Excellent Plan for Getting Rid of Weed is to Bury It So Deep Will Never Sprout Again.

Our plan of getting rid of quack grass is to bury it so deep that it will never come up to the light of day again. But if we have a shallow soil it will not do to turn up the raw subsoil all at once. A deep soil is very desirable, and will make the quack grass supply us with it.

Keeping the Body in Repair

Nature intended that the body should do its own repairing-and it would do so were it not for the fact that most of us live other than a natural life.

Nature didn't intend that we should wear corsets, tight collars or noes, nor live in badly ventilated and draughty houses, nor eat and ink some of the things that we do, nor ride in street cars when we should walk.

The consequence is that the body when it gets out of order must look for outside help to make the necessary repairs.

Dear Sir: Having suffered with stomach trouble for a number of years, and tried a great many doctors and a great many proprietary preparations but obtained no permanent relief until I took your stomach remedy, and am pleased to say that I have no further stomach trouble and can eat anything I desire and suffer no bad results. I am a professional nurse, having nursed for 30 years, some of the time for Dr. Holb of New York City, the greatest specthilist on child ran's diseases; also had charge of Wardner Hospital at Wardner, Idaho, for two years. Since learning by my own experience the great benefit from the use of Pownil's Stomach Remedy. I have recommended it to a great many for children and shults, and fit each case it has been remarkable for the good it has done. I cheerfully recommend it to anyone suffering with any kind of stomach trouble. Is I am anxious to ald anyone suffering from sickness of any kind, and I have never known of medicine to compare with Powell's Stomach Remedy for all kinds of stomach trouble. Yours truly,
