Avoid the Rush For War Risk Insurance

Expiration For War Insurance as Set is July 2.

Urging World War veterans of this community and state to avoid the inevitable last-minute rush of war-risk insurance re-instatement, Kenneth L. Cooper, Portland Regional Manager of the U. S. Veterans' Bureau is giving last minute warning that July 2 of this year is the last day that government insurance will be available. He asks that those entitled to government policies, by reason of having had war insurance, take action in this matter at the earliest possible moment in order that every applicant may be taken care of.

"The expiration date set by Congress for reinstatement of war insurance is only about one week off," said Mr. Cooper. "There are hundreds of ex-service men in this state who intend to take advantage of this government benefit before July 2, as shown by requests for blanks and forms. Action should not be delayed until the last minute. There is bound to be a rush of applicants during the last two or three days. Therefore, it is urged that action on this matter be taken now."

"The privilege of converting term insurance, now held by thousands of veterans throughout the country, into the five-year level-premium or one of the permanent government policies is also limited to July 2. Six forms of endowment and life policies are available. The fact the private insurance companies highly endorse these policies show their value. Veterans who are hesitating to re-instate because of financial reasons should consider the five-year policy which allows conversion to a permanent policy at a later date."

Application blanks and instructions may be secured from the local Red Cross chapter, American Legion post or by letter from the Regional Office of the Veterans' Bureau, Wood-Lark Building, Portland, Oregon.

Soviet Makes Numerous Demands.
Moscow.—M. Litvinoff, replying to the recent Polish note, which expressed regret for the assassination of M. Vokkoff, soviet minister at Warsaw, makes numerous demands in behalf of the soviet government. The Polish government is requested to take necessary measures to investigate fully the assassination of the envoy, all the ramifications of the plot leading thereto, and to impose strict punishment on the guilty, especially the actual assassin.

Lindy Endorses the Air Derby Race Will Be Starter

Colonel Charles A. Lindbergh has endorsed the proposed national air derby from New York to Spokane, Washington, September 19 to 21 and said he would consider an invitation to act as official starter for the national air races at Spokane September 23 and 24.

Major John T. Fancher, managing director of the National Air Derby Association of Spokane, Washington, said Colonel Lindbergh told him he would "look upon the invitation with a great deal of favor as it is right in line with the work I am most interested in."

In a letter to Major Fancher, Colonel Lindbergh wrote:

"I am very glad, indeed, to say that such events as the National Air Derby from New York to Spokane, September 19 to 21, 1927, are a great aid to the cause of commercial aviation, and I sincerely hope that the national air derby will meet with all the success that it deserves."

Spokane has put up \$50,000 in cash prizes for the derby and other races.

The Standard Theatre Picture Program

For tomorrow night the Standard Theatre offers Ronald Colman and Vilma Banky in "The Dark Angel," Samuel Goldman's picturization of the spectacular stage play. Miss Banky was brought from Europe to appear in this photoplay, and has since remained in the United States playing before the screen.

Sunday night an all-star cast will present the First National picture, "Enticement," a whale of a drama with a fine plot and superb settings.

Wednesday shows have been discontinued until a series of special productions can be booked for mid-week showings.

Where Husbands Need to Watch Their Step

Another reason for not yielding to the temptation of living in a Serbian town called Velik Kikinda has been produced in the Italian press.

It seems that, instead of forming a sewing circle, the wives of this light-hearted community banded together in a secret association under the name of Santa Lucrezia, founded in honor of the redoubtable Lucrezia Borgta, with the worthy purpose of poisoning their husbands, fiancés, and suitors.

From across the frontier—though which frontier the Italian paper does not say—they procure strong poisons, which are unobtrusively slipped into their husbands' food or drink.

As soon as the existence of the secret society became public, many husbands and prospective husbands left town. The Italian paper advises them not to let civic pride in next year's census returns prevent them from forming a Santo Bluebeard or Santo Landru lodge and going to it.

Close Nestucca To Commercial Fishing

Oregon Sportsmen's Association Asks the Voters to Support Measure.

The Oregon Sportsmen's Association gives the following reasons why voters should vote 322 x yes, "I vote for the proposed law" at the special election June 23, on the Nestucca river closing bill.

"Nestucca belongs to entire State, more valuable for recreational stream than for net fishing, accessible to people of northwestern part of state more accessible with completion of Roosevelt Highway.

"Outdoor life, one of state's most valuable assets.

"Everyone in state profits when thousands of people come to fish.

"Nestucca one of greatest tourist attractions—Chinooks in spring and summer, Silversides in fall, Steelheads in late fall and winter, trout at all seasons, open year round for ten miles or more.

"Southern Oregon recognizes value of Rogue—One party (Zano Grey) spent \$1500 in Grants Pass in 1925. Maine values its recreational resources at \$60,000,000 annually, Colorado and Michigan \$100,000,000 annually each, California values her tourist traffic at \$400,000,000 annually.

"Nearly 400,000 people came to Oregon in 1926 by auto.

"Net fisherman will utterly destroy stream for recreational and commercial purposes as well.

"Catch is growing less, 100,000 pounds less in 1926 than year before.

"Cannery built when fish plentiful now rotting on shore of Nestucca Bay, now in disuse.

"Keep nets out of smaller coast streams and never failing rim of fish from sea will keep them supplied for all time, providing an attraction that will afford sport for Oregon residents and lure thousands from outside.

"In no other state or country is net fishing permitted in streams of this size.

"Only handful of net fisherman affected by closing.

"Entire state interested in maintaining it as a sportsmen's stream.

"People cross continent to fish in Willamette.

"People cross Atlantic to fish in Rogue.

"Abolish net fishing and Nestucca will be just as famous.

"Farmers and residents of Tillamook county especially profit by net abolishment.

"Oregon spending 13,000,000 to build Roosevelt highway.

"Costs state more to enforce law than it obtains from poundage fees and licenses, less than \$3000.

A corn and apple show is to be an usual feature at a bank in Baltimore county, Maryland. Another banker as been able to get his county thinking corn," over 500 farmers planting improved corn. Many others in the state are giving more support and funds to this work
