

MCCORMICK-DEERING HARVESTER-THRESHERS

Specially Built for Hillside Harvesting!

**ONCE
OVER
AND IT'S
ALL
OVER**

ONCE OVER AND IT'S ALL OVER" yearly becomes the harvest slogan of a rapidly increasing number of practical, deep-thinking grain growers—men who know that low production cost is the surest guarantee of grain profits. These men are buying McCORMICK-DEERING HILLSIDE HARVESTER-THRESHERS! First, because the McCormick-Deering is a proved success, both at home and abroad. Second, because they realize the value of dependable, close-at-hand Harvester Company service.

The McCORMICK-DEERING Hillside Harvester-Thresher is a remarkable machine. Built for 12-ft. cut, this combination harvester and thresher cuts the grain, threshes it thoroughly, separates it from straw and chaff, and delivers it into wagon box or sacks. Straw is scattered at the rear as fertilizer for future crops.

Grain Is Delivered Direct From Sickle to Thresher

eliminating use of twine, hauling of shocks, and losses due to handling. "Once over" harvesting saves time and labor, and puts the grain in shape for immediate marketing when prices make this advisable. Grain cut and threshed with the McCormick-Deering is in every way equal to in quality or better than that cut and threshed with separate machines!

Plan Now for Harvest Time!

We suggest that you consider investment in one of these thoroughly modern and practical machines this year. Fully illustrated literature will be sent on request. Call on the McCormick-Deering dealer and learn more about this machine.

They led at the first quarter, 4-0, and the half at 12-5, and the score stood 20-all at the end of the fourth quarter, which necessitated the playing of an extra stanza of five minutes, in which Adams hooped two, bringing the count up to 24-20. Willamette University Game

In the second half Athena tossed baskets all round the collegians, but the latter were poison on free throws, converting 10 points out of

ANDY SMITH EULOGIZED STADIUM RECEIVES ASHES

Andrew Latham Smith, football coach, found rest in the silent memorial stadium at the University of California Friday, after W. W. Campbell, president of the University of California, in impressive obsequies eulogized him as a man who was "even greater in defeat than he was in victory." Smith died recently in Philadelphia.

The full roll of the University's undergraduate, graduate and faculty strength, augmented by the great football squads of the last six years that have made the "Smith system" nation-renowned gathered under misty skies outside the stadium an hour before noon.

"He stood perfectly the test of both victory and defeat," President Campbell told the bare-headed throng. "He was a manly man."

Captain Talma W. Imlay of last season's varsity team told the assemblage that California has given Andy Smith to eternity and his name will live for all time in the hearts of true Californians.

Another who spoke was John Stroud, California '13, who as graduate manager brought Smith to California from Purdue in 1916. At the conclusion of his address and as the bells of the Campanile on the university campus chimed the hour of noon, a United States army airplane bearing Smith's ashes and piloted by Lieutenant J. S. Glasscock, a friend of the dead leader, flew low over the empty and silent stadium and spread the ashes on the moist turf of the playing field. The crowd then dispersed.

GIBBON MAN PAROLED
John H. Brigham, ex-postmaster at Gibbon, was recently paroled by Federal Judge Bean, after he had plead guilty to embezzling \$1167.22 from postoffice funds. The leniency of the judge is ascribed to the fact that Brigham had formerly been a respected citizen, is the father of a family of eight children, and if given a chance, would pay back the money embezzled.

Col. W. F. Butcher, a well known lawyer and democratic politician, a former resident of Athena but now of Baker City, shot and seriously wounded J. C. White at that place Saturday evening. The fact that both officials and directors of the First National Bank of Athena serving for the year 1903 were re-elected for another year, is evidence that the stockholders of the institution were satisfied with the advancement the bank has made the past year under the present administration. The volume of business is steadily on the increase. The average amount of money on deposit for the year was \$145,000.

Harvey and Alex McDonald, of Walla Walla, are in the city, having been called here by the critical illness of their brother, Angus McDonald.

The old postoffice building was razed this week to make room for Froome's new brick. Mr. Froome will move the building now occupied by Parker & Reitz, barbers, to the lot south of the St. Nichols hotel, where an addition will be built to it. The second in the series of concerts being given by local talent under the direction of Professor J. S. Henry, for the benefit of Athena churches, will take place at the Athena opera house, Saturday evening, January 30.

FOOTBALL TACTICS USED IN CAPTURING ESCAPEE

Football tactics on the street at Yakima, resulted in the capture of Arthur Cornell, 42, who is said to have escaped from the Eastern Oregon hospital for the insane and who broke away from two deputy sheriffs only to run into a flying tackle executed by V. C. Bunce, a city fireman. The deputies found Cornell in a dentist's office and were escorting him to the county jail when he crouched and got away to a perfect sprint start.

Bunce, coming from the opposite direction, immediately went into action and threw Cornell for a loss. Cornell is being held for Oregon authorities. He says he was a sprint star in college.
