HAS SOMETHING OF A JOB

Bill is Finding That Thinking Up an
Explanation is by No Means
an Easy Task.

Bill Dudley and eleven other pin-
chle players who are members of a
progressive pinchle club left their
South side homes to go to Beech
Grove the other night. While at Poun-
tain square waiting for the Beech
Grove car Bill and Joe Beck got too
far away from the car to catch it and
the other ten went to Beech Grove.
Then Bill got an idea and he and Beck
stole home to where Bill's car rested—
for his wife won't let him take it out
after dark. They opened the garage
door noiselessly, pushed the car out
and down the street for a block and
then stepped on the starter. They
got to Beech Grove before the rest
of the club did.

Bill and his friend Beck drove home
after the club meeting and repeated
the performance in getting the car
back in the garage. Then he went into
the house. Presently the crowd came
along and yelled at Bill through the
window. Of course, that entailed ex-
planations on Bill's part to his wife as
to how he got home first. The other
members of the club say Bill has not
yet been able to explain to his wife
how he beat them home.—Indianapolis

Not Worth a Rooster.
Having lived next door to the home
of a minister, I was often called in to
witness a hasty wedding.
On one occasion the prospective
bride and groom arrived in a

farm wagon. After the ceremony
duly performed the bridegroom
to be excused just a moment—
returning from his wagon he
said: "Parson, I have no money to give
but here is a nice young rooster—
your Thanksgiving dinner, and I
bring you a turkey for Christmas."
On several occasions the minister
saw the same man in town and
seemed to avoid him. One day
meeting him face to face he said:
"Parson, I may as well tell you that
I am not going to bring that turkey.
I have found out she was not even
worth the rooster I gave you."—Chi-
cago Tribune.

Return of the Ox.
The ox as a beast of burden is com-
ing into its own again in the farming
communities of Maine and the oxline
and apparatus used by blacksmiths in
shoeing the animals, long ago thrown
into the discard, is in use again. The
sling consists of a rude frame of tim-
ber into which the animal is fastened
by a pillory. Straps are then drawn
under the body, the ends being made
fast to upper timbers of the frame.
In blacksmith shops 20 years ago the
slings were common. Oxen are less
expensive to feed than horses and are
equally as useful on small farms and
the rising value of feed is having
much to do with the comeback of the
ox as a work animal.

A bolshevik is a man who wants
what he hasn't and is dissatisfied with
it when he gets it.

Free American labor knows that bol-
shevism is the worst enemy free labor
can have anywhere.

The war cost \$197,000,000,000, of
which Germany will pay the largest
share and get the least benefit.

23 Years Ago.

[From the Press of June 6, 1896]

Frank Inley and Alma Witt have
procured a marriage license.
G. W. Bush and Miss Maggie Mc-
Kinney were married last Wednesday
at the home of J. W. Stamper, north
of Athena.

Judge N. T. Caton, of Sprague,
Wash., will preach in the Christian
church next Sunday.

Geo. Hilyard brought to town the
other day a bunch of rye that mea-
sured over 7 feet in height.

La grippe has been raging with a
vengeance in Athena the past week.
Among those who are afflicted are:
J. W. Smith, E. R. Cox, Mr. and Mrs.
Pickel, A. J. Parker, Max LeWin, Mrs.
Shove, Angus Gillis, and others.

Low Shaw narrowly escaped being
shot at the Exchange saloon Wednes-
day. He took a revolver from a draw-
er and in doing so it fell to the floor,
the jar discharging it. The ball passed
through a partition, went into the
back room, grazing the wall and fall-
ing to the floor.

Rigby & Son, the extensive reserva-
tion farmers, are at work on a canal
which will be utilized in carrying wa-
ter from the Umatilla river near the
Indian agency to the lands on the Ya-
ten-e-cou-its place.

Wednesday something over 100 crates
of strawberries were shipped from
Hood River to Portland. Prices in the
Portland market were good. At Tutter
they have been selling for 75 cents.

The river and canal bill has passed
over to the Senate. It contains the ap-
propriation of \$20,000 for the Cascade
Locks and authorizes the secretary of
war to expend \$20,000 immediately
available.

The pioneers who attended the re-
union held last week at Weston num-
bered 151. Twenty-six new names were
added to the roll, and fourteen deaths
were reported since last year's reunion.

SOLDIERS TO AID SCOUTS

War Department Urges Veterans of
France to Help the Boys by Be-
coming Scout Masters.

New York.—General March, chief of
staff, at the instance of Secretary Ba-
ker has directed the attention of army
soldiers returning from France "to the
opportunity which the boy scouts af-
ford for them further to serve their
country" by becoming scout masters.
"The war department," says the cir-
cular distributed at demobilization
camps, "is in full accord with purposes
of this movement and desires to assist.
It is felt that the co-operation of a
large number of officers and enlisted
men who have seen service in France
will inspire the boys with a spirit of
devotion to their country as nothing
else can do."

GIVES EARNINGS TO WAR

Massachusetts Artist Makes Remark-
able Record in Her Efforts
to Help.

Concord, Mass.—During the great
war just ended Miss Elizabeth Went-
worth Roberts, well-known artist of
this town, made a remarkable record
in her efforts to help in war work.
Since 1914 she has given all the money
she received for her paintings to
the many war relief funds.

It is estimated that about \$10,000
has been so distributed by her, the
largest amount, \$1,000, going to the
American ambulance field service in
France.

Court Thinks Loss of Girl Ample Punishment

San Francisco.—Apparently be-
lieving that the defendant had
been punished enough by seeing
the girl he had wanted to marry
in court as the bride of the man
he had shot, a jury here acquit-
ted George P. Livingston of a
charge of assault with intent to
commit murder.

BEST OF W. J. T. H. PROPHETS

Secretary of State of Kansas De-
clares the Muskrat is the
One Safe Bet.

Topeka, Kan.—J. T. Botkin, secre-
tary of state for Kansas, says the old
standby weather prophet for the past
forty years with him has been the
muskrat. Mr. Muskrat is the only me-
teorologist, according to Mr. Botkin.
"The goosebone isn't in it with the
muskrat," said Mr. Botkin in speaking
of the subject of a mild winter for
Kansas this winter. "When a mild
winter is in store for us Mr. Muskrat
doesn't build much of a house. It is,
as this year, very small, and merely a
shelter from an occasional blizzard."

With candy so high and flowers so
expensive, the cheapest way out for
the swain is to marry the girl.
