HELPFUL HINTS.

There are some ideas which it is

hard to get away from, in regard to ment values. The tender cuts of ment do not contain any D more nourishment

there in during an arrow of the second secon Ment that has been used for soup has lost its flavor but the food value is there, and by adding various season-

ings a most palatable dish may be prepared. A thrifty housewife may have two good meals from a three-pound knuckle of veal. Cover the meat with cold water and cook uatil the ment is tender but not tasteless. Remove the ment and add two tablespoonfuls of rice that is well cooked, a grating of emon rind or a pinch of mace, and a pint of milk, when hot serve at once.

For the second meal, cut the meat into bits. Fry a small onion in a little fat, remove the onlon and cook the ment. Cook with stock or water and cook five minutes, flavor with two teaspoonfuls of curry powder, thicken the gravy with flour and add a tablespoon-ful of vinegar. Serve with a border of

rice. Pieces of rare steak or roast beet make a most delicious dish when com-bined with the following: Put the ment through the meat grinder. Fry a small onion in a tablespoonful of fat. Put a layer of parballed pointoes, cut in slices, in the bottom of a baking dish. sprinkle with the meat and the fried onion, add a little gravy if at hand and pour over a cupful or more of tomatoes. Bake in a moderate oven until the potatoes are tender. Just before serving garnish the top of the dish with a tablespoonful of cooked green

peas. One Piece Dish .- Arrange a layer of sliced potatoes in a baking dish, cover with a sliced onion, then place pork chops over all and put into the oven to bake. Serve from the dish in which the food was baked. Salt and pepper is added when arranging the food in the dish. Bake until the chops are brown
