Based on the story, "The Outlaw"

The story is replete with adventurous moments and terrific action. In transcribing the novel to the screen, the activity of the plot has been greatly enhanced. Buck is just the kind of man you would imagine the hero to be. He is rugged, lives and breathes the great outdoors, and conducts himself like a true westerner. The big Fox star's forte is performing hazardous deeds. The present story gives him ample opportunity to wade literally through perilous ventures. There are fights aplenty—hard fast rides—more fights.
