With her husband, now deceased she went through the horrors of the great earthquake.

Many Athens people are attending the Frontier Days show at Walla Walla, which commenced yesterday afternoon. The contents are said to be superior to those of last year, and the races have been good. The agricultural and industrial exhibits at the fair have attracted the attention of hundreds of people during the week.

A man was arrested on the street yesterday by Marshal Stone, on complaint of two ladies, whom he accosted in their home in the north part of the city. He meekly submitted to the arrest, and on examination it was decided that the fellow was demented. He was taken to Pendleton for further examination by Deputies Blakley and Estes, who happened to be in town. The man was a stranger here, and it was reported had been ordered at Weston to move on.

W. C. Reuter, the new pastor of the M. E. church, arrived in Athens Wednesday. He is a native of St. Louis, Mo., and began his ministry in that state. He is a graduate of Garrett Biblical Institute and has the degree of Doctor of Philosophy from Illinois Wesleyan University. Among the churches he has served are: Broadway Baptist, Medford Ore., Lewiston Idaho and First Church, Walla Walla. He will preach next Sabbath morning at evening. Morning subject, "General Dynamics," subject at night, "The Best Possible Investment." All are invited.

Were your children backward in their studies last year? If so possibly it was due to eye trouble of some kind. Drs. Lowe and Teraer who are to be at St. Nicholas Hotel Tuesday, Sept. 21, one day only, are eye specialists of long experience and skill; take your children to them and let them give their eyes a thorough examination, and if they are defective have them correctly fitted with glasses. One charge covers entire cost of examination, frames and lenses, whether the glasses cost \$2.00 or more; they are guaranteed absolutely. Scores of references. Remember the day and date.—Adv.

"You bet," is to be the slogan of Happy Canyon at the Round-Up this year, the institution which the Pendleton people have provided for the entertainment of the evening throngs which gather there during Round-Up week. Inside the huge pavilion bordering Main street, is seen a reproduction of one of those old rugged frontier towns in which romance and history are so rich. Early in the evening an hour's program of a thrilling wild west nature including a steer fight, is given before the general festivities begin. A huge dancing pavilion is one of the attractions. "Happy Canyon" will open its doors this year on Sept. 23 and close them on Sept. 25.

Drs. Lowe and Teraer devote their entire time, energy and effort solely to the eye. They have had years of hard practical experience and know their business thoroughly in all its branches. They give your eyes a most thorough scientific examination and when they prescribe glasses it is with positive and absolute assurance that they are the best and only suited to your eyes. Their glasses are guaranteed to give satisfaction whether they cost \$2 or more. One charge covers the entire cost of examination, frames and lenses. Consult them at St. Nicholas Hotel, Tuesday, Sept. 21; Weston, Wed., Sept. 22; Helix, Sept. 23.—Adv.

As was anticipated, the reception and entertainment given last Friday evening in the auditorium of the school building, under the auspices of the Library Board proved to be a most enjoyable event. The program as published last week, was carried out and each musical number or reading received hearty encores which were generously responded to. The addresses were listened to with interest, especially that of County Supt. Young, who paid many deserved compliments to our splendid new school house. A large and representative audience of Athens people were present, and all evinced a keen appreciation of the advantages to be gained in every way from the possession of the new edifice, whose lighting, heating and acoustic qualities were recognized to be of the best.

Good Heating Stoves

With a Heater as with a Range, it's not so much the first cost as the cost of fuel to keep it going that counts most.

There's a big difference in stoves in this respect, as well as in the way they last, the way they keep fire, ease of regulation and appearance. Our twenty odd years experience with stoves under local fuel conditions is at your service. Whatever your heating problem, we believe we can help you to solve it to your own advantage. The best stoves to be had for soft coal and our mountain wood are here, stoves that will get you the most possible heat from these fuels, stoves that look well and stay so, which keep fire well and will continue to do so; stoves that will please you permanently, stoves at reasonable prices as well. Of course in entering to all classes we have to have a great variety of heaters but if you leave it to us you will get the best proportion for your case that is possible. Call if you can. Writing telling us how much space you wish to heat, what fuel you use etc. if you can't call and we will send you illustrations and quotations.

School Notes.

The following items written by High school students, a boy and a girl respectively, in the opinion of the Press critic present quite a high degree of excellence in composition, which necessarily branch of education is being given special attention by Prof. Post.

This column is open to the Athens school, and all items of like character will be gladly received for publication.

With a turnout of eight men, four of whom were members of last year's squad, basket ball practice was started for the Athens High school boys' team on Tuesday, under the direction of I. G. Brooks, a former University of Oregon star, and Assistant Principal H. A. Post, of the High school.

Of the four experienced men who put in an appearance at the initial practice, three—Grant, center and captain; Burnham, forward, and Payne, guard—played regularly on last year's quintette, while Boober was a substitute forward and played in several games. Owing to the lack of equipment, not all of the available material has as yet turned out, but it is expected that enough for two teams will be out before the end of the week.

No games have as yet been scheduled, but plans are being made for a series of games with Milton, Weston and Vincent, with the idea of arranging for contests with the Walla Walla and Pendleton aggregations later.

In order to discuss the basket ball question for the coming season, the High school girls met in their study room Tuesday afternoon. Miss Parritt volunteered her assistance as coach, after which she took charge of the meeting. Ruby Bauster was elected as captain of the team.

Mr. Post, who was invited to attend the meeting, gave a talk in which he encouraged the girls to take interest in basket ball, and work for Athens High school instead of individual honors.

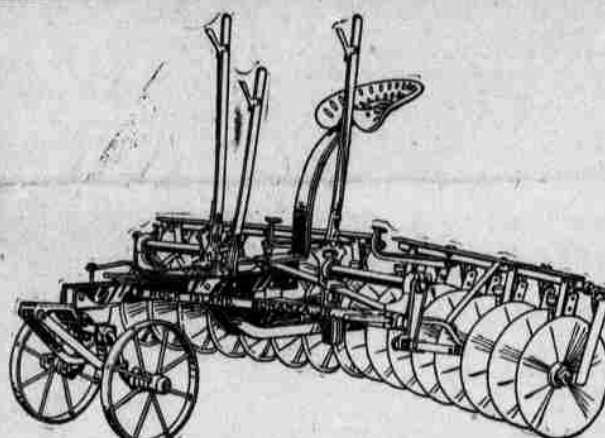

It was decided to start practicing as soon as the gymnasium is in readiness.
