Accompanying a picture of Dr. Osborne mounted on horseback, the following item appears in Sunday's Portland Oregonian: Lieutenant E. B. Osborne, formerly assistant state veterinarian of Oregon, was the representative of the Army at the recent convention of veterinary surgeons of Oregon, Washington and Idaho held in Portland. Lieutenant Osborne is in the Veterinary Corps and is stationed at Camp Lewis, although he is expecting to see service abroad.

Under date of June 29, Allie Bell writes interestingly from the Presidio, San Francisco, to friends here. He states that the Athena boys are in quarantine again, a man in their company having spinal meningitis. All are well excepting Forrest Zerba, who had had a minor operation. The boys have submitted to the second vaccination, but owing to his constitutional toughness, nothing "takes" on Allie. His address is: D. A. Bell, Co. L, 63rd Infantry, Presidio, San Francisco, Cal.

Mrs. B. D. Tharp and Mrs. Ralph Hassell attended the meeting in Pendleton Saturday afternoon of the Women's Division of the Patriotic Service League of Umatilla county, organized for co-ordination of all branches of women's war work. All members of the executive committee were chosen from Pendleton so that all could be called for meeting at any time. Within ten days the women of each district must nominate district chairmen. Those districts failing to do so will be supplied by appointments by the executive committee.

ZEROLENE

The Standard Oil for Motor Cars

The Popular Motor Oil
More ZEROLENE is used for automobiles on the Pacific Coast than all other oils combined. Leading motor car distributors praise ZEROLENE, correctly refined from selected California asphalt-base crude, because it maintains its lubricating body at cylinder heat and gives perfect lubrication with less wear and less carbon deposit. Get our lubrication chart showing the correct consistency for your car.

Correct Lubrication for the Air-Cooled Type Engine
Engines are either water-cooled or air-cooled. This, the air-cooled type, like all internal combustion engines, requires an oil that holds its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is correctly refined from selected California asphalt-base crude.
