### Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

### Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anemic-looking men, women and girls with puffy or muddy complexions; instead of the multitudes of "nervous wrecks," "runtowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle and is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

### Keep the Sheep.

The American Sheep Breeder, of recent date, says: "A brooding, dreadful calamity hovers over our sheep industry according to some of our sheep prophets. After the war they see wool tumbling down by the shilling. Europe will cry for more wool. Hundreds of factories now idle will gobble up the supply. Remember that Germany, France, Italy, Austria and other nations are using little wool today. They cannot there is no surplus. There are no idle stocks save a small quantity Germany has bought in South America, which cannot be shipped and considerable of this is being offered by the Germans themselves who seem quite willing to take the present fine margin of profit. The world's clip is reduced. Sheep stock in most every country has declined. Reconstruction in Europe means busy spindles. Whoever heard of cheap anything after a war? The cost of living is higher in every land. With millions of workers killed how can European labor be cheaper? Wages will soar. They must. Tariff or no tariff, this awful slump in wool will not happen. Mutton! This war has no influence on the market. We are exporting no mutton. We are eating more mutton and our supply is less. There is no logic in the arguments advanced by these pessimistic sheep prophets. In fact they have no arguments. Their statements are general, not specific. It's both—all both. Keep your sheep. Buy more if you can get them. All this is rot about after the war makes us smile. There are no grizzly horrors in sight."

### Two Killed and Many Hurt in Steel Works Strike Battle

Pittsburg.—Two men are known to have been killed, and probably fatally wounded and a score of others seriously hurt when a mob, said by the authorities to have been composed mainly of foreigners, attacked the Edgar Thomson works of the Carnegie Steel company in Braddock.

A pitched battle lasting an hour followed, during which 400 shots were fired, but the rioters were finally forced to retreat in the face of a deadly fire from the riot guns and revolvers of deputy sheriffs and plant guards. The situation is now quiet but 2000 citizens of the borough have been sworn in as deputies and are patrolling the streets. District Attorney Jackson announced that he would take steps at once for the deportation of all foreigners connected with the trouble.

The riot was the climax of a day of disorder in the boroughs of Braddock and Rankin, during which mobs stormed the plants of four big steel companies, drove the workmen out and then partly wrecked the interior of the plants.

Many of those injured in the fighting at the Edgar Thomson works were spirited away by the rioters and for hours after quiet was restored the injured continued to be brought to hospital for treatment. The Italian snipers hidden in doorways and windows near the Thirtieth-street entrance tried to pick off deputies who were fighting to hold back the mob, and two deputies were said to have been hit. Women also joined in the mad fight to gain entry to the works and two of these were wounded. The two men killed were foreigners.

### SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

### English Conscriptio Foreshadowed by Premier's Speech in Commons

London.—Premier Asquith foreshadowed in the house of commons Wednesday the intention of the government to introduce a bill providing for immediate general conscription for men of military age.

The premier reviewed the recent controversy over the question of recruiting and gave some figures showing what the British empire has done since the outbreak of the war. He said the army, which at the beginning of the war consisted of 26 divisions, now amounts to 60 divisions, including the naval division, and the contingents of the dominions but excluding India.

After reviewing carefully the conditions under which recruiting had been carried out, the premier said it had been decided that the men required could not be obtained in due time with existing machinery. He pointed out there was an immense advantage in getting rid of piecemeal treatment of the question, which had given rise to so much objection.

### German-Americans to Show Loyalty.

New York, May 2.—A demonstration of loyalty to America is one of the purposes of a great meeting to be held under the auspices of the United German-American societies and the Anglo-Hungarian societies at Sheepshead Bay, Speedway, June 4. The day will be designated as "American Liberty Day."

To remind the people that many Germans have proved their loyalty to the United States in a series of heroic and heroic many famous Americans of German parentage, such as Molly Pitcher, Baron von Steuben, Baron DeKalb, Pastorius, Muehlenberg, Carl Schurz and Franz Sigel, will be shown. ### Streetcar Strike Ended.

Pittsburg.—Thirty-two hundred motormen and conductors of the Pittsburg Railway company ratified a wage agreement recommended by the leaders, after conferences Wednesday with officers of the company and business men. The first car were cheered as they passed through the downtown streets.

### Big Warship Goes On Duty.

The ship, commanded by Captain Roger Wills, and her complement consists of 50 officers and 800 men. The huge warship steamed to the navy yard from the New York Shipbuilding company's plant.

### Congress Not to Recess.

Washington, D. C.—Congress probably will not recess for the national conventions. Majority Leader Kitchin of the house said that some measure not requiring the presence of all the members probably will be considered during the convention weeks, so that those who desire to get away may do so. Senate and house may recess for three days at a time.

### Norway Sells to Britain.

London.—The British government has bought the entire output of Norwegian animal and fish oils, according to a reliable report in circulation here. It will be recalled that during the first year of the war Germany was reported to have bought American and English buyers of the Norwegian output.

### Nuts for Oil, Not Food.

Seattle, Wash.—Owners of 1500 bags of spoiled peanuts, valued at \$12,000, which the state seized on the ground that they were unfit for human food, represented in the superior court that the nuts were not intended for human consumption, but for manufacture into oils for soap. The owners therefore seek to have the nuts released and not destroyed.

### IF KIDNEYS ACT BAD TAKE SALTS

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, rheumatism, dirty spells; your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of ten get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

"I tell you you don't know anything. Why, if you had to spell to make a living you'd have been dead years ago. I'll bet you a hundred you can't spell 'bird'."

"I'll take 'ye," quickly replied Duncan.

After the money was put up Duncan said "B-i-r-d."

"That ain't the way you spelled it the first time."

### Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. ### Woman Made Well by Lydia E. Pinkham's Vegetable Compound.

Columbus, Ohio.—"I had almost given up. I had been sick for six years with female troubles and nervousness. I had a pain in my right side and could not eat anything without hurting my stomach. I could not drink cold water at all nor eat any kind of raw fruit, nor fresh meat nor chicken. From 178 pounds I went to 118 and would get so weak at times that I fell over. I began to take Lydia E. Pinkham's Vegetable Compound, and ten days later I could eat and it did not hurt my stomach. I have taken the medicine ever since and I feel like a new woman. I now weigh 127 pounds so you can see what it has done for me already. My husband says, 'I never knew your medicine has saved my life.'"

Mrs. J. S. BARLOW, 1624 South 4th St., Columbus, Ohio.
