I ONLY WANT YOU TO DO WHAT YOU WANT TO DO.

That is have good health. You cannot have good health if you have poor teeth. Your system absorb a great amount of poison from bad teeth. Do not allow them to go on decaying. This is all aside from looks and comfort. Take a mirror, look at your teeth, then come in and I'll look. Together we'll arrange to put your mouth in a healthy condition, before you have to call on a doctor. I do not allow any dentist to excel my work, and very few can, or do try to compete with me in prices. Good materials and "last but not least," best looking work.
