We write fire insurance on the same principle—that prevention is better than cure. The premiums you pay on a Hartford policy buy more than indemnity in case of loss. They buy advice on fire prevention.

You can get through us, every help in that direction that the Hartford Company has developed during the 108 years it has been studying fires and their causes.

It will pay you to inquire into this service.

**Highest Testing Herd in Oregon**

FED FROM TUM-A-LUM SILO. "To begin with, Henry Helmholtz of Redmond, had the highest herd in entire state of Oregon. His 14 Holsteins walked away from 1600 cows in the test and won first place in the November Record averaging 953.7 lbs. of milk and 44.3 lbs. of butter fat in 30 days. The next highest herd, averaged only 855.1 lbs. of milk and 32.1 lbs. of butter fat. Mr. Helmholtz fed his cows Sunflower Ensilage and reports that the cows relished it as much, if not more, than corn

—sunflowers went 25 tons per acre, while corn went 5 tons. INVESTIGATE SUNFLOWERS for Silage. Ask the County Agriculturalist. Sunflowers produce several times as much per acre as corn—just as good feed—can be grown on non-irrigated land. NORTHWEST STOCKMEN are going to Silos—Dairy men—Sheep men—Beef Cattle men, are going to build TUM-A-LUM SILOS. TUM-A-LUM HOOP SILOS recommended over all other types of silos by Washington State College and many county agriculturalists.

TUM-A-LUM SILO—The first silo in Morrow Co., The first silo in Jefferson Co., The first silo in Deschutes Co., The first silo in Crook Co., The first silo in Sherman Co., The most popular silo in Umatilla, Yakima and Benton counties. The largest silo in Eastern Washington and Oregon. The coming Silo in Walla Walla Valley. Hundreds in actual use—built from our free plans and instructions.
