and Arleta Willaby have moved to Condon to reside and Fred, Frank and Charlotte Hass have also moved away.

Mrs. H. I. Watts was a recent visitor to Miss Fortna's and Miss Sherman's rooms, and Mr. Ernest Richards to Miss Wagner's room.

Mr. Ernest Richards, Secretary of Education of Willamette University gave an interesting address to the pupils of the High school last Tuesday afternoon. In his address he gave a valuable outline of the general courses offered at Willamette and the high aim of the school.

A declamatory contest held in Miss Barnes' room last week resulted in the choosing of Velton Read, Olive Shirk and Max Newson to represent the 3rd, 4th and 5th grades at the local contest which will be held April 13th, in the high school auditorium.

Miss Barnes' room received the greatest number of points for the past month and although the cup now belongs permanently to Miss Wagner's room the pupils of the latter room have kindly agreed to let Miss Barnes' room have it for a period of three days.

The Athena High baseball team will make its first appearance in new uniforms this afternoon, when they will meet either a local town team or the Hell School nine. This will be in the form of a practice game rather than a contest. The local team will be closely watched as to its ability since the loss of its last year's twirling staff. No reply has been made by the Indian Agency School team to a letter recently written to them and games with them are still uncertain.

Coach Post has received official notice from Walla Walla High to the effect that they will not be able to play Athena this season. Two games with Pendleton High are practically assured. The first to be played at Pendleton April 13th, and the return game here May 1. The contest here on May 1 will be a special attraction for the May day festival.

The boys of the high school Manual Training class have been very busy this year making numerous articles to be used in the school building and several of the advanced students are preparing pieces of furniture for household use.

Among articles made for school purposes are the tool cabinet, which Mr. Allingham pronounced to be a fine piece of workmanship, and the work benches and lumber racks. Bulletin boards have been made and distributed among the different rooms. Useful articles of household furniture which the students have finished are bookcases, pedestals and taborettes. Visitors are cordially welcome in this department.

Order Vacating Sale and Directing Re-Sale of Property.

In the County Court of the State of Oregon in and for Umatilla County. In the Matter of the Estate of Maggie LaBrache Franz, Deceased.

Now on this day this matter coming on to be heard upon the return of the sale of realty made by the Executrix, Mary LaBrache Baddeley, and it appearing to the Court that the executrix herein by an order made and entered on the 29th day of Dec., 1916, was directed, empowered and licensed to sell the realty belonging to the estate herein, said realty being described as follows, to-wit: Lots one (1) and two (2) and the southwest one-fourth of the N. E. 1/4, all in Sec. 32, Tp. 4, N. R. 35, E. W. M., Umatilla County, Oregon, containing 89 acres. And, it appearing that the executrix herein under and pursuant to said order, on the 27th day of January, 1917, sold said realty at a private sale as she was directed to do and as was advertised and that on the 3rd day of February, 1917, the executrix herein made a return of said sale and showed to the Court among other things that the highest and best bid made and offered for said described land was one hundred sixteen and two-thirds (\$116.66 2/3) dollars per acre or the sum of ten thousand three hundred eighty-three and 33 1/3 100 (\$10,383.33 1/3) dollars for the eighty-nine (89) acres, the bid being made by J. C. Baddeley, and it appearing that objections to said sale and the confirmation thereof was filed on the 3rd day of February, 1917, prior to said sale being confirmed, said objections being based upon the fact that the sum bid by J. C. Baddeley for said realty was disproportionate to the value thereof and that a sum exceeding said bid by ten per centum, exclusive of expenses of a new sale could be gotten from other parties who were ready and willing to deposit the ten per centum advance on the price, together with the costs of re-sale, and it appearing that on the 9th day of March, 1917, Earl Gillanders of Pendleton, Oregon, bid and offered to the Court herein for said described land the sum of eleven thousand four hundred seventy-one and 61-100 (\$11,471.67) dollars, or ten per centum more than the bid received by the executrix on January 27, 1917, plus fifty (\$50.00) dollars for the cost of re-sale, and that he has deposited with the Court on said bid the sum of ten hundred eighty-eight and 34-100 (\$1088.84) dollars as directed by the Court in order that the Court might vacate the sale of said land which was made on January 27, 1917, to J. C. Baddeley and order the land resold. The Court being advised in the premises and it appearing to the Court that it is for the best interest of the estate that said land be re-sold:

Now, therefore, it is Ordered that the sale of Lots one (1) and two (2) and the southwest one-fourth of the N. E. 1/4, all in Sec. 32, Tp. 4, N. R. 35, E. W. M., Umatilla County, Oregon, containing 89 acres, which was made by the executrix, Mary LaBrache Baddeley, on January 27, 1917, to J. C. Baddeley for the sum of ten thousand three hundred eighty-three and 33 1/3 hundredths (\$10,383.33 1/3) dollars be and the same is hereby vacated and set aside.

It is further Ordered that the Executrix of the estate herein re-sell said described land at a public sale to be held at the front door of the dwelling house on said premises, said sale to be held at the hour of eleven o'clock a. m. Saturday, April 14, 1917, and said land to be sold to the highest bidder for cash in hand, and at a sum not less than the present bid, to-wit: Eleven thousand four hundred seventy-one and 61-100 (\$11,471.67) dollars, the price now offered for said land by Earl Gillanders.

Be it further Ordered that the executrix of the estate herein give notice of the time, place, manner and terms of the sale of said described land by publication of this Order in the Athena Press, a weekly newspaper published at Athena, Umatilla County, Oregon, having a general circulation throughout the State, said publication to run for a period of four consecutive weeks prior to said date of sale; the first publication to be made on Friday, March 16, 1917, and the last publication to be made on Friday, the 13th day of April, 1917, and that the executrix post notices of said sale as by law required.

Done and dated in open Court at Pendleton, Umatilla County, Oregon, on this 12th day of March, A. D. 1917.

CHAS. H. MARSH,
County Judge.

Protect Your Prosperity

How will you handle your grain this year? Bulk grain is here! Southern Idaho built approximately 50 Elevators. Eastern Washington and Oregon about 50 last year; it is authoritatively stated that 150 Elevators will be built in the Columbia River Basin this year.

We are now planning and building Elevators in Eastern Washington and Oregon. Portland plans new million bushel Elevators!

Astoria will double capacity of elevator. Seattle recently completed million bushel elevators at docks. Spokane farmers' meeting of last year almost unanimously voted for bulk grain. Oregon Agricultural College meeting indorses bulk grain system. Every Saturday brings word of some farmers meeting to adopt bulk grain handling. At Pendleton meeting N. B. Atkinson of Wasco county, Oregon, told of farmers building elevators and paying for them with sack money the first year.

BULK GRAIN IS HERE MAKE MONEY IN 1917

Sacks are out of date. Handling in bulk saves 2c to 3c per bushel. And this saving is made above the cost of installing granaries (as shown above.) Bulk handling insures getting ALL the profit, and reduces the labor very materially.

Act now—Come in Today—Look over our many designs—Ask us how you can equip your farm for handling bulk grain—By using the money you would pay for sacks for one year—After that you save money every year.

Tung-Lok Grain Bin

1500 Bu \$140, 2000 Bu \$165

Most practical bin on the market, made of yard seasoned wood—all cut to exact sizes, grooved and tongued—easy to erect, no "expert" help required—put up in less than a day. Perfect storage under all conditions. Better than metal and far lower in cost. Metal bins sweat and rot contents. They warp and bulge and are easily damaged, and terribly expensive.

5000 Bu. Grainery

Level ground type - \$331.00
Side Hill type - \$311.00
Can be built larger or smaller as desired.

1000 bushel portable Grain Bin, \$48.00

Can be built larger or smaller as desired.

Complete plans and specifications prepared by our expert architects and engineers showing every detail of construction. We'll be glad to show you these plans and talk over your needs for the coming season.
