TURKS CALL HALT IN **MILITARY MOVEMENTS**

Allies Are Asked to Send Delegates to Mudania For Conference.

Constantinople.-Orders for a cessation of military movements in the Chanak region of Asiatic Turkey and for the suspension of the activities of the Turkish irregular forces in Thrace have been issued by Mustapha Kemal Pasha, the Turkish nationalist leader.

The Turkish nationalist authorities have agreed to an armistice conference in Mudania and have request ed the allied high commissioners to appoint delegates. The nationalists will be represented by Ishmet Pasha and possibly by Hamid Bey.

London.-With the virtual acceptance by Mustapha Kemal Pasha of a conference at Mudania, the whole near eastern situation is considered emporarily easier. However, the fact that Turkish troops were still concentrating in the Ismid zone, notwithstanding that they had retired slightly in the Chanak zone, would indicate, according to remarks made after the British cabinet's second meeting, that "Kemal is still playing a game."

The Mudania meeting will be a pure ly military affair, to arrange, according to the original allied note to Kemal Pasha, that the neutral zone shall be respected and also to agree upon lines behind which the Greeks are to withdraw in Thrace, both points pending the general peace conference.

There will be present military representatives of the three allied powers as well as Greece and Turkey.
