

STEIWER

Republican
For
U. S. SENATOR

The strongest opposition to Fred Steiwer is found in the democratic party. Democratic politicians and newspapers brand Steiwer as an enemy of the direct primary. They cry "conspiracy" and seek to lead people to believe that Steiwer would abolish the direct primary. Nothing is further from the truth. Steiwer's enemies are doing everything in their power to shatter the great strength of public approval that is back of Steiwer. They fear him. They know they cannot defeat him in the general election.

Steiwer will be a credit to Oregon in the United States Senate. He is clean, energetic, capable and aggressive. His record as a public official is flawless.

The Lumber You Need

If you are planning alterations or additions to your building, let us give you an estimate on the Lumber needed. You will be pleasantly surprised at the reasonable total we will quote.

Wood and Coal Fence Posts

Tum-A-Lum Lumber Co. Main Street, Athena

May 10, 1904

Archie McIntyre returned Saturday from his homestead near Pilot Rock and has resumed his duties as bookkeeper for the Athena Mercantile company. Mrs. McIntyre will remain on the ranch for some time yet. Mrs. Jacob Nelson had the misfortune to lose her driving horse Sunday morning. While driving to catch him, he was run into a corner, when he jumped the fence and fell on a stake which penetrated his side, killing him instantly. This is the second horse Mrs. Nelson has lost within the year.

Frank Berlin was in town yesterday with his head bandaged, as the visible effects of a kick from a vicious horse, in his barn last Saturday. The animal was tied, and Frank mistaking too much to its good nature, got too near its heels, when he got it in the back of the head and on the leg. Dr. Botkin dressed the wound.

By special request the play, "My Friend From India," will be reproduced in this city during the Caledonian picnic, and Friday evening, May 27 is the date selected for the production. Mr. Dupuy announces that new songs and specialties will be given in connection with the play.

Mrs. N. S. Averill with her family will leave soon for Alberta, Canada, where they will make their home in the future.

Walter Shipworth, of The Dalles, will deliver a speech on local option, tonight, in the auditorium of the Methodist church.

Mrs. Robert Tharp, who recently had her arm broken, is out again, her injury recovering very rapidly under the care of Dr. Plamondon.

S. S. Parris is of the opinion that his wheat crop is not injured to any great extent by the recent frost. Some of his fruit trees are severely damaged.

J. E. Froome's new brick building which will be completed in a few days, is the first business house in Athena to be wired for electricity. The upper portion contains six fine rooms and as an annex to the St. Nicholas hotel will be fitted up for sleeping apartments.

Fred Lockley, of the East Oregonian was in town yesterday soliciting subscribers to his paper.

Maurice Hill will visit his brother at Elgin, Wallawa county, as soon as school closes.

GOOD HORSES AND MULES ARE AGAIN IN DEMAND

Any general belief that the horseless vehicle and the horseless plow have supplanted "old Dobbin" and his cousin, the mule, would not find support at the world's largest horse and mule market at East St. Louis, Illinois.

The demand for saddle horses is as great as it has been at any time in the last 50 years. Stockmen assert there also is an increasing demand for commercial horses and farm mules. Furthermore, prices of mules and certain types of horses are advancing and there is an actual shortage on the market.

The value of business transacted last year "in the ring" at the East St. Louis barns was estimated at \$9,000,000, representing 65,432 head of horses and mules. This was an increase of 1324 head over 1924. The outlook this year is for greater trading.

Farm mules are still being used in preference to tractors throughout the south and in many northern and western states, dealers say. The increased demand for commercial horses is attributed to large business concerns in cities having discovered that use of horses for short hauls is more economical than trucks.

The principal displacement of horses has been by passenger automobiles.

CATTLE RUSTLERS BUSY

Cattle rustling in the foothills of Klamath and Lake counties has cost stockmen thousands of dollars in the last few months and was the incentive for a meeting of peace officers. Bands of thieves working from Bend, in central Oregon, to Alturas, in northern California, have been killing and butchering stock on the range and apparently disposing of their stolen beef in some as yet unknown market.

Stanfield Fighting to Develop Resources of Oregon

U. S. Senator Robert N. Stanfield maintains that the natural resources of Oregon belong to the people of Oregon, and he is leading the fight to establish Oregon's right to use the revenues from these resources to develop the state and materially reduce taxes.

Grazing Bill Entering Wedge
Stanfield's Grazing Bill, which has been unanimously recommended for passage by the Senate Committee on Public Lands (Stanfield, Chairman), is the first step toward restoring control to Oregon of the revenues from its resources. Secretary Work, Department of the Interior, pronounces the bill "a constructive measure which will result in definite and positive benefits to the livestock industry, and will permit the use of the public lands by both small and large livestock raisers."

Stanfield for Port and Shipping
U. S. Senator McNary wired Bert Anderson, republican county chairman of Jackson County, on May 4:

"Senator Stanfield, chairman of the Senate Public Lands Committee, has conducted hearings and given much of his time to Oregon and California grant lands tax bill. I AM ASSISTING HIM IN EVERY WAY I CAN. I am busy assisting in the hearings before the Senate Commerce Committee on the attempted sale of the Oriental line by the Shipping Board to the Dollar interests. SENATOR STANFIELD IS ASSISTING ME IN EVERY WAY HE CAN."

Stanfield Comes to Rescue of the Farmer
The passage of the emergency tariff bill on May 27, 1921, placing protective duties on 28 of the principal farm products, was due largely to the insistent efforts of Senator Stanfield.

On May 20, 1921, the Stanfield bill was introduced for financial relief of agricultural banks and loan companies, through the War Finance Corporation. The main features of this measure became law as a part of the Norris bill August 24, 1921, and Oregon banks, trust and loan companies that serve agriculture received \$6,696,000 under its terms.

Working for Oregon's Reclamation Projects
Senator Stanfield favors active continuation of the reclamation of Oregon's arid lands until every irrigable acre is reduced to cultivation and production. He is working in full accord with his colleague, Senator McNary, Chairman of the Senate Committee on Irrigation, and with Representative Sinnott, Chairman of the same committee in the House, in reclamation legislation. The Oregon Senators won out in their contention that financial aid to settlers should be provided by the Government and the Interior Department, in March 1926, agreed to use \$500,000 of the reclamation fund for the purpose of making experimental loans to settlers on certain selected projects over a period of three years.

STANFIELD'S HIGH RANK ON SENATE COMMITTEES HELPS OREGON. IT WOULD TAKE YEARS FOR A NEW MAN TO ATTAIN HIS RANK IN THE SENATE.
