**McEwen-McCool Wedding.**

The wedding of Andrew Luvois McEwen, prominent young farmer of Athena, and Miss Nellie McCool, daughter of Mr. and Mrs. Hugh McCool pioneer residents of Walla Walla, was solemnized in that city Wednesday evening, at 7:30, at the home of Rev. Father Van De Ven. Of the event, the Walla Walla Union says:

"The bride was dressed in a traveling gown of champagne color with hat and veil to match. Her bridesmaid was her youngest sister, Miss Jane McCool, who was dressed in a suit of the same shade. George Winship, of Athena, was best man.

"A reception was held immediately after at the suburban home of the bride's parents south of the city, this being attended by about 100 Walla Wallans and people from out of town. The McCool home was beautifully decorated, the parlor and living room having red cupid and hearts with red and white carnations. In the dining room the cupid and hearts were hung from the ceiling, red candles adding to the beautiful effect. Salad was served by Mrs. Walter McCauley and Miss Margaret Finn; punch by Mrs. L. W. Archibald; coffee by Miss Grace Lane.

"Out of town guests included Mr. and Mrs. Henry Barrett and Ralph McEwen of Athena. The couple will make their home near Athena."

**LET THESE Washington and Oregon Battleships**

**Protect Your Prosperity**

How will you handle your grain this year? Bulk grain is here! Southern Idaho built approximately 50 Elevators. Eastern Washington and Oregon about 50 last year; it is authoritatively stated that 150 Elevators will be built in the Columbia River Basin this year.

We are now planning and building Elevators in Eastern Washington and Oregon. Portland plans new million bushel Elevators! Astoria will double capacity of elevator. Seattle recently completed million bushel elevators at docks. Spokane farmers' meeting of last year almost unanimously voted for bulk grain. Oregon Agricultural College meeting indorses bulk grain system. Every Saturday brings word of some farmers meeting to adopt bulk grain handling. At Pendleton meeting N. B. Atkinson of Wasco county, Oregon, told of farmers building elevators and paying for them with sack money the first year.

**BULK GRAIN IS HERE MAKE MONEY IN 1917**

Sacks are out of date. Handling in bulk saves 2c to 3c per bushel. And this saving is made above the cost of installing granaries (as shown above.) Bulk handling insures getting ALL the profit, and reduces the labor very materially.

Act now—Come in Today—Look over our many designs—Ask us how you can equip your farm for handling bulk grain—By using the money you would pay for sacks for one year—After that you save money every year.

**Tong-Lok Grain Bin**  
1500 Bu \$140, 2000 Bu \$165

Most practical bin on the market, made of yard seasoned wood—all cut to exact sizes, grooved and tongued—easy to erect, no "expert" help required—put up in less than a day. Perfect storage under all conditions. Better than metal and far lower in cost. Metal bins sweat and rot contents. They warp and bulge and are easily damaged, and terribly expensive.
