The Athens postoffice was blown open Tuesday night or early Wednesday morning. The job was complete so far as gaining entrance to the safe goes, the door being blown completely off, but the burglars secured only 60 cents in cash and \$300 postage stamps. But a slight clue has been obtained by the officers and the capture of the perpetrators is doubtful. They took a sledge from the section house at Weston, rods in this city and after the robbery, made their getaway on it. They took tools from

the section house at Weston, and from the Coocoma shop here. Entrance to the postoffice building was gained through two back doors, where a brace and bit was used to cut holes through which a hand could be thrust and the doors unlocked. A tin box in which savings deposit blanks and other papers had been placed, was found in the railroad yards, Wednesday morning. The sledge was found yesterday on Dry Creek, near the Barrett warehouse.

When Wesley Tompkins was driving his car to Walla Walla Saturday, he met three young ladies on Horseback just below Blue Mountain station with disastrous results. Upon rounding a curve, he saw them coming at full gallop, and endeavoring to pass them, but one horse began a sliding canter which brought it and the rider in violent contact with the car, with the result that the girl was thrown into the car, the windshield shattered and other damage done to the car. The rider was uninjured.

The entertainment given by the children under the direction of Mrs. Adah Leah Rose Tuesday evening at the opera house, though not very well attended, deserved better patronage. In separate groups, the brownies, fairies, butterflies, gypsies, cloves, wood nymphs and wee-wees, appeared in characteristic songs and exercises. Miss Zola Keen in her pleasing manner, gave a character reading, and the evening's entertainment was closed with an interpretative dance by Mrs. Rose. The ladies of the literary board assisted in the management of the affair.

In the wreck of a Ford car on the macadam road, below Adams Monday night, Glenn Finch, a Pendleton mail carrier, received injuries from which he died early Tuesday morning, and two other men were painfully hurt. William McCarthy was driving the machine without lights, and when near Eastland the car suddenly left the road, and the driver swerved it to bring it into the road again, when it overturned. The four occupants were thrown out on the macadam road, and Finch's skull was fractured. Another car was following, and the injured men were hurriedly taken to Pendleton.

**SATISFY!**  
—what does that mean?

It means that NEW quality, in a cigarette, that does for your smoking exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do far more than just "please" you—it must let you know you've been smoking.

That's what Chesterfields do—they satisfy! And yet they're MILD!

For the first time in the history of cigarettes, here's a cigarette that satisfies and yet is mild! Chesterfields! Other cigarettes may be mild, but they don't satisfy. BUT, Chesterfields satisfy—yet they're mild!

This is new enjoyment for a cigarette to give. It is something that no cigarette, except Chesterfields, can give you—regardless of price.

Why?  
Because no cigarette maker can copy the Chesterfield blend!\*

Try Chesterfields—today!

**School Notes.**

Monday, September 11 is nearly here and school once more will be in session. One little fellow says to his earnest listeners: "I'll be in the fourth grade this year," while his older sister is pleased to state with more or less dignity: "I'll enter the Sophomore class at the opening of school." Vacation days have become more or less a burden on the younger generation and are ready for something new. Many of more mature years are heard to say something worth while. That is right—our schools are worth while. They are worth most when given the best support possible by all alike. Proper equipment, good teachers, willing pupils and helpful parents make our schools of so much value to the boys and girls of the community.

For the first time in the history of the Oregon High schools, the State Department of Public Education has prepared a complete outline of the subject matter for the standard High schools of the State. Our school is pleased and we are ready to cooperate with the State Department under the supervision of J. A. Chubob in making use of the material that has been well prepared. Also, the course of study for the grade schools has been revised and copies were placed into the hands of the teachers this week for the first time. With this help, teachers will be in a better position to work with a high degree of efficiency.

The superintendent will meet the members of the teaching force at 9 o'clock tomorrow morning, to give special instructions and plans for the opening of school Monday morning. Already several teachers have arrived and are busy with programs and other details so necessary to a successful beginning. J. O. Russell.

**Announcement.**

Mrs. J. O. Russell wishes to announce to parents and friends of Athens and vicinity that she will instruct in piano during the fall and winter. She is a teacher of twelve years experience, and was a student of I. Wirtz from Oberlin College, Ohio and Dr. Z. M. Perin, head of Northwestern College of Music, Portland, Oregon, a graduate with high honors from the Atlantic School of Music, Germany. Mrs. Russell has made a specialty of teaching children of school age. She solicits your patronage.
