women members.

In brief, in Denmark it is the rule rather than the exception for the married woman to be economically independent through her own labors.—London Spectator.

**12-Gauge Hammerless "Pump" Guns!**

**The Marlin**

repeating shotgun, Model 28, is a fine-appearing, beautifully balanced gun, without any objectionable humps or bumps; no holes on top for gas to blow out through or water to get in; can't freeze up with rain, snow, or sleet; it's solid steel breech (not a shell of wood) permits a thoroughly symmetrical gun without sacrificing strength or safety; it is the safest breech-loading shotgun ever built.

It is Hammerless with Solid Steel Breech (inside as well as out)—Solid Top—Side Ejection—Matted Barrel (which costs \$4.00 extra on other guns)—Press Button Cartridge Release—(to remove loaded cartridges quickly from magazine without working through action) Double Extractors—Take-Down Feature—Trigger and Hammer Safety. Handles rapidly guaranteed in shooting ability; price standard Grade "A" gun, \$22.60.

Send 5 stamps postage for big catalog describing No. 28 A, B, C, D, T and Trap Special and all other Marlin repeating rifles and shotguns. Do it now! 42 Willow Street, New Haven, Conn.

**The Marlin Firearms Co.**

**If you shoot** a rifle, pistol or shotgun, you should have a copy of the **Ideal Hand Book**—60 pages of useful information for shooters. It tells all about powders, bullets, primers and reloading tools for all standard rifle, pistol and shotgun ammunition; how to measure powders accurately; shows you how to cut your ammunition expense in half and do more and better shooting. This book is free to any shooter who will send three stamps postage to The Marlin Firearms Co., 42 Willow St., New Haven, Conn.
