ITALIANS JOIN IN ATTACK ON CENTRAL POWERS' EASTERN FRONT

London—The Italians have struck a heavy blow in the great allied offensive. Assailing the Isonzo line, on the 60-mile front from Tolmino to the Adriatic, Cadorna's troops have captured the Gorizia bridgehead and bagged more than 10,000 Austrians.

With the third year of the war just begun, the Teuton lines are being battered in three huge drives. The Russian attack gains momentum, the allies on the Western front have launched a new combined offensive and now the Italians have joined in the attack.

London sees in Cadorna's offensive one of the most significant and encouraging signs since the war began. Not only does it give evidence of the regularity and the solidarity of the allies' schedule in the advance, but it shatters all prospect of an Austrian offensive on the Trentino front.

The Italian successes have created a serious menace to Trieste and prepared the way for an invasion of Austria. In fierce fighting in the last two days, Cadorna's men captured Monte Sabotino, north of Gorizia, and Monte San Michele, on the Carso plateau, lying to the south. This gives them control of Gorizia bridgehead, one of the most important of the Austrian defenses along the Isonzo.

Child Labor Bill is Passed by Senate; Only 12 Votes Opposed

Washington, D. C.—The senate late Tuesday passed the bill to prevent interstate commerce in products of child labor. The vote was 52 to 12. The measure, already passed by the house, was brought to a vote in the senate upon the insistence of the President after the Democratic senate caucus once had decided to defer its consideration until next December.

Opposition to the measure had come chiefly from Southern cotton mill owners and the group of Southern Democrats who voted against it and fought in caucus and maintained their position during the senate debate on the ground that the regulation proposed is unconstitutional and would interfere with the rights of the states. Eleven Democrats from the South voted for it.

To expedite consideration of the measure in conference, senate conferees were appointed immediately after the original vote was taken. The only amendment adopted would extend the bill's provisions to bar all products of establishments employing children from interstate commerce. The house measure was directed only against those in which child labor actually had been employed.

Amendments to make the prohibition apply only to children under 14 who could not read or write, to make it apply to children on farms and to postpone its effective date for two years were voted down.

The bill as passed would prohibit interstate commerce in the product of any mine or quarry in which children under 16 years of age have been employed, or in the product of any mill, cannery, workshop, factory or manufacturing establishment in which children under 14 have been employed, or in which children between 14 and 16 have been employed more than eight hours a day, more than six days a week, before 6 a. m. or after 7 in the evening. It would take effect after enactment.

In the closing hours of debate Senator Tillman denounced Southern cotton mill owners opposing the bill said that, while he believed it unconstitutional, he was tempted to support it because of the selfish interests fighting it. He also declared congress was too much influenced by the attitude of labor interests.

Crop Outlook Poorer. Washington, D. C.—Falling off in crop prospects amounting to many millions of dollars' loss to farmers of the country were indicated in the Department of Agriculture's August report, which forecast declines in indicated production in almost every important crop from the forecasts reported in July.

Wheat showed a loss of 105,000,000 bushels, corn 89,000,000 bushels, barley 11,000,000 bushels, and there were decreases in rye, white and sweet potatoes, flax, apples and peaches. A heavy reduction of the indicated production of cotton previously had been reported.

Nickel Loaf is Costly. Salt Lake City—A five-cent loaf of bread is an economic waste, in the opinion of C. N. Power, of Pueblo, Colo., who Wednesday addressed the convention here of the Master Bakers of the United States. He discussed the "10-cent loaf and why."

Efficiency, declared Mr. Power, demanded the baking of 10-cent loaves of bread rather than the 5-cent size. He estimated the cost of baking 1000 loaves of bread at 5 cents per loaf is \$3.55 more than the cost of baking the same flour into 500 10-cent loaves.

Petrograd Rioters Slain. Berlin—Twenty-eight persons were killed and more than 100 wounded in Petrograd during serious disorders which took place there July 30 because of almost complete exhaustion of the food supply, according to Stockholm reports given out Wednesday by the Overseas News agency. RAILROAD STRIKE SEEMS INEVITABLE

Congress is Urged to Take Immediate Action to Forestall Trouble.

National Chamber of Commerce Believes Arbitration is Futile—Wilson Much Concerned.

Washington, D. C.—Officials of the Federal government, including President Wilson, are closely watching developments in the controversy between 225 railway systems and their 400,000 employes, and are preparing to offer every possible aid in effecting an agreement and avoiding a strike.

Thursday the President forwarded to the Labor department an appeal he had received from the Chamber of Commerce of the United States declaring a strike inevitable "unless some strong measures of intervention are speedily introduced" and urging an inquiry. Acting Secretary of Labor Post said he was in close touch with the situation, but had not decided whether action by the department would be necessary.

The Federal board of mediation and conciliation, which is authorized by law to attempt to avert strikes on railroads, also is keeping watch of developments, and its officials expect to be called on as soon as the strike vote, now being counted, has been completely canvassed. They said that nothing could be done at present.

Copies of the chamber's appeal to President Wilson were forwarded to chairmen of the congressional commerce committees and the representatives of the railroads and employes.

Harry Wheeler, chairman of the chamber's committee on railroads, said he had recently attended a meeting of representatives of the employers and employes in New York, and that as a result his conviction was deepened that an amicable settlement was remote. "I am assured," he added, "there will be no modification of the attitude of the roads. Neither is it expected that the representatives of the men, with the new powerful strike vote in their hands, will recede from the position which they have taken heretofore."

Shark Startles Newport. Newport, Or.—Beach bathers were startled Thursday when they heard of the capture of a shark at the Devil's Punchbowl, 10 miles north of Newport. Their fears were dispelled later, however, when it was learned that it was a sand shark and not one of the man-eating species. The shark was washed ashore while Carl Shoemaker, state game warden, was visiting the bowl. He killed it and brought it to Newport, where it is now on display. Two years ago a man-eating shark, 25 feet long, was killed off Yaquina Bay.

Fruit Basket Bill Passed. Washington, D. C.—"The honest grape, fruit and berry basket bill," by Representative Reavis, of Nebraska, prescribing dimensions for standard baskets for interstate shipment of grapes, small fruits and berries, was passed Thursday by the house. Grape growers of New York and Southern and Western small fruit and berry raisers advocated its passage for protection against competitors using undersized containers.

NEWS ITEMS Of General Interest About Oregon

Nine Oregon Crops Valued at \$30,181,730; Wheat Leads

Salem—Oregon farmers this year will reap a profit this year of \$30,181,730 from nine principal products, according to estimates compiled Monday by O. P. Hoff, state labor commissioner. The crop of wheat, corn, oats, barley, potatoes and apples will each exceed \$1,000,000,000 in value.

The percentage of the combined condition of all crops during July, based on a 10-year average, was 94.3.

The biggest item in Oregon's enormous harvest this year, as in the past, is the wheat crop, which, based on crop conditions August 1, will show a yield of 11,781,000 bushels of winter and 4,000,000 bushels of spring, or a total of 15,781,000 bushels.

Commissioner Hoff's estimates indicate that the state's winter wheat crop is 86 per cent of the average for 10 years, while the spring wheat crop is 86.2 per cent. The estimated value of the entire wheat crop of the state at the farm on August 1 was 83 cents a bushel, or a total of \$13,097,230. The stock of wheat now held on Oregon farms is placed at 878,000 bushels.

The state bureau of labor statistics forecasts an oat yield of 13,500,000 bushels, worth \$5,412,000 to the Oregon farmer at 41 cents a bushel. The crop is 90.3 per cent of normal.

With 50,500 acres planted to potatoes this year and the crop 92 per cent of normal, a yield of 6,250,000 bushels is forecasted. At 80 cents a bushel this crop will have a value of \$5,000,000.

The state's apples crop will total 3,216,000 boxes of a value of \$3,216,000. The yield is 72 per cent of a 10-year average.

Barley will bring \$2,447,500 to the farmers, it is estimated, with a crop outlook of 4,450,000 bushels.

This year Oregon has 41,000 acres planted to corn, with a prospective yield of 86 per cent of normal.

Mr. Hoff estimates that 1,200,000 bushels will be raised, netting the producers \$1,008,000.

Although the yield of pears is but 68 per cent of average for 10 years, because of unfavorable climatic conditions this year, the estimated crop is 510,000 bushels, worth \$510,000.

The rye crop, estimated at 91 per cent, will total approximately 418,000 bushels, valued at \$418,000.

Because of recent rains the hay crop, it is estimated, will run only about 2.1 tons an acre, 88 per cent of the 10-year average.

The peach crop this season is forecasted at 272,000 bushels, 69 per cent of normal, and valued at \$272,000.

The grape yield is placed at 80 per cent, and the blackberry and loganberry output at 94 per cent of the average for 10 years. The condition of truck crops for canning purposes on August 1 is placed as follows: Snap beans, 80 per cent; cabbage, 91 per cent; sweet corn, 71 per cent; cucumber, 68 per cent; peas, 90 per cent; tomatoes, 76 per cent.

On August 1, the estimated value at the Oregon farm of the state's main products Commissioner Hoff places as follows: Corn, 84 cents a bushel; wheat, 83 cents; oats, 41 cents; barley, 55 cents; rye, \$1; onions, \$1.20; clover seed, \$12; timothy seed, \$4.73; alfalfa seed, \$13.37; beans, dry, \$5.27; butter, 27 cents a pound; eggs, 23 cents a dozen; chickens, 11 cents a pound; hay, \$11.43; potatoes, 80 cents a bushel; hogs, \$7.51 per cwt; beef cattle, \$6.92 per cwt; milk cows, \$70.75 per head; sheep, \$6.25 per cwt; horses, \$107.30 per head; lamba, \$7.25 per cwt; calves, \$8.95 per cwt.

Big Lane County Wool Pool Brings 40 Cents Per Pound Eugene—Announcement of the virtual sale of 40,000 pounds of Lane county wool, constituting the Pomona Grange pool assembled in Eugene, Cottage Grove and Junction City, to the Portland Warehouse company was made this week by C. J. Hurd, market master of the grange. The price, though not announced, is understood to have approximated 40 cents a pound.

The wool has been shipped to Portland and will be graded there, after which final settlement with the growers will be made. The Portland concern made an advance to the growers nearly equaling the market price. The pool represents wool belonging to 137 growers.

Bottle Tells Zeppelin's Fate. Berlin—Extracts from letters found last February in a bottle picked up in the Skagerak, containing last messages from the commander and crew of the Zeppelin L-19, wrecked in the North Sea, have been given out. The writings included the final report of the Zeppelin's commander, written an hour before the airship went down. The greater part of the extracts consist of personal messages to members of the victims' families. One of them says "an English trawler came along this morning, but refused to save us."
