Pianos At Davis-Kaser's

After months of careful consideration, we have decided to install a Piano department and thus, make literally true our slogan "Everything to Furnish Homes, Churches and Schools."

Very careful consideration of the numerous makes available led us to the decision to represent the time honored house of Chickering of Boston and of Haines Bros. of New York, in Grands, Uprights and Player Pianos. In these we found a splendid spirit of progressiveness and extraordinary musical excellence.

We will represent the Foster and the Brewster Pianos and Players, having in these four makes an instrument to meet every demand and from the finest Concert Grand to a reliable instrument at a modest price.

Our One Price principle, with all goods marked in plain figures will be rigidly maintained. Our prices will set a new standard of value on pianos. We can give our customers more value for less money because of direct buying from factory, of outland shipping and because we will have no added expense other than salesmen.

This new Piano Department will be ready for business by the last of this week. You are cordially invited to visit it.
