That Itching Rash
There is immediate relief for skins
itching, burning and disfigured by
eczema, ringworm, or similar tormenting skin-trouble, in a warm bath with
Resinol Soap and a simple application
of Resinol Ointment. The soothing,
healing Resinol medication sinks right
into the skin, stops itching instantly,
and soon clears away all trace of eruption, even in severe and stubborn
cases where other treatments have
had no effect. After that, the regular
use of Resinol Soap is usually enough
to keep the skin clear and healthy.

You need never hesitate to use Resinol. It is a doctor's prescription that
has been used by other physicians for
years in the treatment of all sorts of
skin affections. It contains absolutely nothing that could injure the tenderest skin. Every druggist selis Resinol Ointment and Resinol Soap.

AGENTS HIGHER UP SOUGHT BY U. S.

Ambassador Count Von Bernstorff Is Under Suspicion-Demand for Recall of Nuber Possible.

Washington, D. C .- President Wilon has determined to put an end to the activities of Teutonic agents in the United States.

By his direction, the department of Justice and the Secret Service are cooperating to secure the necessary proof to punish the men caught in projects which endanger the peace and safety of the country. More important, how-ever, is the President's direction that the search shall be continued for those "higher up." As soon as he is in possession of all the facts, Mr. Wilson will take steps to stop the pernicious activity of diplomats and consular officers who are directing the work of destroying municipus factories, while and stroying munitions factories, ships and

ther enterprises.

If the President carries his intention to its conclusion, and the charges now on file should be substantiated, it would surprise no one should this government request Austria-Hungary to recall Herr von Nuber, its consul gen-

eral in New York.

Count von Bernstorff, the German ambassador, has been under suspicion for months, but in the absence of proof it is clearly impossible to take any action against him. Should the revelations of Dr. Goricar, recently resigned as Austro-Hungarian consul, be supported by evidence, then whatever diplomatic consular officer is involved

The Austrian and German embassies deny the truth of Goricar's allega-tions, but the Department of Justice has had the promise of documentary evidence to substantiate them.

In addition the State department has

the documents carried by a German messenger. These contain a great deal of information regarding German and Austrian activities and supplement the papers taken from James F. J. Archibald, was familiar with the contents of Dumba's dispatches. The The Department of Justice has not initiated any action against Archibald because it could not obtain proof that he had knowledge of the character of the

dispatches he was conveying.

The sections of the United States statues under which the government is proceeding against Robert Fay and his associates are those which apply boardly to the crime of piracy, the penalty for which is death. The indictments against Fay and Schottz are for conspiring to "fact away and schotz". spiring to "cast away or destory" vessels with intent to injure the ownor of goods in the cargo. The penalty for this crime is a fine of \$10,000 or imprisonment for 10 years. They are also indicted for piracy.

Export Record Is Broken.

New York-The greatest volume of exports ever recorded at a single port in the history of the United States left New York harbor during October, mostly for the warring nations of Europe, according to estimates made by customs officials here. The total, based on tabulations that are nearly complete, will not fall far short of \$175,000,000, or about \$7,000,000 a day for every working day of the month. In September exports from New York totaled \$162,000,000.

Halibut, Cranberries and Turkeys In.

Tacoma-Halibut is now to be had on the local market in any reasonable quantity, wholesale dealers having received a shipment of 80,000 pounds. This is one of the largest shipments received here for some time. Although the fish has been rather scarce at vari ous times during the season, dealers say they now expect no trouble in obtaining plenty of this popular fish. The prices of 7@7½ cents a pound are very reasonable, it is said, for this time of the season and the quality of

the fish was never better.
The first shipment of late cranberries arrived on the local produce market this week. The beries found instant favor at \$9.50@10,50 a barrel. A plentiful supply is on hand to meet the demand and no difficulty will be experienced in getting enough for the trade throughout the season, say deal-ers, who praise the quality of those re-

ceived.

Eggs are firmer and may go up within a few days. The surplus has been exhausted. The trade will not touch the eggs at a price above 41 cents, but when it gets below that price the demand increases and soon wipes out the surplus, which is small because of the scarcity of the product.

Turkeys opened whoesale here at 28 cents a pound, the first s Oregon being received.

These fowl retails at 30 cents a pound. The shipment was small and brought here just as a "feeler." Dealers, however, do not believe prices will go much lower than those

Failures Fewer Than Year Ago.

Some increase in the country's business mortality is not unusual at this period of the year, and no special sig-nificance attaches to the rise in the mmercial death rate during October. Total insolvencies, as reported by R. G. Dun & Co., numbered 1599, or 185 more than in the previous month and the largest since July, while several defaults of exceptional size helped to swell the liabilities to \$25,522,380, as against \$16,208,070 in September and an average of about \$19,000,000 for the four months prior to that time. When comparison is made with October, 1914, however, the showing is favorable, not only from a numerical standpoint, but also in respect to the aggregate indebtedness. Then 1686 concerns failed, owing \$29,702,187, in 1913 only 1434. 1913 only 1434 suspensions occurred and the amount involved was \$20,245, 66, though in that year practically

Rutabagas In Market. Tacoma-Rutabagas of unusually fine quality from North Yakima made their quality from North Yakima made their first appearance this season on the local produce market and sold at once at 1½ cents a pound. Turnips also rolled in for the first time this season and met with as much favor as the rutabagas. Local vegetables are off the market, the last shipments being in no condition to handle according to dealers. Turnips are selling at the same price as the rutabagas. Two carloads of fine sweet potatoes from the South were received this week.

Improved Tone in Butter Market. Portland - There is a rather bette eeling in the butter market this week Fresh butter is moving out more freely and there is also an improved demand for second grade. Egg prices are unchanged. Fresh eggs are extremely scarce and there is no opportunity to bring in Eastern fresh, owing to the higher prices prevailing in the Eastern markets. Oregon storage are helding markets. Oregon storage are holding steady at 26@28 cents.

The poultry market was steady, with moderate supply. Dressed turkeys were quoted at 22 cents.
