Taxes Can Be Reduced

Continued from Page 1

business and other enterprise with the expense. Such a plan would save the taxpayers approximately \$100,000 a year, and I favor it.

Oregon is, per capita, the heaviest bonded state in the Union. A halt should be called in the plastering over our state of these mortgages on the property and toil of ourselves and our children, and the state be returned to a policy of sound and stable finance. I stand pledged to such a policy.

One of the first things I propose:

to do as governor will employ every power of the office to consolidate the boards, bureaus, commissions and committees that interfere with each other because there are so many of them. Their work overlaps and duplicates. There are too many ornaments drawing salaries and fees for doing little or no work. Fewer boards, fewer officials and more work by these boards and officials is the crying need of the state of Oregon. I pledge myself to work of correcting this conspicuous waste of the state's money.

Every man on the state payroll should actually work, and every man drawing a salary without earning it

should be fired.

It is commonly reported and widely believed that too small a percentage of the money provided for highways goes into actual construction of roads. There have been instances in which costly highways have had to be rebuilt within a year or two. Road building in Oregon has been a vast and expensive enterprise, in which there should be no leaks or wastes. I have faith in the gentlemen serving as highway commissioners, but hold that there should be a very thorough investigation of the operations of the working under them, to the end that excesses may be lopped off, all leaks stopped and a dollar's worth of road be built for every dollar of public money spent.

As governor I shall demand of the legislature that every appropriation bill shall be itemized, and I shall veto every appropriation bill that is not so itemized. In addition to that, I shall veto every unnecessary useless or questionable item in every appropriation bill passed by the legislature.

I shall exercise my prerogative to call to the attention of the legislature and suggest to it the enactment of such laws as will reduce the expenses of government to the minimum and equalize the burden of taxation, so that all property shall bear its just burden.

I can and will point the way for relief. I know the majority of the next legislature, coming from the tax-burdened people, will feel as I feel—that there must be relief. It is not a question of party politics, but a vital question of property rights, prosperity and the welfare and happiness of the people.

I refuse to budge one inch from this matter of taxation. It is the dominant issue. For more than 20 years I have talked and worked for lower taxes, and this will continue to be the first theme in my thoughts.

Taxes can and must be equalized and reduced, and I have here pointed out some of the ways the thing can be done.

ATHENA BOND ELECTION

To the voters of the City of Athena: At the special election held on September 6th at which was voted bonds of the City of Athena for refunding outstanding indebtedness, only nineteen votes were cast. A question of this importance ought to receive the attention of more of the people of the City.

For this reason the purchaser of the bonds has deemed it necessary to have the question resubmitted at the general election. Some doubt might arise as to whether all of the people had notice of the special election, and at a meeting of the Council on Monday night, it was determined to resubmit this question to the vote of the people of Athena at the general election November 7th.

The question involved is not one of making additional expenditures or entering into any new obligations. The City is in debt on account of a personal injury judgment and several other matters in the amount of \$20,000.00.

Unless the bonds are issued, it will be necessary for the City to levy heavier taxes in order to pay off this indebtedness. The issuing of the bonds is merely like renewing a note that is already due. I believe that this should be done and the amount paid off gradually and at a time when conditions are more nearly normal.

LAMAR

Several Athena teachers and other young people partook of a China Pheasant "mulligan feed" at the home of Mr. and Mrs. Marion Hansell Saturday evening. Later there was dancing, and in spite of the fact that several were rather foot weary from the hunt that day, it was enjoyed by all.

The Lamar school regrets the loss of four pupils, Lucille and Lois Smith and Lola and Everett Stockstill, who will attend at the new school house out north of town where Miss Booth will teach.

Mr. Ernest Haney is having his house painted.

Colonel Boyd was pheasant hunting in Lamar district Wednesday.

SPRING HOLLOW

Mr. and Mrs. Charles Morrisette attended the Oregon-Whitman football game at Pendleton, Friday.

Miss Kathryn Morgan and Miss Belle Pambrun spent the week-end in Walla Walla.

R. D. Sayres and J. H. Earl of Pendleton spent Wednesday at the Pambrun ranch, hunting pheasants.

Mrs. Clarence Tubbs and daughters Betty and Elaine came from Pendleton and spent the week-end at the ranch, south of town.

PUBLIC SCHOOLS

Now Is the Time for Passage of School Bill

Vote 314 x Yes

Passage of the Compulsory Public School Attendance bill now—this year—will insure that a minimum number of private schools and private school pupils will be affected. Of the 36 counties of Oregon 16 are at present without any private schools whatever. The combined aggregate of pupils in all the private schools in five other counties is fewer than 200. The total attendance at the private schools, of the grammar grades, of Oregon is about 9841. The total attendance at the public schools, of the grammar grades, is about 131,689. Surely if the public schools are good enough for the 131,689, they are also good enough for the other 9841.

At present, while the private schools are few and small, is the time to make the change proposed by the public school bill.

COSTS. No tax will be levied for years to come, as the bill does not take effect until September, 1926, and no tax then if the amendment is in the courts for several years.

When all attend our free public schools the additional cost will be slight, for the overhead will be the same. Most of the children will find a place in existing classes and the added expense to the average taxpayer will be nominal. The great benefit to our nation will be worth many times the small cost.

Now is the time to pass this measure, insuring that in Oregon all of our children will be educated to a common patriotism, common ideals and a unified allegiance to our institutions.
