Oregon Industries Will Be Shown In Movies

Washington.—Methods of prune growing and flax cultivation in Oregon will be the subjects of new "educational movies" to be filmed by the bureau of agriculture.

Officials of the bureau have granted the request of Senator McNary that both those agricultural topics be made the subject of motion pictures, in order that farmers throughout Oregon and other states may study them.

McNary has had urgent calls from Oregon for films showing the best methods of range and flock management for production of beef cattle and sheep, and movies on those subjects are being distributed in the west. Another film of Oregon interest deals with co-operative marketing of Pacific coast eggs.

Mrs. H. B. Nelson and Mrs. Baker, mother of Postmaster M. A. Baker of Weston, were calling on Athena friends yesterday.

Parker & Lane are on a deal to sell their barber shop. A couple of gentlemen, recent arrivals from Kansas, are negotiating for the shop.

J. F. Zerba was seriously injured yesterday while engaged in operating a lever on his plow. In releasing the lever it flew up with much force, striking him in the side. On examination Dr. Sharp found two broken ribs.

Among the real estate transfers reported this week are A. L. Jones of Athena to A. B. McEwen, of the same place, for \$700, lot 10, block 9, in Athena. Leah Mansfield to Elizabeth Jones, both of Athena, for \$500, lot 11, block 9, in the city of Athena.

Saturday afternoon the children of the Baptist Sunday school were given a grand treat in a straw ride. A four horse team was hitched to a wagon on which was a hay rack, well filled with straw, on which were seated the happy children, to the very limit of its capacity.

Marshal Gholson gave his watch a bath this morning. While flushing out the gutters on Main street the watch dropped from his pocket into the water and after some time spent in hunting it was located near the entrance to the culvert at the intersection of Third and Main.

Rev. and Mrs. Geo. T. Ellis left last evening for Baker City for a two weeks' stay. The ladies of the Baptist Missionary society will hold services in the Baptist church next Sunday morning and there will be no service in the evening. Mr. Ellis will be home for the following Sunday.

Four persons, formerly residents of this city, were in the California earthquake. C. W. Hollis and family reside in Oakland, Reed Hill is at San Jose, Mrs. Fleming, formerly Mrs. W. H. Hawes is in Santa Rosa, and also Mrs. Dr. G. W. King formerly lived there but it is not known whether she is there at present or not. Various Athena people have friends in the stricken district.

What will probably be the fastest game of ball in the Inland Empire this season will be played on the Athena grounds tomorrow afternoon, commencing at 2:30 p. m., when Matt Stanley's Spokane team of the Northwest league, known as the "Indians," will attempt to carry away the scalps of the Yellow Kids. Sunday the two teams play in Pendleton, the lineup being practically the same except pitchers. Tomorrow Osburn or Marquis will be on the rubber for the Kids, and Sunday at Pendleton either Butler or Willard will shove the puzzles over. It is conceded that Spokane has the strongest team in the Northwest league, but the Kids will make the "Indians" go some to win.
