The remarkable flight of Lieutenants MacReady and Kelly, from San Diego, Cal., to Indianapolis, Ind., a cross-country trip of 2100 miles, took from the British flag the world's record for distance in an airplane and marked up another triumph for the army air service.

The army now holds the world's rec ord for distance, duration, altitude and speeding in the air, in addition to several high marks for speed over meas-

ured courses.

An official statement said the daring pilots had traveled 2100 miles before engine trouble forced them to descend at Fort Benjamin Harrison, Indiana. The previous distance record was said to be 1936 miles, established by the British flyers, Alcock and Brown, when they flew across the At-

### **NEARLY 100 TARIFF CHANGES ARE ASKED**

Washington, D. C .- Applications to the tariff commission for action under the flexible tariff provisions of the new Fordney-McCumber law now total nearly 100. More than half of these have been received since the publication of regulations governing procedure before the commission last week.

Most of the applications are for changes in duty under Section 315 of the new law, which authorizes the president to increase or decrease duties by not more than 50 per cent. imposition of the retallatory duties under Section 316 relating to unfair methods of competition in the importation of foreign goods and under Section 317 relating to discrimination of other countries against commerce of the United States.

It was stated by the tariff commission that a preliminary investigation of some of the more important applications may be completed within about a week. No hearing on any the applications are in prospect before December and possibly not before January. Several months will elapse before the commission is prepared to make any recommendations to the president for changes in duties,

#### EX-KAISER IS MARRIED

Princess Hermione of Reuss Bride of Former German Emperor.

Doorn, Holland .- The German exemperor and Princess Hermione of Reuss were married Sunday at the house of Doorn, where the lord abides in exile. This second venture was a strange contrast with that day in 1881 when, as crown prince, he wedded Augusta Victoria, daughter of Grand Duke Frederick of Schleswig-Holstein.

Several of the offspring of that first union were present to set the seal of family approval to the new alliance. There were two ceremonies, a civil

contract drawn up and signed by "Wilhelm II" and "Hermione, Reuss," as they affixed their names; the second, a religious ceremony, conducted by the ex-court chaplain, Dr. Vogel, according to the Lutheran rites.
