A Burning Question

After the fire the question is not "Was it insured?" The question is "What is your loss?" Insurance is a fine thing but a home that doesn't burn is far better.

Our cooperation with the Hartford Fire Insurance Company enables us to offer you a fire prevention service which will surround your home and your family with every precaution that it is humanly possible to take. It's worth knowing about.

Highest Testing Herd in Oregon

FED FROM TUM-A-LUM SILO. "To begin with, Henry Helmholtz of Redmond, had the highest herd in entire state of Oregon. His 14 Holsteins walked away from 1600 cows in the test and won first place in the November Record averaging 968.7 lbs. lbs. of milk and 43.9 lbs. of butter fat in 30 days. The next highest herd, averaged only 555.1 lbs. of milk and 22.1 lbs of butter fat. Mr. Helmholtz fed his cows Sunflower Essilage and reports that the cows relished it as much, if not more, than corn—sunflowers went 25 tons per acre while corn went 8 tons. INVESTIGATE SUNFLOWERS for Silage. Ask the County Agriculturalist. Sunflowers produce several times as much per acre as corn—just as good feed—can be grown on non-irrigated land. NORTHWEST STOCKMEN are going to Silos—Dairy men—Sheep men—Beef Cattle men, are going to build TUM-A-LUM SILOS. TUM-A-LUM HOOP SILOS recommended over all other types of silos by Washington State College and many county agriculturalists. TUM-A-LUM SILO—The first silo in Morrow Co., The first silo in Jefferson Co., The first silo in Deschutes Co., The first silo in Crook Co., The first silo in Sherman Co., The most popular silo in Umatilla, Yakima and Benton counties. The largest silo in Eastern Washington and Oregon. The coming Silo in Walla Walla Valley. Hundreds in actual use—built from our free plans and instructions.
