Round-Up President T. D. Taylor has received an autograph letter from Col. Theodore Roosevelt in which the famous Rough Rider advises that at present he cannot accept the invitation to witness the 1916 Round-Up, September 21, 22 and 23, but if at a later date it is possible for him to make Oregon during the presidential campaign now on he will be glad to accept. The Round-Up management still has hopes that he will be able to come for it is certain that the 1916 attendance will break all records as it is and with Mr. Roosevelt here it would be a highwater year. As for the show it will be up to the usual Round-Up standard with many new, novel and daring features. Already ticket reservations are double those of last year and equal to those of 1913. The prize list has been increased a couple of thousand dollars which insures a big number of high class contestants.

Davis-Kaser Store News

The Big Summer Sale ends Saturday night, August 19th. Next week a quick, short Rummage Sale of Odds and Ends, dropped Patterns, Remnants and Summer Goods at prices calculated to close them out quickly, regardless of value. Hundreds of items will be included though early buying is suggested, as most of the items are only one or two of a kind.

Among the new arrivals this week was a car of Menorah Malleable Ranges and a car load of Great Western Heaters. Another car of heaters is now on the way from the factory. A full line of samples will be on the sales floor by September 1, and as usual at Davis-Kaser's a correct store for every purpose.

In our Drapery department not only has the stock been more than doubled by the addition of many new fabrics, but a competent outler and sewer has been employed—one having had many years of active experience in some of the best departments of the Northwest, so we can now make up work in most approved manner when desired.

A VERY INSTRUCTIVE LECTURE

Col. T. P. Ledwidge, Agricultural engineer of the de facto Mexican government, addressed an appreciative audience in Athena, Tuesday evening. Col. Ledwidge, Polish, American born, naturalized Mexican citizen, told in a most impressive way the true conditions of the Mexican revolution, the causes leading up to it and the remedy for instilling national life into the Mexican republic he said, lay within the hands of the people. He told his audience that the shackles could be removed from Mexican postage quicker by American schoolmasters than by American gold or military intervention. Col. Ledwidge expressed the belief that the Villa raids were incited by Americans who have large holdings in Mexico acquired under conditions which have brought the Mexican people to serfdom. He named four Americans owning vast areas of land who were friends of intervention. They are William Randolph Hearst, newspaper publisher, 25,000 square miles of land; Harrison Gray Otis, newspaper publisher, 27,750 square miles; Charles F. Taft, brother of ex-President Taft, 22,250 square miles; and Louis Terrazas, 35,000 square miles.

The speaker said he was one of 150 lecturers now touring the United States for the Carranza government with the purpose of enlightening the people in regard to Mexico.
