PRICE, POSTPAID, \$1.00. 504-5 McKay Building, PORTLAND, ORE.

DR. KORINEK'S DISTEMPER REMEDY

Is nothing to the organs of breathing and is a wonderful remedy for coughs, colds, sore throat, catarrh and hoarseness, and when fever is present it removes it quickly without injury to the animal.

Dr. Korinek's Gall Powder—Heals while the horse works. For colic, sore shoulders, wire cuts and all ailments of the horse has no equal in the treatment of the horse.

Dr. Korinek's Absorbent Blisters—The treatment of the horse's ailments, removing the ripening process of abscesses.

Any of the following remedies will quickly correct any of the ailments for which they are recommended:

DR. KORINEK'S COLIC CAPSULES.
DR. KORINEK'S KIDNEY CAPSULES.
DR. KORINEK'S FEVER CAPSULES.
DR. KORINEK'S DIARRHOEA CAPSULES.

Ask your dealer for Korinek's Remedies. They are guaranteed. Or write direct to **KORINEK REMEDY CO., Kenton Station, Portland, Oregon**

A Spring Yearn.
I'm tired of canned goods and of meat;
I'm all run down alas.
And now I think I'd like to eat
A little garden "saas".

In spring for green stuff people yearn
And so it comes to pass
That when the April days return
We long for garden "saas".
—Louisville Courier-Journal.

To prevent gangrene use Hanford's Balm because it cleanses and heals the wound. Adv.

Mr. Dairyman:

We have an important communication to make you only—costs you nothing, means something. Send us your name and address and we will mail it to you.

Glass of Hot Water Before Breakfast

a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

Rewards of Merit.
 "I used to tell my son that if he was a good boy I'd take him to the circus." "Is he too old for that?"
 "Rather. Now he intimates that if I succeed in keeping in his good graces he may get me a ticket to see him play football."—Washington Star.

If you Suffer from Backache, Lumbago, Kidneys or Rheumatism, Take Hot Water and "Anuric."

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, and consequently inactive tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get your drugist—"ANURIC." Because of uric acid in overabundance in the system, backache,

Concentration of Wealth.

"A lot of moving picture stars get enormous salaries."
 "Yes. After reading about the sums they draw, it seems strange that there is enough money left to carry on the war in Europe."—Washington Star.

For Nail in the Foot.

Horses and cattle are liable to blood poisoning from stepping on rusty nails. For such an injury apply Hanford's Balm and get it into the bottom of the wound. It should kill the poison germs. Always have a bottle in your stable, because you will find different uses for it. Adv.

Handicapped.

There was a trial on in a justice court in Texas. A witness for the plaintiff was on the stand and was giving damaging evidence against the defendant, who was represented by two old practitioners, one nearly deaf and the other nearly blind.

The nearly deaf one said to his associate: "What did the witness say?" The nearly blind one replied: "What witness?"—Case and Comment.

Naturally.

"Can any girl tell me the three foods required to keep the body in health?"
 "There was silence till one maiden held up her hand and replied:
 "Yes—breakfast, yer dinner and yer supper."—San Francisco Argonaut.

Holdings of Oats Raises Price.

Not enough oats are offered to keep up with the present demand and the holding back of supplies is slowly but surely forcing up prices. There is a difference of opinion in the trade as to the quantity of oats remaining in the country, some dealers declaring that the stocks have been reduced to a point much below expectations, while others assert that the unsold supply is heavy and that the carry-over into the new crop will be of record size.

Whichever side is right, there is no question as to the bullishness of holders, and their refusal to sell has brought about a stronger market. For prompt delivery, \$26.25 was offered at the Merchants' exchange yesterday and \$26.75 was asked. The same price was bid for June oats and \$27.50 was asked. On the sound, the demand for oats was stronger than here. A part of the strength of the market is credited to the pending government order.

The barley market derives much of its strength from California, where continued dry, warm weather is each day lessening the chance of a good crop.

Raise Tanbark in Northwest.

Efforts are to be made through the co-operation of the Portland chamber of commerce, agricultural college and John Hall, special representative of the New South Wales, to develop the cultivation of wattle bark in Oregon for tanning purposes.

The Australian government is conducting a systematic campaign to foster the growing of wattle in New South Wales, because of the scarcity of suitable tan barks. Mr. Hall calls attention to the similarity of the climate in New South Wales to that of Oregon and believes the culture of wattle can be made profitable in this state.

Yakima Wool Selling Freely.

North Yakima, Wash.—Yakima wool sales reported this week include 50,000 pounds by Pete A. Gore, 35,000 pounds by Lewis Schneider, 50,000 pounds by George Jackson, and 25,000 pounds by William Wilson, all to Alex Livingstone of the American Woolen Mills; 18,000 pounds by Ernest Berg, 18,000 pounds by Pavlo Lavabe and 20,000 pounds by John Davin, all to Isidor Koshland, of Portland. The prices are withheld, but are said to be 18 to 25 cents.

Shearing is nearly completed here and begins in Kittitas county May 15.

Dalles Clip Consigned.

Wool shearing is now under way in the vicinity of The Dalles and the shearers are also beginning work in the Deschutes country. The first large clip from The Dalles, the Ketchikan clip, of 40,000 pounds, has been received by the Portland Wool Warehouse company. There has been much work done around Echo. Willamette valley growers have also begun to remove the fleeces from their sheep, and before the week's over valley shearing will be general. But little valley wool has changed hands yet. The general price asked by growers is 35 cents.

Yakima Hops are Sold.

George Kerr, of North Yakima, sold 100 bales of 1915 hops at 11 cents. This was the only transaction reported in the spot market on the coast. It is said there is a fair demand for contracts at the prices lately paid.

NORTHWEST MARKET REPORTS; GENERAL CROP CONDITIONS

Portland.—Wheat—Bluestem, \$1.03 1/2; fort, \$1.04; club, \$2c; red-fife, \$2c; red Russian, \$2c.

 Sheep—Yearlings, \$8.25@10; wethers, \$8@9; ewes, \$7@8.25; lambs, \$8.25@10.50.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Apartment Life.

 "Don't worry about that, my man, we will put you in the very front trench where you will have a good view."—Philadelphia Public Ledger.

MEXICAN BANDITS RAID U. S. BORDER

Three American Soldiers and 10-Year Old Boy Are Slain.

TWO CITIZENS CARRIED OFF PRISONERS

Three Settlements in Texas County Attacked at Night—Troops In Pursuit May Cross Line.

El Paso—Three American soldiers and a 10-year-old boy have lost their lives and two American citizens have been kidnapped and carried south of the international boundary to almost certain death in another raid of 200 Mexican bandits that takes rank with Francisco Villa's famous attack on Columbus, N. M. Three soldiers were wounded and two soldiers and two citizens are missing.

The bandits' foray, carrying them through the southern limits of Brewster county, in the Big Bend district of Texas, and taking in three little settlements near the border—Glenn Springs, Boquillas and Deemers—took place on Friday night and Saturday morning, but news of it did not reach here until Sunday.

Within an hour preparations had been made for adequate action. Major General Funston ordered that in all four troops of cavalry should proceed to the raided section to reinforce small detachments already on the scene from Presidio and other convenient points. These troops got under way at once. It was said here that if the exigency of the case demands such action they will cross the border in order to run down and disperse the bandits.

In a little adobe house nine cavalrymen made their fight for life against the 70 or more Villista bandits at Glenn Springs. A hail of shot poured for more than two hours into the single window of the mud adobe, but the Americans refused to give up. The cavalrymen kept up a steady rifle fire in defiant answer. Then the Mexican leader ordered fire balls to be thrown on the roof, thickly thatched with candelaria.

The blazing weed tortured the soldiers below and burnt their heads and bodies. Then, smashing the door, the troopers broke for the open, firing as they ran. Two were shot and killed as they fled. One is missing and is believed he is dead. Another was killed as he tried to climb through a window.

According to the story brought here, the Mexican bandits first attacked a store and one or two houses in Boquillas, where they made Deemer and Compton prisoners, and then sped 15 miles northward to make their attack on Glenn Springs, which is fringed by rugged hills. At Glenn Springs they wrecked a wax factory belonging to William Ellis, his store and residence, besides one or two other small buildings.

An easier way is to get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

This preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Apartment Life.
 "That lady next door seems rather uptight."
 "She can save her airs. I'm just as anxious not to get acquainted with her as you are not to know me."—Louisville Courier-Journal.

A Favor.
 Would-be-slacker (to recruiting sergeant)—But, sir, I have had eyesight and can see my distant.
 "Don't worry about that, my man, we will put you in the very front trench where you will have a good view."—Philadelphia Public Ledger.

"I bought five boxes

of Eureka Stumping Powder and now I want to sell a lot of other powder that I have," writes Rudolph Stadel, Silvertown, Ore. "The other powder makes me terribly sick when I try to use it, but Eureka does not give me the least headache."

Eureka Stumping Powder is one of the two

GIANT FARM POWDERS

STUMPING — AGRICULTURAL

Eureka goes farthest and costs least in blasting stumps in dry ground. Giant Stumping Powder saves work and money in blasting in wet soils.

Both of these Giant Farm Powders are made especially to meet Western farm conditions. They are made by a Pacific Coast company, with 50 years' experience—the company that originated all "giant powders." Your dealer can supply you; if he does not, write us and we will see that you get the genuine, which has the Giant brand on every box.

Save Money on Stump Blasting

Our valuable illustrated book, "Better Stump Removing," shows you how to do it. Send us your address on a post card and we will mail you this book and any of four others on Orchard Tillage, Boulder Blasting, Subsoil Blasting and Ditch Blasting, that you care to have. Write for them now.

Enough Said.
 A railroad lawyer who has had much to do with human nature says: "Never cross-question an Irishman from the old sod." And he gave an illustration from his own experience.

A section hand had been killed by an express train, and his widow was suing for damages. The main witness swore positively that the locomotive whistle had not sounded until after the whole train had passed over his departed friend.

"See here, McGinnis," said I, "you admit that the whistle blew?"
 "Yes, sir, it blew, sir."
 "Now, if that whistle sounded in time to give Michael warning, the suit would be in favor of the company, wouldn't it?"
 "Yes, sir, and Mike would be testifying here this day." The jury giggled.

For harness sores apply Hanford's Balm. Adv.

Different.
 Rodd—An automobile is so different from a horse.
 Greene—Why, of course.
 "You see a horse goes faster when he's going home than when he's going away from home."
 "Well, doesn't an automobile?"
 "Oh, no; you see, an automobile often has to be towed home."—Philadelphia Ledger.

Hanford's Balm is used to cool burns. Adv.

A Suggestion.
 A politician who was seeking the votes of a certain community in Ohio to the end that he might be sent to congress thought it worth while to make mention of his humble origin and early struggles.

"I got a start in life by serving in a grocery at \$3 a week, and yet I have managed to save," he announced.

"Whereupon a voice from the audience queried:
 "Was that before the invention of cash registers?"—Philadelphia Ledger.
