WASH THE CELERY STALKS

Advice Given by the Department of Agriculture Should Be Heeded by Every Housewife.

Since the United States Department of Agriculture has discovered that it isfactory celery to market unless the plants have been sprayed with bor deaux mixture, or the salts of copper declared injurious for use in food products, two warnings have been issued, one to the housewives telling them to wash the celery before using it, and

that the danger in using this blight preventative was due to a faulty spraying apparatus. It should be spread at high pressure to make a fine mist instead of in a stream which settles on the leaves and runs down the stalks. In this way it settles in the There was a young woman of Worroots and is not washed away by the rain, giving the celery a blue look. However, even if the spray is prop erly used the department of agriculture advises the consumer to break the bunches and wash and scrub the

He Would Find Out.

Henry Irving, in his early days, once played a part which in the first act called for a dark stage. In this dark-ness he fought with an old earl, throw him heavily and, when he did not rise after the loud thud of his fall, Irving

would cry out: "Great heavens! What have I done?'

One night he played the part in a small English town. A stage hand was very much impressed with the play and to him the scenes quickly became real. So that when Irving reached the climax, felled the old earl to the ground and spoke the line, "Great heavens! What have I done?" he was startled to hear the stage hand
