Fantastic Titles Given to Court Favorites

Among the whimsical titles which appear on the pages of national history few are more apparently frivolous than the duke of Marmalade, the count of Lemonade and the earl of Brandy. They are, or were, however, real titles bestowed by a genuine monarch on three favorites during the last century.

In 1811 a revolution occurred in Haiti, and Christophe, a negro, declared himself emperor. Through conspiracy and plot he retained power until 1820, preserving to the last the appearance of a royal court and creating numerous nobility.

Among them were the three mentioned; and far from being instances of the frivolity of the African character, they were names of places, the first two being originally plantations, but latterly towns of some importance.

Good Reason for Returning

Commodore Albert B. Arncliffe of the British navy, in his book, "Cadet to Commodore," gives the following glimpse of the explorer Shackleton in the role of a reporter: "Shackleton and some of his comrades joined the Isis in Port Said on their homeward journey after his wonderful dash for the pole. He was cheery and full of vim as ever. The publisher of his book, 'The Heart of the Antarctic'—a copy of which he sent to me—several reporters, and Italian officials met him. I took him to see my home, and then to our agency, where he composed a number of telegrams. He wanted, so he said, a 'catchword.' He walked up and down the room, muttering several phrases to himself. 'I've got it at last,' he cried, 'Death lay ahead and food behind, so I had to return.'"

THE VOICE OF THE LIBERTY BELL

This is one of the two new official posters of the Sesqui-Centennial International Exposition, opening in Philadelphia June 1 to celebrate 150 years of American Independence. The Exposition will continue to December 1. Dan Smith, the artist, has symbolized the epoch in history which the tolling of the Liberty Bell in Independence Hall, July 4, 1776, marked and has depicted the growth of the United States from the original thirteen states, represented by the thirteen stars which emerge from the mouth of the Liberty Bell.
