GUNSHOT WOUND FATAL
Henry Mays, 18 year old son of Grant Mays of Waitsburg died in a Walla Walla hospital as the result of blood poisoning, caused by a gunshot wound received last Saturday while he was hunting ducks. The boy seemingly was recovering, when complications set in, causing death. The young man was a nephew of Mrs. C. A. Barrett, of this city. The body was taken to Waitsburg for burial.

Windmills Tell News in Holland.
Births, marriages and deaths in certain parts of Holland are announced by windmills. When a miller gets married he stops his mill with the arms of the wheel in a slanting position, and with the sails unfurled. His friends and guests frequently do likewise with their mills in token of the ceremony. To indicate a birth the wheel is stopped in a slanting position, but at a more acute angle than that of a marriage, and with the two upper sails unfurled. Should a miller die, the sails of the mill are all unfurled and the wheel is turned round until the arms form an upright cross, in which position they are left until after the funeral takes place.

Not Boosting, but—
The San Francisco man was speaking. "I do not believe in all this 'boost' business," he said. "There is too much brag about it. Especially I do not believe in running down other cities, other parts of the country. It is making claims to excellence that do not need to be made, and failure to recognize which is the country's loss, not ours. We should not do it. It is not modest and is likely to arouse jealousy. But I will say this much for San Francisco: Wherever you go from here it is worse."

Card of Thanks
For the kind assistance and sympathy we received at the hands of our friends, at the time of our sudden loss in the death of Mrs. Mary Webber, we extend our sincere thanks. William Webber and the Family.

The Red Cross is YOU working. Are you glad for what you did last year through the Red Cross? Do you want to continue the good work for humanity another year? Are you disposed to quit now when the need is so great? Men and women all over the county are leaving their own work and plunging into the work of making this campaign a success.

To every one from President down to the humblest citizen the Red Cross is related, related in service to people anywhere and everywhere. We cannot fail nor will we fail. The heart of American still beats warm and fast for suffering humanity.

As county chairman this word of gratitude is given out. For your fine loyalty in service; for your generosity in worthy gifts; for your clear vision of a great opportunity and for your nobility of soul in accepting it as a challenge to do big things in a big way, we are glad. The result is YOURS.

George L. Clark,
Chairman, Umatilla County Chapter
American Red Cross.

FARMERS' SHORT COURSE OFFERS MANY SUBJECTS

Seven short courses in practical farming are offered Oregon this winter by the agricultural college as follows:

Eleven weeks in tractor mechanics, Jan. 2-March 17.

Eleven weeks in general agriculture, same date.

Eleven weeks in horticulture, same date.

Five months as dairy herdsman, Jan. 2-June 10.

Four weeks in dairy manufacture, Jan. 2-27, repeated Jan. 28-Feb. 24.

Short course in horticultural products—canning, drying, jellies, etc., Feb. 5-24.

One week in beekeeping, March 19-24.

The work deals with methods of growing leading crops, handling the livestock, learning to run a tractor and care for it, handling the orchard, garden, berry patch and flower garden, managing dairy animals, butter, cheese and ice-cream making, managing bees, and converting fresh fruit and vegetables into conserved products.

The courses are explained in a small pamphlet free to those interested. Write O. A. C., Corvallis, Oregon.

Kitchener Cornered.

Lord Kitchener was once motoring with Colonel Sir T— when the chauffeur was incapacitated by getting an insect in his eye. "Can you drive a motor?" Kitchener demanded of Colonel Sir T—. "No," Kitchener's host replied, and was told, "Every officer should know how to drive a car." When the chauffeur recovered they continued their drive, while Sir T— ruminated on the field marshal's rebuke. Finally he turned to his chief and asked him if he could drive. "No," Kitchener replied sternly.

Wilson, in Speech, Cheered by 3000.

Washington, D. C. — The United States has remained content with a mere armistice in the late war and has not moved forward in a course toward world peace, Woodrow Wilson told a gathering of 3000 enthusiastic persons in front of his home on S street here. The crowd cheered wildly during the speech, and several times Mr. Wilson was forced to stop and acknowledge the cheers.

Red Cross Roll Call Under Way

Umatilla county's Red Cross Roll Call campaign, which began on Armistice Day and continues throughout the month of November, is well under way. Joseph N. Scott is county chairman, and Mrs. H. H. Hill of Athena, is chairman of the committee here. Subscriptions for membership in the Red Cross will be received at McFadden's Pharmacy, and all those not being personally solicited will be expected to call to sign up for the roll call.

Again the American people are brought face to face with a golden opportunity to assist in the solution of Humanity's problems: An opportunity to show forth the real sympathetic heart; An opportunity to prove that a great commonwealth will not forget; An opportunity to demonstrate the undying determination to carry on in times of peace as well as in times of war. This opportunity comes in the form of an appeal for the American Red Cross.

On November 11 the campaign began all over the county as well as over the whole United States, for funds to enable the Red Cross to prosecute its work in the future as it has done in past years. In order to do what is expected of it—in order to do what must be done in this county during the coming year, the Red Cross must have at least six thousand dollars. In a county of twenty-five thousand people and in a county which a few years ago gave forty-eight dollars for such work, it seems that a goal of six thousand dollars should be easily reached.

To tabulate some of the results of the past year's work of the Red Cross is but to remind you of what you as a county have done through your agency the Red Cross. Our Executive Secretary travelled more than six thousand miles visiting the branches and families in the county; almost four thousand people wanting help of one kind or another passed through the office at headquarters in Pendleton. Almost a thousand ex-servicemen were helped in various ways. Back pay from the Government amounting to twenty-seven thousand dollars was secured for them. The reinstating of war-risk insurance amounted to forty-eight thousand dollars.

Forty soldiers had lost their army discharge papers and without which not a cent of money could be claimed from the Government. The Red Cross got for these boys "Certificates in Lieu" and they were able to present their claims in order. The Red Cross was instrumental in securing over eighty thousand in actual cash for county ex-servicemen, while almost a half million dollars will come into this county through the aid that the Red Cross has given relative to bonuses and loan papers.

The Red Cross is working in closest union with the County Court. Many cases have been cared for,—investigations made,—information secured,—relief afforded without delay,—service rendered many families as well as individuals,—cases which belonged strictly to the county court which paid the bills but the Red Cross did the work. We must keep in mind that the Red Cross is the central agency for welfare work in the county.

What does it all mean? Just this:

DO YOUR FALL PAINTING

Now

The dreary winter months can be brightened by painting and varnishing now. Outside surfaces should be protected from the weather with paint and varnish. The inside will be more cheerful and inviting during the winter if re-finished. Use ACME QUALITY Paints and Varnishes to protect and beautify all home surfaces.
