

MCCORMICK-DEERING HARVESTER-THRESHERS

Specially Built for Hillside Harvesting!

ONCE OVER AND ITS ALL OVER yearly becomes the harvest slogan of a rapidly increasing number of practical, deep-thinking grain growers—men who know that low production cost is the surest guarantee of grain profits. These men are buying MCCORMICK-DEERING HILLSIDE HARVESTER-THRESHERS! First, because the McCormick-Deering is a proved success, both at home and abroad. Second, because they realize the value of dependable, close-at-hand Harvester Company service.

The MCCORMICK-DEERING Hillside Harvester-Thresher is a remarkable machine. Built for 12-ft. cut, this combination harvester and thresher cuts the grain, threshes it thoroughly, separates it from straw and chaff, and delivers it into wagon box or sacks. Straw is scattered at the rear as fertilizer for future crops.

Grain Is Delivered Direct From Sickle to Thresher

eliminating use of twine, hauling of shocks, and losses due to handling. "Once over" harvesting saves time and labor, and puts the grain in shape for immediate marketing when prices make this advisable. Grain cut and threshed with the McCormick-Deering is in every way equal to in quality or better than that cut and threshed with separate machines!

Plan Now for Harvest Time!

We suggest that you consider investment in one of these thoroughly modern and practical machines this year. Fully illustrated literature will be sent on request. Call on the McCormick-Deering dealer and learn more about this machine.

22 Years Ago

February 5, 1914

Angus McDonald, who for two weeks hovered between life and death at the home of his sister, Mrs. H. O. Worthington, in this city, died at 4:20 o'clock Saturday afternoon. Mr. McDonald has been failing in health since last October.

Fred Marshal, a teamster, who was for a time employed in Athena where he hauled rock for the basement of the new Methodist Episcopal church building, after searching three and a half years and spending \$3000, his entire savings, has recovered his two little daughters who were kidnapped from his home at Boise nearly four years ago. He met them accidentally in a store at Pendleton last Friday.

At the regular meeting of the city council Monday evening John Harden, S. L. Spencer and Willis Bush were appointed judges and A. J. Bagley and C. O. Henry clerks for Athena's city election, which takes place Tuesday, March 8.

The exhibit of school work that goes to the World's Fair was on display at the school house Friday afternoon. It was very creditable, and interest displayed by patrons made the teachers feel amply repaid for the labor in getting up the display.

The farm house of Nels Johnson, south of Weston, with its contents, was destroyed by fire early Thursday morning.

Henry Barrett reports that the new high line between Athena and Milton has been completed and works satisfactorily.

Mr. and Mrs. Sam Booher and son, Lawson, visited in Walla Walla Wednesday.

Fred Ruble, a registered pharmacist of Portland, has accepted a position with Dr. Stone at the Pioneer drug store. Mr. Ruble comes to Athena highly recommended.

Azor Knight left Wednesday morning for Elk, Washington, where he has accepted a situation.

Byron Hawks left Monday for Milton where he has accepted a situation in Chastain's pharmacy.

For the benefit of those unfortunate people who are not permitted to enjoy our delightful Oregon climate we will chronicle the fact that the buttercups are now blooming in the pastures and lanes, and it is the pastime of the children after school hours to gather these harbingers of spring.

Last Sunday, January 31st, immediately after the morning service at the Christian church, was solemnized the wedding of Mr. Roy Beck and Miss Winnie Gerking. The wedding march was played by Mrs. Regester, of Hood River, and the couple came forward from their place in the congregation and were united in marriage by Rev. J. W. Jenkins, the ring ceremony being employed.

VETERAN PRINTER DEAD

The Weston Leader reports the death of Charles E. Powers, member of an early pioneer family of Oregon and a veteran printer of the Pacific coast, died January 14, 1926, at his home in San Francisco, California. Mr. Powers was a son of the late Richard M. Powers of Weston and was a native of Oregon, born near Albany, Linn county, in 1861. He was 65 years and two days old at the time of his death. He "held cases" on the Weston Leader, the East Oregonian and the Portland Oregonian in early years.

INTEREST IN MEETINGS

The Athena public evinced much interest in the revival meetings held at the Baptist church, and which have closed. Evangelist Laughlin who conducted the meetings, has gone to Goldendale, Washington, where he will open a series of meetings.

Hatching Chicks—Hatching eggs must be gathered at least four times a day, to insure good hatches and they must be turned once a day and kept at a temperature at about 55. Donald McFadyen will get good hatches for you if your eggs are hatchable for 7 cents per chick. Inquire for prices on baby chicks, White leghorns and Rhode Island Reds. Give your hens all the alfalfa leaves they can eat.

For Sale—Good alfalfa and bundle wheat hay, in quantities to suit. Clarence Tubbs, phone 30F14, Athena.

Notice—It will be of interest to those holding invitations to the Weston dances tonight and Friday February 5, to know that Payant's popular 6 piece orchestra will furnish music for these dances. Dance Committee.

Strayed—A brown Scotch collie dog. Finder please phone 23F4, Athena.

For Sale—Pure bred Plymouth Rock cockrels for breeding purposes. Ralph Allen, phone 24F11, Athena.

Marcelling—Miss May Lanning has taken over the Marcelling Parlor, formerly operated by Miss Florence Gagnon, and will appreciate the patronage of the ladies of Athena and vicinity.

Piano must be sold—Will sacrifice fine piano in storage near here for immediate sale. Will give easy terms to an established home. For full particulars and where it may be seen, address Portland Music Company, 227 6th street, Portland, Oregon.

A NEW JURY LAW FOR STATE OF WASHINGTON

A new jury law will soon be in effect in Washington state. The new law provides the assessor shall make a list and the clerk certify the list to the judge, or judges in July. The judge may then select the list and may have jury commissioners from three or more districts as advisors.

The only restriction is they must have five times as many names in the box as they draw for any venire.

If the judge wishes he can call in a voter from a jury district and get information as to whether any of the citizens are disqualified. The county can have from three to six jury districts.

After the venire appears the law

makes the following provisions for eliminating a juror.

"It shall be the duty of a superior judge to excuse from further jury service any juror, who in the opinion of the judge, has manifested unfitness as a juror by reason of bias, prejudice, indifference, inattention or any physical or mental defect or by reason of conduct or practices incompatible with proper and efficient jury service."

ATHENA BOYS WIN

By the score of 12 to 4, the Athena boys team defeated the high school team at Umapine Saturday night. The Athena girls were defeated 22 to 5. After the Umapine game, the Athena teams went to Milton, and witnessed the close game between Mac-Hi and The Dalles. The Dalles won out, 24 to 23.

THE FEDERAL WAREHOUSE ACT IS HELP TO FARMER

The Federal Warehouse Act which provides for the licensing and inspection of public warehouses by Government officials protects farmers from losses due to unsound or fraudulent warehouse receipts, says the United States Department of Agriculture. The law applies to warehouses for the storage of cotton, grain, wool, tobacco, etc.

"In almost every state where agricultural products are placed in public storage," the department says, "losses sometimes totalling millions have been reported. During the past season, losses sustained in two States by farmers who placed their grain in storage in public warehouses were exceedingly heavy, being estimated at more than \$200,000."

"A typical instance of loss is that of a grain farmer who stored his year's crop with a warehouseman. He received a receipt which he sold to a grain dealer. When the dealer presented the receipt and called for delivery of the grain the warehouse was empty. The dealer fell back on the farmer from whom he bought the receipt. The warehouseman was prosecuted, but that did not pay the farmer for his grain.

"A review of the storage losses of the past ten years," says the department, "shows that in practically all cases the losses would never have occurred, if the warehouseman had been operating under the United States warehouse act.

"Application for license under the law must be made to the Secretary of Agriculture, Washington, D. C. The warehouse and the operator are investigated, and the warehouseman is required to file a bond before a license is granted. After licensing, the warehouse and its accounts are inspected periodically to show whether the requirements of the act are being met, especially to make certain that the products covered by receipts are actually in the warehouse.

The law is not compulsory, and applications must come voluntarily from warehousemen.

A printed circular which describes how the law functions and the benefits to be gained under it has been published by the Department of Agriculture for free distribution. Ask for Miscellaneous Circular No. 51, entitled "The Farmer and the United States Warehouse Act."
