## ALLOTS BIG SUM FOR NORTHWEST

\$2,926,175 for Improvement of Oregon and Washington.

Other Projects Are Designated, but Finishing Touches on Cello Canal Deferred.

Washington, D. C.—One million five hundred thousand dollars has been allotted by the secretary of war to continue work on the north jetty at the mouth of the Columbia river during the 15 months ending June 30, 1916.

This is within \$20,000 of the amount that would have been appropriated had the rivers and harbors bill been passed as it was reported to the senate and \$250,000 greater than the amount proposed to be appropriated by the house. Furthermore, this allotment is the largest made out of the \$30,000,000 lump appropriation, except the allotments for the Mississippi and Ohio rivers.

The total amount allotted by Secretary Garrison for Oregon and Washington is \$2,926,175, or within \$645,500 of the amount carried by the rivers and harbors bill which is fatal. Some Oregon projects will receive the same amount provided by the bill, and in all instances the amount allotted to these projects is higher proportionately than the average for the entire country.

The only important project for which no allotment was made and for which an appropriation was proposed is the Cello canal, and this was left out because the \$80,000 first recommended was for finishing touches, which can be put on later.

Other allotments for Northwest waterways are as follows: Columbia and Willamette, below Portland, \$450,000; Coquille river, \$78,000; Coos bay, \$70,000; Coos river, \$3000; Sunlaw river, \$117,500; Yaquina river, \$3000; Nehalem bay, \$116,175; Snake river, \$20,000; Upper Columbia river, Cello Falls to mouth of Snake river, \$37,000; Willamette and Yamhill rivers, above Portland, \$25,000; Cowitz and Lewis rivers, \$15,000; Clatskanie river, \$1000; Gray's harbor and bar, \$40,000; waterway connecting Port Townsend Bay and Oak bay, \$15,000; waterway connecting Puget Sound and Lakes Union and Washington, \$17,000.

For other work on the Pacific Coast, allotments were made as follows: Los Angeles, \$75,000; San Francisco, \$12,000; Oakland, Cal., \$80,000; San Pablo bay, \$15,000; Humboldt bar and bay, \$300,000; Petaluma creek and Napa river, \$150,000.

The Mississippi river and its tributaries receive the largest allotment of all. The Hudson receives \$1,500,000 in all. General allotments for the country at large include: Hudson river, \$877,750, in addition to which there was appropriated by separate acts \$622,220, making the total for the Hudson \$1,500,000; Delaware river from Philadelphia to the sea, \$1,000,000; Savannah, Ga., \$233,000; Jacksonville, Fla., to the ocean, \$350,000; Southwest Pass, Mississippi river, \$400,000; channel work at Galveston, Port Bolivar and Texas City, \$190,000; Houston ship channel, \$200,000; inland waterway on coast of Texas, \$625,000; Mississippi river between mouths of Ohio and Missouri rivers, \$300,000; mouth of Missouri to Minneapolis, \$1,065,000; Missouri river, Kansas City to mouth, \$1,000,000; Ohio river, open channel work, \$310,000; locks and dams, \$350,000; Chicago harbor and rivers, \$560,000; St. Mary's river, Mich., \$1,006,000.

### The Important Question.

It will not be fashionable to steal umbrellas the coming season, says an expert on fashions—or on umbrellas stealing, one forgets which. But will it be fashionable to return some of those stolen last season?

That Also Be Thought Of.

She was leaving the city for home, and by way of making her departure pleasant for those who had served her gave a nickel to a chambermaid, saying, "Marry, you take a nice long carriage." The maid replied: "Yes, ma'am; thank you, ma'am, but how will I get back?"

### Handicaps to Church.

The church is also handicapped by the persevering person who gets converted every winter, but whose religion won't keep through the summer.—Atchison Globe.

### Avoid Despair.

If we are to escape the grip of despair, wrote Amiel, we must believe either that the whole of things at least is good, or that grief is a fatherly grace, a purifying ordeal.

### Packing Hint.

In packing, handkerchiefs, under linen and toilet articles should be effectively protected from possible contamination from boots and clothes. Boots should, if possible, be packed by themselves.

### Peak of the Rhine.

Mrs. Askum—"So you took a trip abroad last summer. Did you go up the Rhine?" Mrs. Newrich—"Right up to the very top. What a splendid view there is from the summit!"—Boston Transcript.

### A Paradox.

The man who sells his honor deals in something that he has not got.—Youth's Companion.

### Worth Cultivating.

One of the most charming things in girlhood is serenity.—Margaret M. Saagster

### Threat Stirs British.

London.—In an editorial on Germany's threat of reprisal against British officers held prisoners in Germany if the prisoners of submarine boats held in England receive treatment different from other war prisoners, the Daily Chronicle says: "It is time to realize the pass to which things are leading. At the end of the war, the allies will have two alternatives: They can allow the practice of submarine sinking merchantmen to become usage recognized by international law, or they can, after trial, hang the German officers responsible for inflicting it, including, if his responsibility is shown, Admiral von Tirpitz (the German minister of Marine). We do not at present see any third alternative."

### Route Attributed to Spy.

Petrograd.—Sensational disclosures explaining the recent disastrous rout of the Russian Tenth army corps in the Manurian lakes fighting were hinted at in official circles, following the official announcement that Colonel Miasoyedoff had been proved to be a German spy and was hanged after a trial by court martial. Several of Miasoyedoff's alleged accomplices are in custody. A thorough investigation is being made of their cases and it is believed possible the world may soon know why an entire Russian army corps was lost.

### Peace Report Reiterated.

Petrograd, via London.—The Rusky Slovoe returns Saturday to the subject of alleged Austrian peace overtures. The newspaper asserts that the Austrian emperor appealed through the Pope to Berlin with a view to over-coming Emperor William's "obstinate desire" to continue the war, but that this effort failed.

He is now trying through the same medium in Petrograd to secure a separate peace, offering to surrender Bosnia, Herzegovina and Galicia, says the newspaper.

### Vessel Dives 200 Feet.

Quincy, Mass.—The new submarine L-1, built here for the United States navy, returned Monday after a successful trial trip to Cape Cod bay. The boat, one of a group of four required by contract to submerge to a depth of 200 feet, and remain under water at rest for 48 hours, settled to the required depth, and, according to those aboard, showed no effects from the strain of water pressure. The 48 hours' test will be made later.

### Best Hour for Reconciliation.

A police justice in speaking before the Women Taxpayers' league of Michigan said: "For some reason I find it easier to reconcile a man and his wife between the hours of eight and nine in the evening, rather than the same hours in the morning. Just why I do not know—perhaps there is a mellowing influence at that time—but it's a fact."

### All Right in Heaven.

A lady of Somerset, England, bewailed the loss of a somewhat ill-bred but extremely wealthy neighbor, who had been very liberal in his help to her country charities. "Mr. X— is dead," said she. "He was so good, and kind, and helpful to me in all sorts of ways. He was so vulgar, poor, dear fellow, we could not know him in London, but we shall meet him in heaven."

### A Woman's Way.

### Love That Endures.

Men and women may not forget in marriage the law of human nature that that which is not expressed dies. And any love that is to endure and to grow must express itself in multiplied little ways. It is a serious matter that the repeated word of love and praise, the caress, the kiss, and the thoughtful attention should begin to fall.—Dellmeator.
