**Why did you strike this man?** asked the judge sternly.  
 "He called me a liar, your honor," replied the accused.  
 "Is that true?" asked the judge, turning to the man with the mused-up face.  
 "Sure it's true," said the accused. "I called him a liar because he is one, and I can prove it."  
 "What have you got to say to that?" asked the judge of the defendant.  
 "It's got nothing to do with the case, your honor," was the unexpected reply. "Even if I am a liar, I guess I've got a right to be sensitive about it, ain't it?"—Topeka State Journal.

**SAGE TEA DANDY TO DARKEN HAIR**  
 It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.  
 Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.  
 This is the age of youth. Gray haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.  
 This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

**Never Again.**  
 A recruiting sergeant stationed in the south of Ireland met Pat and asked him to join the army. The latter refused, whereupon the sergeant asked his reason for refusing.  
 "Aren't the king and the Kaiser cousins?" asked Pat.  
 "Yes," said the recruiting sergeant.  
 "Well," said Pat, "begorra, I once interfered in a family squabble, and I'm not going to do so again."

**Logical Conclusion.**  
 "He is not out of the woods yet."  
 "That is why they think they can tree him."—Baltimore American.

**Safe.**  
 A few days ago a well-dressed and very charming young lady halted a four wheeler, there being no taxi in sight. Just as she was getting in she noticed that the horse seemed inclined to be frisky.  
 He was jumping about and swishing his tail in a way that alarmed her; she was a timid little thing.  
 So she addressed a few words to the ancient Jehu:  
 "I hope," she said, smiling bravely, "you will not run away with me."  
 The cabby sighed mournfully.  
 "No, mum," he replied, "I have a wife and seven kids at 'ome already!"

**PAINS SHARP AND STABBING**  
 Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. ETNA DORION, Ogdensburg, Wis.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old-fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.  
 If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

**POULTRY**  
 When you see your fowls pecking the feathers from their mates, it's an indication that they want animal food of some kind.  
 When fowls begin the practice of "feather-pulling" they become almost worthless. See that they are provided with meat before they get the habit.  
 It's not how much you feed, but the kind and the manner you feed it. If you have a hopper, you can feed enough to last the fowls several days.  
 If you feed in litter, make sure that the litter is deep enough that the fowls will have to work long and hard to obtain it, then you will get eggs.  
 It's the leading fowls that introduce evil habits, such as egg-eating, feather-pulling and such things. Make them work for a living and you will escape such evils.  
 Hens which are not properly fed and do not have pure air to breathe, suffer from the cold more than those which are well fed and kept in well-ventilated houses.  
 An uncomfortable hen is not a good fayer; therefore, make the poultry house comfortable and cheerful, if you want to get the best results from the food you feed.  
 Although geese and ducks are water fowls and often will swim in the coldest water, they must have the floor of their house well bedded with dry material or they will not be healthy.

**IF KIDNEYS ACT BAD TAKE SALTS**  
 Says Backache is sign you have been eating too much meat.  
 When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become weary of paralyzed and laggard. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, uric acid, sour stomach, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seeps and you are obliged to seek relief two or three times during the night.  
 Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize the uric acid in the urine so it no longer irritates, thus ending bladder weakness. Jad Salts is life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

**A Complexion That Everyone Admires!**  
 Don't envy a good complexion, have one. Each time you cleanse your face with Resinol Soap you give it a "beauty treatment" with the soothing, healing Resinol medication. If added, in severe cases, by a little Resinol Ointment, this usually leaves the complexion naturally clear, fresh and free from pimples, redness, roughness and blotches. Resinol Soap for the shampoo keeps the hair live, rich, and free from dandruff.  
 Garfield Tea, taken regularly, will correct both liver and kidney disorders.

**House Building in Bermuda Simple and Cheap Process.**  
 When a native of Bermuda decides that he wants to build a house he goes to some quarry where the soft, rich, creamy coral sandstone has been stripped of its thin earth covering, and begins sawing. He, or someone employed by him, with a long, coarse-toothed saw, cuts out blocks of stone measuring about two feet long, one foot wide and six inches thick. As soon as he has quarried enough of these blocks he allows them to stand in the open air for a few weeks to harden, for when first cut they are as full of holes as a Swiss cheese and almost as soft. Joseph Larin writes in St. Nicholas. The hardening period over, the blocks are placed one on top of another to form the walls, and one beside another on a supporting framework, overlapping a little at their upper and lower edges to make the roof.  
 When the building has been erected the Bermudian covers his outside walls and roof with a thick coat of whitewash, which hides all the cracks and joints and holes in the stone and gives the house a smooth, beautiful finish, which is very pleasant to the eye, and just as pleasant to the sense of touch. Even the big chimneys, the porches and the fences are built of the same stone.  
 The white roofs have another important object, for the rain that falls upon them, as it runs off, is caught and led into cisterns. It is easy to understand how important this is when one learns that there are no streams or wells in Bermuda, and that the islanders are thus entirely dependent on those cisterns for their water supply.

**The Road of Dreams.**  
 Out on the edge of the work-a-day sphere, Far out from the course of time, Where the silver light of the moon shines clear,  
 The vesper call-bells chime,  
 Always, it seems,  
 Luring with schemes,  
 You to the road of dreams.  
 And wild and free are thoughts that arise In a breath of pilgrims there—  
 And hold is the message flashed from the skies:  
 "A wreath for those who dare."  
 Sheds golden gleams  
 Out on the road of dreams.  
 A poor, poor place is the work-a-day land; Few of its sweets are real  
 Compared to joys that are ever at hand  
 When the day dreams o'er you steal.  
 What is it for schemes  
 With reality tears,  
 There is the road of dreams.  
 And so we are prone our faith to renew  
 Daily at eventide,  
 Knowing our souls will be soaring to view  
 Joys our flesh is denied.  
 Ever it gleams  
 Faith in what seems—  
 Out in the road of dreams.—Pittsburgh Post.

**With the Fingers! Says Corns Lift Out Without Any Pain**  
 You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from itching and blood poisoning are now sold by Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callous the soreness is relieved and soon the entire corn or callous, root and all, lifts off with the fingers.  
 Freezone dries the moment it is applied, and simply shrivels the corn or callous without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callous. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

 She paused to let this momentous statement sink in.

 "And what way is that?" she hissed.

**GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD**  
 Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.  
 Look at the tongue, mother! If coated, a little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, or a clear, watery, sticky discharge, or Syrup of Figs, and in a few hours all the food, constipated waste, undigested food and sour bile gently moved out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

**Get the Habit of Drinking Hot Water Before Breakfast**  
 Says we can't look or feel right with the system full of poisons.  
 Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.  
 There are vast number of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.  
 People who feel good one day and badly the next, but who simply can not get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.  
 Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

**THE NEWEST REMEDY FOR Backache, Rheumatism and Dropsy.**  
 Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, these natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, drowsiness, irritability, headaches, chills, and rheumatism. In some people there are sharp pains in the back and loins, distressing bladder disorders and sometimes obstinate dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles and joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anurie."  
 During digestion uric acid is absorbed into the system from meat, eggs, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anurie," the new discovery of Dr. Pierce of Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always set the value of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination—this is done by expert chemists of the Medical Staff of the "Invalide" Hotel, if you wish to know your condition send a sample of your water to Doctor Pierce's "Invalide" Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Assisting Physicians will inform you truthfully.

**KNOW YOURSELF!**  
 Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1008 pages. Send to Dr. V. M. Pierce, Buffalo, N. Y., three dimes or thirty cents in one-cent stamps for a cloth-bound copy.  
**10 CENT "CASCARETS" IF BILIOUS OR COSTIVE**  
 For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

**Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches** come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascart tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

**10 CENT "CASCARETS" IF BILIOUS OR COSTIVE**  
 For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

**Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches** come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascart tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

**Used An Umbrella.**  
 Doctor—Well, how did your wife manage the shower bath, deacon?  
 Deacon—She had real good luck. Mm. Moody told her how she managed. She had a large old silk cap, with a cape to it like a fisherman's that came all over her shoulders and head.  
 Doctor—She's a fool for her pains. That's not the way.  
 Deacon—So my wife thought. Doctor—Your wife did nothing of the sort, I hope.  
 Deacon—Oh, no; she used an umbrella.—Exchange.

**Private Donlan, after serving three weeks in the army, was brought before his officer for some petty offense. Therefore, he sent this touching epistle to his mother:**  
 "Dear mother, I am now a defaulter."  
 His grief was too great to write more, so he got a comrade to post it for him and get himself down to do his punishment in silence. Five days later he got this:  
 "My dear son, I'm so glad to hear of your promotion. Be sure and be kind to the men under you, and never forget you were a private once yourself."—Exchange.
